PROXY STATEMENT

Solicitation of Proxies

This Proxy Statement is being mailed on or about February 17, 1997, to the holders of record as of February 3, 1997, of common stock, \$.01 par value per share ("Common Stock"), of Fiserv, Inc. (the "Company") in connection with the solicitation by the Board of Directors of proxies in the enclosed form for the Annual Meeting of Shareholders (the "Annual Meeting") to be held at the Company's offices, 255 Fiserv Drive, Brookfield, Wisconsin 53045, on March 20, 1997, and at any and all adjournments or postponements thereof. Pursuant to the Wisconsin Business Corporation Law, a shareholder may revoke a writing appointing a proxy either by giving notice to the Company in writing or in open meeting. Any shareholder giving a proxy has the power to revoke it at any time before it is exercised by (i) filing with the Secretary written notice thereof (Charles W. Sprague, Executive Vice President, General Counsel and Secretary, Fiserv, Inc., 255 Fiserv Drive, Brookfield, Wisconsin 53045); (ii) submitting a duly-executed proxy bearing a later date; or (iii) appearing at the Annual Meeting and giving the Secretary notice of his or her intention to vote in person.

The cost of solicitation of proxies by mail on behalf of the Board of Directors will be borne by the Company. Proxies also may be solicited by personal interview or by telephone, in addition to the use of the mail, by directors, officers and regular employees of the Company, without additional compensation therefor. The Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation materials for shares of Common Stock held of record by the beneficial owners of such shares. The Company will reimburse such holders for their reasonable out-of-pocket expenses.

Proxies solicited hereby will be returned to the Board of Directors, and will be tabulated by inspectors of election designated by the Board of Directors, who will not be employed by or a director of the Company, or any of its affiliates.

Purposes of Annual Meeting

The Annual Meeting has been called for the purposes of (i) electing two Directors to serve for a three-year term expiring in 2000; (ii) approving certain amendments to the Fiserv, Inc. Stock Option Plan (the "Plan"); (iii) approving the appointment of Deloitte & Touche LLP, Milwaukee, Wisconsin, as the independent auditors of the Company and its subsidiaries for the fiscal year ending December 31, 1997; and (iv) transacting such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

The persons named as proxies in the enclosed proxy have been selected by the Board of Directors and will vote shares represented by valid proxies. They have indicated that, unless otherwise specified in the Proxy, they intend to vote (i) to elect as Directors for their respective terms the nominees noted herein; (ii) for approval of the amendments to the Plan; and (iii) for approval of the appointment of Deloitte & Touche LLP, Milwaukee, Wisconsin, as the independent auditors of the Company and its subsidiaries for the fiscal year ending December 31, 1997. The Board of Directors has no reason to believe that any of the nominees will be unable to serve as a Director. In the event, however, of the death or unavailability of any nominee or nominees, the proxy to vote in favor of the election of such nominee or nominees will be voted for such other person as the Board of Directors may recommend.

The Company has no knowledge of any other matters to be presented at the Annual Meeting. In the event other matters are properly brought before the Annual Meeting or any adjournments or postponements thereof, the persons named in the proxy will vote in accordance with their best judgment on such matters.

Voting Securities

The Board of Directors has fixed the close of business on February 3, 1997, as the record date (the "Voting Record Date") for determining shareholders entitled to notice of and to vote at the Annual Meeting. On January 29, 1997, there were 45,359,963 shares of Common Stock outstanding and entitled to vote, and the Company had no other class of securities outstanding. All of these shares are to be voted as a single class, and each holder is entitled to one vote for each share held of record on all matters submitted to a vote of shareholders. The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, shall constitute a quorum for the transaction of business. A quorum being present, all matters, other than the election of directors, shall require the affirmative vote of a majority of the total votes cast in person or by proxy in order to be approved. Directors will be elected by a plurality of votes cast at the Annual Meeting. Abstentions will be included in the determination of shares present and voting for purposes of determining whether a quorum exists. Broker non-votes will not be so included. Neither abstentions nor broker non-votes are counted in determining whether a proposal has been approved. In the event there are not sufficient votes for a quorum or to approve or ratify any proposal at the time of the Annual Meeting, the Annual Meeting may be adjourned or postponed in order to permit the further solicitation of proxies.

