NOTICE OF SPECIAL MEETING OF SHAREHOLDERS
To be held December 30, 1997

To the Shareholders of
Hanifen, Imhoff Holdings, Inc.:

A special meeting of shareholders (the "Special Meeting") of Hanifen, Imhoff Holdings, Inc., a Colorado corporation ("Hanifen Holdings"), will be held on December 30, 1997, at 9:30 a.m., local time, at the Westin Hotel Tabor Center, 1672 Lawrence Street, Denver, Colorado 80202 for the following purposes:

1. To consider and vote upon a proposal to adopt and approve an Agreement and Plan of Merger dated as of September 30, 1997 (the "Merger Agreement"), among Fiserv, Inc., a Wisconsin corporation ("Fiserv"), Fiserv Clearing, Inc., a Delaware corporation ("Fiserv Clearing") and a wholly-owned subsidiary of Fiserv, and Hanifen Holdings. Pursuant to the Merger Agreement, (i) Hanifen Holdings will be merged with and into Fiserv Clearing, with Fiserv Clearing being the surviving corporation and remaining a wholly-owned subsidiary of Fiserv (the "Merger"), and (ii) each share of common stock, \$.01 par value per share, of Hanifen Holdings ("Hanifen Common Stock") outstanding immediately prior to the consummation of the Merger will be converted into the right to receive (a) such number of shares of common stock, \$.01 par value, of Fiserv ("Fiserv Common Stock") as shall equal the quotient of (A) the quotient of (I) 51% of the Hanifen Value (as hereinafter defined), divided by (II) the number of shares of Hanifen

Common Stock outstanding at the effective time of the Merger (the "Effective Date"), divided by (B) a number which is equal to the average closing price per share for Fiserv Common Stock as reported on the NASDAQ National Market (as reported in The Wall Street Journal)

for the 20 business days ending two business days prior to the Effective Date and (b) such amount of cash as shall equal the quotient of (A) 49% of the Hanifen Value, divided by (B) the number of shares of Hanifen Common Stock outstanding on the Effective Date. The "Hanifen Value" shall mean the sum of (i) the difference (positive or negative) between (A) the Final Stockholders' Equity (as defined in the Merger Agreement) and (B) \$30,000,000, plus (ii) \$97,200,000. A copy of the Merger Agreement is attached as Appendix A to the accompanying Proxy Statement/Prospectus.

2. To consider and vote upon a proposal to sell certain of the assets of Hanifen, Imhoff Inc. ("Hanifen Brokerage"), a wholly-owned subsidiary of Hanifen Holdings, to a new corporation formed by a group of current employees of Hanifen Brokerage for a purchase price of \$1,276,000, plus the adjusted net book value of the assets being acquired, plus the assumption of certain of the liabilities of Hanifen Brokerage. Hanifen Holdings has agreed to pay up to \$250,000 of the expenses incurred by the purchaser related to the formation and capitalization of the purchaser. The sale of the assets of Hanifen Brokerage is a condition to closing the Merger; therefore a vote against such sale will be a vote against the Merger.

1

3. To consider and vote upon a proposal to sell certain of the assets of Hanifen, Imhoff Investments, Inc. ("Hanifen Investments"), a wholly-owned subsidiary of Hanifen Holdings, on terms to be negotiated by Hanifen Holdings, (a) as to the interests of Hanifen Investments in Hanifen, Imhoff Mezzanine Fund, L.P. owned by Hanifen, Imhoff Capital Partners (a wholly-owned subsidiary of Hanifen Investments), to an unrelated third party, for a purchase price of \$1,760,000, and (b) as to the assets of Hanifen, Imhoff Investment Management Co. (a wholly-owned subsidiary of Hanifen Investments), to an entity to be formed by a group of current employees of Hanifen Investments, for a purchase price of \$500,000. The sale of the assets of Hanifen Investments is a condition to closing the Merger; therefore, a vote against such sale will be a vote against the Merger.
4. To transact such other business as may properly come before the Special Meeting or any adjournments or postponements thereof.

