

Fiserv Ranked No. 1 in IDC FinTech Rankings Top 100 For Third Consecutive Year

September 10, 2025

IDC Financial Insights ranks top enterprises worldwide serving the financial services industry

MILWAUKEE--(BUSINESS WIRE)--Sep. 10, 2025-- [Fiserv, Inc.](#) (NYSE: FI), a leading global provider of payments and financial services technology, today announced its first-place ranking on the 2025 IDC FinTech Top 100 Rankings for the third consecutive year. The recognition reinforces the firm's unique position as the only company operating at the intersection of banking and commerce and highlights the leading technology Fiserv is scaling globally to meet the needs of its client base.

"At Fiserv, our success is fueled through innovation and a deep commitment to delivering best-in-class technology and service to our clients," said Mike Lyons, Chief Executive Officer of Fiserv. "We're honored to lead the IDC FinTech Top 100 for a third consecutive year, a testament to the hard work of our associates who deliver for our clients on a daily basis."

The Fortune 500-style ranking categorizes and evaluates the top global providers of financial technology based on calendar year revenues from financial institutions for hardware, software, and services. These providers supply the technological backbone of the financial services industry, an industry in which IDC forecasts worldwide spending on IT to be \$775 billion (USD) by 2028

Serving nearly 10,000 financial institutions and 6 million business locations, Fiserv services touch nearly 100% of U.S. households. With leadership positions across acquiring, core account processing, issuer processing, digital banking, and account-to-account money movement, the company has created an ecosystem that enables clients of all sizes to transform their operations, enable differentiated experiences, and grow.

"Fiserv's continued growth has once again placed it atop our rankings as the largest technological service provider in the world," said Marc DeCastro, research director at IDC. "Through ongoing investment and innovation in its financial services and payment solutions, Fiserv provides its clients with the services necessary to meet the demands of today's consumers."

To thrive in a digital economy, financial services organizations must embrace and integrate innovative technology effectively to enhance the customer experience and achieve operational excellence. Fiserv and the enterprises featured on the IDC FinTech Rankings Enterprise Top 10 represent those organizations committed to helping financial services companies successfully execute their digital transformation initiatives for the betterment of their customers worldwide. IDC Financial Insights publishes a comprehensive report about the year's findings, available to view or download at www.idc.com/research/industry/fintech-rankings.