Matter 2. Approval of Amendments to the Fiserv, Inc. Stock Option Plan

Description of Proposed Material Amendments to the Plan

On February 11, 1997, the Board of Directors of the Company adopted, subject to shareholder approval at the Annual Meeting, amendments to the Fiserv, Inc. Stock Option Plan (the "Plan") that, among other things, will (i) provide that the Plan be administered by "Non-Employee Directors" (within the meaning of Rule 16b-3 promulgated under the Exchange Act) and (ii) eliminate mandatory grants of options to Non-Employee Directors.

Description of Material Features of the Amended Plan

The following summary of certain material features of the Plan, as it was amended, does not purport to be complete and is qualified in its entirety by reference to the text of the Plan, a copy of which is set forth as Exhibit A to this Proxy Statement. Unless otherwise indicated, all references are to the Plan as proposed to be amended.

Shares Subject to the Plan and Eligibility

The Plan authorizes the grant of options to purchase shares of Common Stock (subject to adjustment as provided below) to employees (including officers and directors who are employees) and Non-Employee Directors of the Company. Upon expiration, cancellation or termination of exercised options granted under the Plan, the shares of Common Stock subject to such options will again be available for the grant of options under the Plan. As of December 31, 1996, all four Non-Employee Directors of the Company and all employees of the Company were eligible to participate in the Plan. The shares of Common Stock to be issued by the Company upon the exercise of options by optionees may be acquired either through open market purchases by the Company, or issued from authorized but unissued shares of Common Stock.

As of December 31, 1996, options to purchase 2,601,300 shares of Common Stock were granted under the Plan and a total of 4,035,000 options were available for granting under the Plan.

Type of Options

Options granted under the Plan may be either incentive stock options ("ISOs") within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-qualified stock options which do not qualify as ISOs ("NQSOs"). ISOs, however, may only be granted to employees.

Administration

The Plan is administered by a committee of the Board of Directors (the "Committee") consisting of at least two members of the Board, each of whom is a Non-Employee Director, and also an "outside director" within the meaning of Section 162 (m) of the Code. The Committee members currently are those persons listed as comprising the Compensation Committee on Page 11.

On May 31, 1996, the Commission adopted the final revisions to the rules and forms promulgated under Section 16 of the Exchange Act (the "Final Section 16 Rules") which govern the reporting obligations and short-swing profit liability of statutory insiders of public companies. Under the former Section 16 rules, one of the requirements was that administration of stock plans be "disinterested" in order to exempt transactions thereunder from short-swing profit liability. This requirement has been eliminated under the Final Section 16 Rules, and now one method of exempting option grants from short-swing profit liability is for each grant to be approved in advance by either the entire Board or a committee of two or more "Non-Employee Directors" (as defined under the new rules). Accordingly, to comply with the Final Section 16 Rules and ensure future option grants to participants subject to Section 16 are exempt from short-swing profit liability, the Plan, as amended, provides for general administration by a committee of Non-Employee Directors, with grants to Non-Employee Directors to be approved by the full Board of Directors and grants to participants other than Non-Employee Directors to be approved by the committee of Non-Employee Directors.

Among other things, the Board of Directors (with respect to grants to Non-Employee Directors) and the Committee (with respect to grants to

participants other than Non-Employee Directors) are empowered to determine in accordance with various Plan provisions: (i) the persons to whom options are granted; (ii) the times on which options are granted; (iii) whether an option will be an ISO or an NQSO; (iv) the number of shares of Common Stock subject to a particular option and the option price therefor; (v) the term of each option; (vi) the time and conditions under which an option may be exercised in whole or in part; (vii) the form of consideration that may be used by the optionee to purchase shares upon exercise of any option; (viii) whether shares issued upon the exercise of an option are subject to certain restrictions or to repurchase by the Company; (ix) the fair market value of shares of the Common Stock; and (xii) any other terms and conditions of the option not otherwise inconsistent with the provisions of the Plan. The Committee is also authorized to interpret the terms of the Plan and to adopt regulations relating to the Plan that are not inconsistent with the terms of the Plan. The determination of the Committee with respect to such matters is final and conclusive.

Terms and Conditions of Options

Options granted under the Plan are subject to, among other things, the following terms and conditions:

(a) The option price of an option shall be fixed by the Committee in the case of grants to participants other than Non-Employee Directors and the full Board with respect to grants to Non-Employee Directors, except that in the case of an ISO, the option price cannot be less than the fair market value of the shares subject to the option on the date it is granted (110% of such fair market value if the optionee owns or is deemed to own more than 10% of the voting power of the Company's shares).

(b) Options are not transferable during the optionee's lifetime, and during his or her lifetime may only be exercised by the optionee.