Holders of Hanifen Common Stock are entitled to dissenters' rights in connection with the Merger, as more fully described in the accompanying Proxy Statement/Prospectus. If holders of more than 5% of the outstanding Hanifen Common Stock exercise their dissenters' rights, the Merger will not be consummated, unless Fiserv waives such condition to closing.

The Hanifen Holdings' Board of Directors knows of no business that will be presented for consideration at the Special Meeting, other than the matters described in the accompanying Proxy Statement/Prospectus.

UNLESS THE PROPOSALS ARE APPROVED BY THE VOTE OF THE HOLDERS OF AT LEAST A MAJORITY OF THE OUTSTANDING COMMON STOCK OF HANIFEN HOLDINGS, THE MERGER WILL NOT BE CONSUMMATED.

Only holders of record of shares of Hanifen Common Stock at the close of business on November 12, 1997 are entitled to notice of and to vote at the Special Meeting and any adjournment or postponement thereof.

Shareholders may dissent from the Merger and obtain payment for their shares, as described in the accompanying Proxy Statement/Prospectus. A copy of Article 113 of the Colorado Business Corporation Act, which sets forth the right of dissenters, is attached to the Proxy Statement/Prospectus as Appendix B.

To assure that your vote will be counted, please complete, date and sign the enclosed proxy card and return it promptly in the enclosed prepaid envelope whether or not you plan to attend the Special Meeting. Your proxy may be revoked in the manner described in the accompanying Proxy Statement/Prospectus at any time before it has been voted at the Special Meeting.

By Order of the Board of Directors,

--//Donald Salcito//--

PROXY STATEMENT

PROSPECTUS
SHARES OF COMMON STOCK

This Proxy Statement/Prospectus is being furnished to the shareholders of Hanifen, Imhoff Holdings, Inc., a Colorado corporation ("Hanifen Holdings"), in connection with the solicitation of proxies from holders of outstanding shares of Hanifen Holdings common stock, \$.01 par value per share ("Hanifen Common Stock"), for use at a special meeting of shareholders (together with any adjournments or postponements, the "Special Meeting") of Hanifen Holdings to be held at the Westin Hotel Tabor Center, 1672 Lawrence Street, Denver, Colorado 80202 on December 30, 1997, and at any adjournment or postponement thereof. Only holders of record of shares of Hanifen Common Stock at the close of business on November 12, 1997 (the "Record Date") are entitled to notice of and to vote at the Special Meeting. On the Record Date, there were 1,182,845 shares of Hanifen Common Stock outstanding. This Proxy Statement/Prospectus, the enclosed Notice of Special Meeting, and the accompanying proxy card are first being sent to Hanifen Holdings shareholders on or about November 26, 1997. This proxy solicitation is made by the Board of Directors of Hanifen Holdings.

At the Special Meeting, the shareholders of Hanifen Holdings will consider and vote upon (i) a proposal to approve an Agreement and Plan of Merger dated as of September 30, 1997 (the "Merger Agreement"), among Fiserv, Inc., a Wisconsin corporation ("Fiserv"), Fiserv Clearing, Inc., a Delaware corporation ("Fiserv Clearing") and a wholly-owned subsidiary of Fiserv, and Hanifen Holdings, a copy of which is attached hereto as Appendix A, (ii) a proposal to sell certain of the assets of Hanifen, Imhoff Inc. ("Hanifen Brokerage"), a wholly-owned subsidiary of Hanifen Holdings, to a new corporation formed by a group of current employees of Hanifen Brokerage for a purchase price of \$1,276,000, plus the adjusted net book value of the assets being acquired, plus the assumption of certain of the liabilities of Hanifen Brokerage, subject to the agreement of Hanifen Holdings to pay up to \$250,000 of the expenses incurred by the purchaser related to the formation and capitalization of the purchaser; and (iii) a proposal to sell certain of the assets of Hanifen, Imhoff Investments, Inc. ("Hanifen Investments"), a wholly-owned subsidiary of Hanifen Holdings, on terms to be negotiated by Hanifen Holdings, (a) as to the interests of Hanifen Investments in Hanifen, Imhoff Mezzanine Fund, L.P. owned by Hanifen, Imhoff Capital Partners (a wholly-owned subsidiary of Hanifen Investments), to an unrelated third party, for a purchase price of \$1,760,000, and (b) as to the assets of Hanifen Imhoff Investment Management Co. (a wholly-owned subsidiary of Hanifen Investments) to an entity to be formed by a group of current employees of Hanifen Investments, for a purchase price of \$500,000.

