Top Performing Credit Unions Recognized by Raddon

October 23, 2020

Twenty-two industry standard-setting credit unions receive Crystal Performance Awards

SCHAUMBURG, Ill., October 23, 2020 – Raddon®, a Fiserv company and provider of innovative research, insightful analysis and strategic guidance to financial institutions, has announced the 2020 winners of its Crystal Performance Awards. Twenty-two credit unions received the award this year, in two categories based on asset size. These institutions are among the top three percent of performers analyzed by Raddon.

“We have worked with Raddon to understand and improve our performance over the years, holding ourselves accountable to industry standard benchmarks to better serve our members,” said Bill Anderson, president and CEO of Mid Oregon Credit Union. “We have high regard for this award and our prestigious fellow best-of-class credit unions.”

Each recipient credit union was selected based on an analysis of key performance metrics focused on service, member relationships, sales and other areas as observed within the Performance Analytics program from Raddon.

“The Crystal Performance Awards are a measure not just of the success of individual credit unions, but of the entire industry,” said Bill Handel, general manager and chief economist of Raddon. “As the industry continues to adapt and embrace new ways of delivering financial services, these institutions have, year after year, broken barriers and delivered outstanding performance on behalf of their members. Recognizing their success is a real positive for Raddon and our industry.”

This year’s winners are:

Crystal Performance Award winners, more than $500 million in assets:

- 3Rivers Federal Credit Union (based in Fort Wayne, Ind.)
- Coast Central Credit Union (based in Eureka, Calif.)