(c) Options may be granted for terms determined by the Committee in the case of grants to participants other than Non-Employee Directors and the full Board with respect to grants to Non-Employee Directors, except that the term of an ISO may not exceed 10 years (five years if the optionee owns or is deemed to own more than 10% of the voting power of the Company's shares).

(d) Appropriate arrangements may be specified with respect to any federal, state, local or other tax withholding which is required in connection with the options.

(e) The maximum number of shares for which options may be granted to any person in any fiscal year is 300,000. The aggregate fair market value of shares with respect to which ISOs may be granted to an employee which are exercisable for the first time during any calendar year may not exceed \$100,000. Any option granted in excess of such amount is treated as an NQSO.

(f) No fractional shares of Common Stock may be exercised or acquired under the Plan.

The Plan previously provided that every Non-Employee Director be granted an option to purchase 250 shares of Common Stock immediately following every meeting of the Board of Directors which he or she attended. In addition, the Plan provided that immediately following each annual meeting of shareholders at which a Non-Employee Director was elected, such Non-Employee Director was to be granted an option to purchase 10,000 shares of Common Stock. The Committee did not have any discretion with respect to the selection of Non-Employee Directors to receive option grants, or the amount, price, terms or timing with respect to such grants. The exercise price of all such options granted to Non-Employee Directors was required to be equal to the fair market value of the shares of Common Stock subject to the grant on the date of grant, the term of such options was to be 10 years, and the options were to be subject to a five-year vesting period from the date of grant (with 20% of the grant vesting on the first anniversary of the date of grant and 20% vesting on each subsequent anniversary for the following four years). In addition, the Plan provided for immediate vesting if a Non-Employee Director was terminated as a director within 36 months following a change of control of the Company, and such option grants were to expire within 30 days after an individual ceased to serve as a Director of the Company or were to terminate immediately if a Director was terminated for cause.

These provisions constituted "formula award" guidelines and were included in the Plan in order to ensure that the Plan qualified for granting options to Non-Employee Directors which were exempt under the former Section 16 short-swing profit rules and regulations. Under the Final Section 16 Rules, awards to Non-Employee Directors are no longer subject to the "formula plan" restrictions of the old Section 16 rules. Therefore, the Plan, as amended, provides for grants to Non-Employee Directors, the amount, terms and conditions of which are to be determined by the entire Board of Directors.

Adjustments in the Event of Capital Changes

In the event the number of shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares

of stock or other securities of the Company through reorganization, merger or consolidation, recapitalization, stock split, split-up, combination, exchange of shares, declaration of any Common Stock dividends or similar events, the number and kind of shares of stock and the option price per share subject to the unexercised portion of any option, the number and kind of shares of stock subject to the Plan and the maximum number of shares which may be granted to a person in any fiscal year is to be appropriately adjusted by the Board of Directors.

Duration and Amendment of the Plan

No ISO may be granted under the Plan after February 27, 2006. The Board of Directors may amend the Plan from time to time, except that without shareholder approval no amendment may increase the maximum number of shares with respect to which options may be granted under the Plan (except in the case of the events for which adjustment authority has been granted to the Board of Directors as described above), materially increase the benefits accruing to optionees under the Plan, change the eligibility requirements for optionees or make any change for which applicable law requires shareholder approval.

Federal Income Tax Treatment

The following is a general summary of the federal income tax consequences under the current tax law of NQSOs and ISOs. It does not purport to cover all the special rules, or the state or local income or other tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of the underlying shares. An optionee will not recognize taxable income for federal income tax purposes upon the grant of an NQSO or ISO.

Upon the exercise of an NQSO, the optionee will recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares acquired on the date of exercise over the option price thereof, and the Company will generally be entitled to a deduction for such amount at that time. If the optionee later sells shares acquired pursuant to the exercise of an NQSO, he or she will recognize long-term or short-term capital gain or loss, depending on the period for which the shares were held. Long-term capital gain is generally subject to more favorable tax treatment than ordinary income or short-term capital gain.

Upon the exercise of an ISO, the optionee will not recognize taxable income. If the optionee disposes of the shares acquired pursuant to the exercise of an ISO more than two years after the date of grant and more than one year after the transfer of the shares to him or her, the optionee will recognize long-term capital gain or loss and the Company will not be entitled to a deduction. However, if the optionee disposes of such shares within the required holding period, all or a portion of the gain will be treated as ordinary income and the Company will generally be entitled to deduct such amount.

In addition to the federal income tax consequences described above, an optionee may be subject to the alternative minimum tax.