Pursuant to the Merger Agreement, Hanifen Holdings will be merged with and into Fiserv Clearing, with Fiserv Clearing being the surviving corporation (the "Surviving Corporation") and remaining a wholly-owned subsidiary of Fiserv (the "Merger") and each share of Hanifen Common Stock outstanding immediately prior to the consummation of the Merger will be

converted into the right to receive (i) such number of shares of common stock, \$.01 par value, of Fiserv ("Fiserv Common Stock") as shall equal the quotient of (A) the quotient of (I) 51% of the Hanifen Value, divided by (II) the number of shares of Hanifen Common Stock outstanding at the effective time of the Merger (the "Effective Date"), divided by (B) a number which is equal to the average closing price per share for Fiserv Common Stock as reported on the NASDAQ National Market (as reported in The Wall Street Journal) for the 20 business

days ending two business days prior to the Effective Date and (ii) such amount of cash as shall equal the quotient of (A) 49% of the Hanifen Value, divided by (B) the number of shares of Hanifen Common Stock outstanding on the Effective Date. The "Hanifen Value" shall mean the sum of (i) the difference (positive or negative) between (A) the Final Stockholders' Equity (as defined in the Merger Agreement) and (B) \$30,000,000, plus (ii) \$97,200,000.

No fractional shares of Fiserv Common Stock will be issued in the Merger. In lieu of any fractional shares, each holder of Hanifen Common Stock who would otherwise be entitled to receive a fractional share of Fiserv Common Stock pursuant to the Merger will be paid an amount in cash, without interest, rounded to the nearest cent, determined by multiplying (i) the per share closing price of Fiserv Common Stock as reported on the NASDAQ National Market on the Effective Date, by (ii) the fractional interest to which such holder would otherwise be entitled. Fiserv will make available to the Exchange Agent (hereinafter defined) the cash necessary for this purpose. In addition, the amount of cash payable to shareholders of Hanifen Holdings will be subject to a holdback equal to 5% of Stockholders' Equity (the "Equity Holdback") pending final determination of Stockholders' Equity of Hanifen Holdings, which is expected to take approximately one month. During the period in which the Equity Holdback is pending, such amount will accrue interest at the average Federal Funds rate published in The Wall Street Journal for the five days prior to the

Effective Date.

This Proxy Statement/Prospectus also constitutes the prospectus of Fiserv with respect to the shares of Fiserv Common Stock to be issued to holders of Hanifen Common Stock pursuant to the Merger and resale of such shares by those shareholders of Hanifen Holdings ("Hanifen Affiliates") deemed to be "affiliates" under Rule 145 promulgated under the Securities Act of 1933, as amended (the "Securities Act"). It is presently contemplated that the Effective Date of the Merger will be December 30, 1997 or shortly thereafter. See "The Merger."

Merger Consideration Each outstanding share of Hanifen Common Stock will be converted into the right to receive (i) such number of shares of common stock, \$.01 par value, of Fiserv Common Stock as shall equal the quotient of (A) the quotient of (I) 51% of the Hanifen Value, divided by (II) the number of shares of Hanifen Common Stock outstanding at the Effective Date, divided by (B) a number which is equal to the average closing price per share for Fiserv Common Stock as reported on the NASDAQ National Market (as reported in The Wall Street Journal) for the 20 business days ending two business days prior to the Effective Date (the "Average Fiserv Stock Price"), and (ii) such amount of cash as shall equal the quotient of (A) 49% of the Hanifen Value, divided by (B) the number of shares of Hanifen Common Stock outstanding on the Effective Date. The "Hanifen Value" shall mean the sum of (i) the difference (positive or negative) between (A) the Final Stockholders' Equity (as defined in the Merger Agreement) and (B) \$30,000,000, plus (ii) \$97,200,000. See "The Merger -- The Merger Agreement -- Merger Consideration."