The affirmative vote of a majority of the shares represented in person or by proxy at the Annual Meeting is required for approval of the above described amendments to the Plan. Unless otherwise specified, the proxies solicited hereby will be voted in favor of the above proposal.

The Board of Directors recommends that shareholders vote FOR the amendments to the Plan.

Matter 3. Appointment of Auditors

The Company's independent auditors for the fiscal year ended December 31, 1996, were Deloitte & Touche LLP, Milwaukee, Wisconsin. The Board of Directors of the Company has recommended that Deloitte & Touche LLP be reappointed to perform the audit of the Company's financial statements for the fiscal year ending December 31, 1997. A representative of Deloitte & Touche LLP is expected to be present at the meeting with an opportunity to make a statement if so desired and to answer appropriate questions with respect to that firm's audit of the Company's financial statements and records for the fiscal year ended December 31, 1996.

The affirmative vote of a majority of the shares represented, in person or by proxy, at the Annual Meeting is required for approval of the appointment of Deloitte & Touche LLP as the Company's independent auditors. Although shareholders are not legally required to approve the appointment of the Company's auditors, the Company nonetheless has traditionally permitted shareholders to approve the appointment. In the event this proposal is not approved, the Board of Directors will re-evaluate its recommendation. Unless otherwise specified, the shares of Common Stock represented by the proxies solicited hereby will be voted in favor of the above proposal.

The Board of Directors recommends that shareholders vote FOR the proposal to reappoint Deloitte & Touche LLP as the Company's independent auditors.

Meetings of the Board of Directors and Committees of the Board of Directors

The Board of Directors held four regular meetings during fiscal 1996. During fiscal 1996, each director attended at least 75% of the meetings of the Board of Directors and committees of the Board of Directors ("Committees") held during his or her tenure as a director or Committee member. The Board of Directors has standing Compensation and Audit Committees.

The Compensation Committee evaluates the performance of the Company's executive officers, approves executive officer compensation and reviews management's recommendations as to the compensation of other key personnel, acts as the nominating committee for officers and directors and makes recommendations to the Board of Directors regarding the types, methods and levels of director compensation, administers the compensation plans for the officers, directors and key employees, and discharges certain other responsibilities of the Board of Directors when so instructed by the Board. The members of the Compensation Committee are Messrs. Levy (Chairman) and Seidman, and Ms. Shackelford. The Compensation Committee held one meeting during the year ended December 31, 1996.

The Audit Committee reviews the scope and timing of the audit of the Company's financial statements by the Company's independent public accountants and reviews with these accountants the Company's management policies and procedures with respect to auditing and accounting controls. The Audit Committee also reviews with the independent accountants the financial statements, auditor's reports and management letter of the independent accountants. The Audit Committee reviews and evaluates Conflict of Interest statements and discharges certain other responsibilities of the Board of Directors when so instructed by the Board of Directors. The members of the Audit Committee are Messrs. Levy (Chairman) and Seidman, and Ms. Shackelford. The Audit Committee held one meeting during the fiscal year ended December 31, 1996.

Compensation of Directors

Directors who are officers or employees of the Company receive no compensation for service as members of the Board of Directors of the Company or for service on committees of the Board of Directors. A director who is not an officer or employee of the Company receives an annual fee of \$12,000 for service on the Board of Directors of the Company, plus \$1,000 for attendance at Board of Director meetings. In addition, each outside director is granted 10,000 stock options, at fair market value, upon election to each new three-year term and 250 stock options for attendance at Board of Director meetings. The options granted may be exercised 20% per year and expire 10 years from the date of the award. If the proposal to amend the Plan is approved by shareholders, the mandatory formula awards to outside directors will be eliminated and the entire Board shall determine the amount, timing and terms of any options granted to outside directors in the future.

These amounts represent certain assumed rates of appreciation only. Actual gains, if any, on stock option exercises are dependent upon the future performance of the Common Stock and overall market conditions. There can be no assurance that the amounts reflected in this table will be achieved.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors is responsible for establishing compensation for the Company's Chief Executive Officer, President and Chief Operating Officer and its Senior Executive Vice President and Chief Financial Officer (the Executives). In so doing, the Committee has developed and implemented compensation policies and programs which seek to enhance the long-term profitability of the Company, thereby contributing to the value of shareholders' investment.

In addition to annual cash compensation, the Committee establishes criteria pursuant to which the Executives may also qualify for the award of options to acquire the Company's common stock at a price equal to market value on the date of grant. Awards are based 75% on growth in earnings per share (EPS) and 25% on revenue growth. If the revenue growth percentage exceeds that for EPS, the EPS growth percentage will replace the revenue growth percentage in determining awards. The range of growth used to calculate awards is from 10% to 25% and the maximum annual award to any executive is 300,000 shares.