Fractional Shares No fractional shares of Fiserv Common Stock will be issued in the Merger. In lieu of any fractional shares, each holder of Hanifen Common Stock who would otherwise be entitled to receive a fractional share of Fiserv Common Stock pursuant to the Merger will be paid an amount in cash, without interest, rounded to the nearest cent, determined by multiplying (i) the per share closing price of Fiserv Common Stock as reported on NASDAQ on the date of the Effective Date, by (ii) the fractional interest to which such holder would otherwise be entitled. Fiserv will make available to the Exchange Agent the cash necessary for this purpose.

Management and Operations of Hanifen Holdings after the Merger Following the Merger, Fiserv Clearing will be the Surviving Corporation and a wholly-owned subsidiary of Fiserv, and Hanifen Clearing will become a wholly-owned subsidiary of Fiserv Clearing. George D. Dalton, Chairman of the Board of Fiserv, is the sole director of the

Surviving Corporation. Fiserv operates the Surviving Corporation as an independent subsidiary, and intends to operate Hanifen Clearing after the Merger as an independent subsidiary with its current board of directors and officers. Fiserv has no present intention to move or consolidate any of the operations of the Surviving Corporation or Hanifen Clearing. Hanifen Holdings' other subsidiaries, Hanifen Brokerage and Hanifen Investments, also will continue as wholly-owned subsidiaries of Fiserv Clearing, although certain of the assets of those subsidiaries will be sold prior to the

Effective Date. Promptly after the Effective Date, the name of each of the Hanifen Companies will be changed to a name distinctively different from "Hanifen Imhoff." See "The Merger--Management and Operations of Hanifen Holdings Following the Merger."

Interests of Certain Persons in the Merger

In the Merger Agreement, all outstanding options granted under Hanifen Holdings' stock option plans will be exercised prior to the Effective Date and those plans will terminate. Employees of Hanifen Clearing will continue as employees of Hanifen Clearing and the employees of the Hanifen Companies will be entitled to participate in the benefit plans that Fiserv maintains for its employees generally (except with respect to Fiserv's sabbatical plan) on substantially the same terms and conditions as other employees of Fiserv. See "The Merger--The Merger Agreement."

Walter F. Imhoff, a director and shareholder of Hanifen Holdings, is currently negotiating with Hanifen Holdings a consulting agreement for the benefit of Hanifen Brokerage and New Hanifen, which agreement is expected to be contingent upon consummation of the Merger. In addition, Mr. Imhoff will be the president and chairman of the board of New Hanifen. George Johnson, a shareholder of Hanifen Holdings and the president and chief executive officer of Hanifen Clearing, is currently negotiating an employment agreement with Fiserv, the completion of which is a condition to closing the Merger. See "The Merger--Interests of Certain Persons in the Merger" and "The Merger--Conditions to the Merger."

Federal Income Tax Consequences of the Merger

The Merger Agreement provides that, for federal income tax purposes, Hanifen Holdings and Fiserv intend that the Merger constitute a tax-deferred "reorganization" within the meaning of Sections 368(a)(1)(A) and 368(a)(2)(D) of the United States Internal Revenue Code of 1986, as amended (the "Code"), and that, accordingly, for federal income tax purposes: (i) no gain or loss should be recognized by Hanifen Holdings or Fiserv as a result of the

Merger; (ii) individual shareholders of Hanifen Holdings who receive cash consideration (including cash in lieu of fractional shares, if any), in exchange for a portion of Hanifen Common Stock owned directly by such individual shareholders should generally recognize capital gain or loss, provided that such shares are capital assets in the hands of such shareholders; (iii) no gain or loss should be recognized by shareholders of Hanifen Common Stock on the exchange of their shares of Hanifen Common Stock for Fiserv Common Stock pursuant to the Merger; (iv) the holding period of the Fiserv Common Stock received by the Hanifen Holdings shareholders will include the holding period of the shares of Hanifen Common Stock provided that the shares of Hanifen Common Stock are capital assets in the hands of the Hanifen Holdings shareholders at the time of the exchange; and (v) the aggregate adjusted tax basis of the Fiserv Common Stock actually received by a shareholder (not including any fractional shares which were paid in cash) of Hanifen Holdings in exchange for Hanifen Common Stock will be the same as the basis of the Hanifen Common Stock surrendered in exchange therefor, decreased by the amount of cash received in the Merger (including any cash in lieu of fractional shares) and

increased by the amount of gain recognized (including any gain recognized with respect to the deemed redemption of fractional shares) by the shareholders in the Merger exchange. In the event that certain requirements are not satisfied, the Internal Revenue Service could challenge the tax treatment of the Merger as a tax-deferred reorganization. No ruling has been requested from the Internal Revenue Service and no tax opinion has been rendered with respect to the Merger transaction.

THE FOREGOING SUMMARY IS NOT INTENDED, AND SHOULD NOT BE CONSIDERED, AS TAX ADVICE. HOLDERS OF HANIFEN COMMON STOCK ARE URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE TAX CONSEQUENCES TO THEM UNDER APPLICABLE FEDERAL, STATE, LOCAL AND FOREIGN TAX LAWS. For additional information, see "The Merger--Federal Income Tax Consequences of Merger."

Conditions to the Merger. The obligations of Fiserv and Hanifen Holdings to consummate the Merger are subject to the satisfaction or waiver (to the extent waivable) of certain conditions set forth in the Merger Agreement, including, among other things, closing of the sale of certain of the assets of Hanifen Brokerage and Hanifen Investments. See "The Merger--Conditions to the Merger."

14

Termination of the Merger Agreement The Merger Agreement may be terminated by (i) mutual consent of Hanifen Holdings, on the one hand, and Fiserv and Fiserv Clearing, on the other hand, (ii) either party, if the Merger has not been consummated on or before December 31, 1997, and (iii) in certain other situations. See "The Merger--Termination."

Acquisition Proposal In the event that Hanifen Holdings terminates the Merger Agreement because it has received a proposal or offer to acquire all or any significant part of Hanifen Holdings' and Hanifen Clearing's business and properties or their capital stock, whether by merger, purchase of assets, tender offer or otherwise (a "Hanifen Acquisition Proposal") which the Board of Directors of Hanifen Holdings determines in good faith that it would be a breach of its fiduciary duties if it did not accept, Hanifen Holdings will pay Fiserv a termination fee of \$3,000,000 within 20 business days of such termination. See "The Merger--The Merger Agreement--Acquisition Proposal."

Accounting Treatment It is anticipated that the Merger will be accounted for as a purchase under Accounting Principles Board Opinion No. 16. See "The Merger-- Accounting Treatment."

Exchange of Hanifen Common Stock Promptly after the Effective Date, Firststar Trust Company, Milwaukee, as exchange agent (the "Exchange Agent"), will mail to each holder of shares of Hanifen Common Stock a letter of transmittal and instructions for exchanging such holder's Hanifen Common Stock for certificates representing the shares of Fiserv Common Stock and cash to which such holders are entitled. See "The Merger--The Merger Agreement--Conversion of Hanifen Common Stock; Procedures for Exchange of Share Certificates."

Effect of the Merger on Rights of Shareholders Fiserv is a Wisconsin corporation; Hanifen Holdings is a Colorado corporation. For a comparison of Wisconsin and Colorado laws

and of the charter and bylaw provisions of Fiserv and Hanifen Holdings governing the rights of Fiserv shareholders and Hanifen Holdings shareholders, respectively, see "Comparison of Rights of Shareholders of Fiserv and Hanifen Holdings."

Dissenters' Rights Holders of Hanifen Common Stock are entitled to appraisal or dissenters' rights in connection with the Merger under Section 7-113-101 through 7-113-302 of the Colorado Business Corporation Act. A condition to Fiserv's obligation to close the Merger is that the holders of no more than 5% of the Hanifen Common Stock exercise dissenters' rights. In order to exercise dissenters' rights, a shareholder of Hanifen Holdings must give appropriate notice to Hanifen Holdings and must not

 vote in favor

15

of the Merger. See "The Merger--Rights of Dissenting Shareholders," "Comparison of Rights of Shareholders of Fiserv and Hanifen Holdings--Dissenters' Rights and Appraisal Rights" and Appendix B.