Mr. Dalton's 1996 Compensation. Compensation for the Chief Executive Officer aligns with the philosophy and practices discussed above for the other senior executive officers. At the beginning of each year, the Compensation Committee sets a target bonus amount for the Chief Executive Officer. For 1996, as in 1995, Mr. Dalton's performance goals were established based on strategic and financial measurements, including a target level of earnings per share and implementation of the Company's acquisition and internal growth strategies. Of these factors, the Company's target level of earnings per share carried a significantly greater weight than the aggregate weight assigned to the remaining factors. Based on the evaluation, the Compensation Committee awarded an incentive payment of 16% of Mr. Dalton's compensation level for 1996.

The Compensation Committee awarded Mr. Dalton stock options in accordance with the criteria described above for other senior executives.

Based upon the Company's performance over the past five years when compared to companies comprising the S&P 500 and its S&P industry group, it appears that the level of executive compensation is commensurate with that which is being paid to senior executives by other companies in similar businesses.

Section 1. Purpose. The purpose of the Fiserv, Inc. Stock Option Plan (the "Plan") is to promote the interest of Fiserv, Inc. (the "Company") and its Subsidiaries (the Company and each such Subsidiary being herein each referred to as a "Fiserv Group Company") by (a) providing an incentive to employees, and to directors who are not employees, of the Fiserv Group Companies which will attract, retain and motivate persons who are able to make important contributions to the Company's growth, profitability and long-term success, and (b) furthering the identity of interests of the Optionees with those of the Company's shareholders through stock ownership opportunities. Options to be issued under the Plan may be "incentive stock options" as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or "non-qualified stock options" ("NQSOs"), which do not qualify as "incentive stock options" ("ISOs"), but the Company makes no representation or warranty as to the qualification of any Option as an incentive stock option under the Code.

held as treasury stock as the Board of Directors may determine. In the event that any outstanding Option expires or is canceled or terminated for any reason, the shares allocable to the unexercised portion of such Option may again be subject to an Option granted under this Plan.

- 5.3 The Committee shall be authorized to interpret the Plan and may, from time to time, adopt such rules and regulations, not inconsistent with the provisions of the Plan, as it may deem advisable to carry out the purpose of this Plan.
- 5.4 The interpretation and construction by the Committee of any provision of the Plan, any Option granted hereunder or any option agreement evidencing any such Option shall be final and conclusive upon all parties. Any controversy or claim arising out of or relating to the Plan or any Option shall be determined unilaterally by the Committee, whose determination shall be final and conclusive upon all parties.
- 5.5 Members of the Committee may vote on any matter affecting the administration of the Plan or any agreement or the granting of Options under the Plan.
- 5.6 All expenses and liabilities incurred by the Board of Directors (or the Committee) in the administration of the Plan shall be borne by the Company. The Board of Directors (or the Committee) may employ attorneys, consultants, accountants or other persons in connection with the administration of the Plan. The Company and its officers and directors shall be entitled to rely upon the advice, opinions or valuations of

any such persons. No member or former member of the Board of Directors (or the Committee) shall be liable for any action, determination or interpretation taken or made in good faith with respect to the Plan or any Option or agreement hereunder.

Section 6. Terms and Conditions of Options.

Subject to the Plan, the terms and conditions of each Option granted under the Plan shall be specified by the Committee (the Board of Directors with respect to grants to Non-Employee Directors) and shall be set forth in an option agreement between the Company and the Optionee in such form as the Committee shall approve. The terms and conditions of any Option granted hereunder need not be identical to those of any other Option granted hereunder.

The terms and conditions of each Option shall include the following:

- (a) The option price shall be fixed by the Committee, provided, however, that in the case of an ISO, the option price may not be less than the fair market value of the shares of Common Stock subject to the Option on the date the Option is granted, and provided, further, however, that if at the time an ISO is granted, the Optionee owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, any of its Subsidiaries or a Parent, the option price of such ISO shall not be less than 110% of the fair market value of the Common Stock subject to such ISO on the date of grant.
- (b) Options shall not be transferable otherwise than by will or the laws of descent and distributions, and during an Optionee's lifetime, an option shall be exercisable only by the Optionee or the Optionee's legal guardian.
- (c) The Committee shall fix the term of all Options granted pursuant to the Plan (including the date on which such Option shall expire and the conditions under which it terminates earlier), provided, however, that the term of an ISO may not exceed 10 years from the date such Option is granted, and provided, further, however, that if at the time an ISO is granted, the Optionee owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, any of its Subsidiaries or a Parent, the term of such ISO may not exceed five years from the date of grant. Each Option shall be exercisable in such amount or amounts, under such conditions, and at such times or intervals or in such installments as shall be determined by the Committee. The Committee may, in its sole discretion, establish a vesting provision for any Option relating to the time or the circumstances when the Option may be exercised by the Optionee.
- (d) In the event that any Fiserv Group Company is required to withhold any Federal, state or local taxes or other amounts in respect of any income realized by the Optionee in respect of an Option granted hereunder, in respect of any shares acquired pursuant to the exercise of an Option or in respect of the disposition of an Option or any shares acquired pursuant to the exercise of an Option, the Company may deduct (or require the Fiserv Group Company to deduct) from any payments of any kind otherwise due to such Optionee cash or with the consent of the Committee (in the stock option contract or otherwise) shares of the Company's Common Stock the aggregate amount of such Federal, state or local taxes and other amounts required to be so withheld. Alternatively, the Company may require such Optionee to pay to the Company in cash, promptly on demand, or make other arrangements satisfactory to the Company regarding payment to the Company of, the aggregate amount of any such taxes and other amounts.
- (e) The aggregate fair market value (determined at the time the Option is granted) of the shares of Common Stock for which an eligible employee may be granted ISOs under the Plan or any other plan of the Company, any of its Subsidiaries or a Parent which are exercisable for the first time by such employee during any calendar year shall not exceed \$100,000. Such limitation shall be applied by taking ISOs into account in the order in which they were granted. Any Option (or portion thereof) granted in excess of such amount shall be treated as an NQSO.
- (f) In no case may a fraction of a share be exercised or acquired pursuant to the Plan.

Section 7. Adjustments. In the event that, after the adoption of the Plan by the Board of Directors, the outstanding shares of the Company's Common Stock shall be increased or decreased or changed into or exchanged for a different number or kind of shares of stock or other securities of the Company through reorganization, merger or consolidation, recapitalization, spin-off, stock split, split-up, combination, exchange of shares, declaration of any dividends payable in Common Stock or the like, the number and kind of shares of stock and the price per share subject to the unexercised portion of any outstanding Option, the number and kind of shares of Stock subject to the Plan and the maximum number of shares which may be granted to a person in any fiscal year shall be appropriately adjusted by the Board of Directors, and such adjustment shall be effective and binding for all purposes of this Plan. Such adjustment may provide for the elimination of fractional shares which might otherwise be subject to Options without payment therefor.

Section 8. Effect of the Plan on Employment Relationship. Neither this Plan nor any Option granted hereunder shall be construed as conferring upon any Optionee any right to continue in the employ of any Fiserv Group Company or limit in any respect any right of any Fiserv Group Company to terminate such Optionee's employment at any time without liability, or to continue as a Non-Employee Director.

Section 9. Amendment of the Plan. The Board of Directors may amend the Plan from time to time as it deems desirable, provided, however, that, without the approval of the holders of a majority of the shares of Common Stock of the Company present, or represented, and entitled to vote at any meeting duly held in accordance with the applicable laws of the State of Wisconsin, the Board of Directors may not (a) increase the maximum number of shares of Common Stock for which Options may be granted under this Plan (other than increases due to adjustment in accordance with Section 7 hereof), (b) materially increase the benefits accruing to participants under the Plan, (c) change the eligibility requirements to receive Options hereunder or (d) make any change for which applicable law requires shareholder approval.

Section 10. Termination of the Plan. The Board of Directors may terminate the Plan at any time. No Option may be granted hereunder after termination of the Plan. No ISO may be granted under the Plan more than 10 years after the date on which the Plan was adopted. The termination or amendment of the Plan shall not alter or impair any rights or obligations under any Option theretofore granted under the Plan, without the consent of the Optionee.

Section 11. Effective Date of the Plan. This Plan (as amended and restated) will become effective on the date on which it is approved by the Board of Directors. This Plan (as amended and restated) is subject to approval by the holders of the majority of the shares of Common Stock of the Company present, or represented, and entitled to vote at the next meeting duly held in accordance with the applicable laws of the State of Wisconsin. No Option granted hereunder may be exercised prior to such approval, provided, however, that the date of grant of any Option shall be determined as if the Plan had not been subject to such approval.