Certain Regulatory Matters Consummation of the Merger is subject to certain regulatory approvals, including expiration of certain waiting periods imposed under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (the "HSR Act"). Fiserv and Hanifen Holdings believe that the Merger can be effected in compliance with all federal and state regulations. See "The Merger--Certain Regulatory Matters."

Transferability of Fiserv Common Stock ... All shares of Fiserv Common Stock received by Hanifen Holdings shareholders will be freely tradeable, except for those shares received by the directors and executive officers of Hanifen Holdings (whose shares will be registered upon the closing of the Merger). See "The Merger--Resale of Fiserv Common Stock by Affiliates."

RISK FACTORS

AVERAGE MARKET PRICES WILL DIFFER FROM ACTUAL MARKET PRICE

In considering whether to approve the Merger Agreement, Hanifen Holdings shareholders should consider the following: (i) the Exchange Ratio will be determined based upon the Average Fiserv Stock Price; and (ii) the price of Fiserv Common Stock at the Effective Date can be expected to vary from the

Average Fiserv Stock Price as well as from the prices as of the date of this Proxy Statement/Prospectus and the date on which Hanifen Holdings shareholders vote on the Merger Agreement due to changes in the business, operations or prospects of Fiserv, market assessments on the likelihood that the Merger will be consummated and the time thereof, general market and economic conditions, and other factors. In addition, the market prices of the Fiserv Common Stock may be volatile depending on various factors, including without limitation, the general economy, stock market conditions, announcements by Fiserv or its competitors and fluctuations in Fiserv's operating results. There is no trading market for the Hanifen Common Stock. See "Summary--The Merger" and "Market Prices and Dividends."

TERMINATION PROVISIONS MAY HAVE A DETERRENT EFFECT

In the event Hanifen Holdings terminates the Merger Agreement because another person has made a Hanifen Acquisition Proposal that the Hanifen Holdings' Board of Directors determines in good faith that the failure to accept such Hanifen Acquisition Proposal could reasonably be deemed to cause the members of the Board of Directors to breach their fiduciary duties under applicable law, then Hanifen Holdings is required to pay Fiserv a termination fee of \$3,000,000 within 20 business days of such termination. This provision in the Merger Agreement may have the effect of discouraging an attempt by a third party to engage in certain acquisition transactions with Hanifen Holdings.

POSSIBLE LOSS OF BUSINESS

Despite the effort of both Fiserv and Hanifen Holdings, current clients of Hanifen Clearing may not continue with Fiserv subsequent to the Merger. The loss of a material number of clients could adversely affect the combined operations of Fiserv and Hanifen Holdings.

21

THE SPECIAL MEETING

This Proxy Statement/Prospectus is being furnished to shareholders of Hanifen Holdings in connection with the solicitation of proxies by the Board of Directors of Hanifen Holdings from holders of Hanifen Common Stock for use at the Special Meeting. This Proxy Statement/Prospectus, Notice of Special Meeting and proxy card are first being sent to shareholders of Hanifen Holdings on or about November 26, 1997.

MATTERS TO BE CONSIDERED AT THE SPECIAL MEETING; QUORUM AND VOTE REQUIRED

At the Special Meeting, the shareholders of Hanifen Holdings will be asked to consider and vote upon (i) a proposal to approve the Merger Agreement, pursuant to which Hanifen Holdings will be merged with and into Fiserv Clearing, Fiserv Clearing will be the Surviving Corporation and will remain a wholly-owned subsidiary of Fiserv, and Hanifen Holdings shareholders will receive shares of Fiserv Common Stock and cash in exchange for shares of Hanifen Common Stock they own (see "The Merger"); (ii) a proposal to sell certain of the assets of Hanifen Brokerage to New Hanifen for a purchase price equal to fair market value as determined by an independent appraiser payable in cash at closing, plus the assumption of certain of Hanifen Brokerage's liabilities; and (iii) a proposal to sell certain of the assets of Hanifen Investments to a new entity formed by a group of current employees of Hanifen Investments, on terms to be negotiated by Hanifen Holdings.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Hanifen Common Stock at the Special Meeting is necessary to constitute a quorum at the Special Meeting. Abstentions will be included in determining the presence of a quorum, but will not count as votes cast. The affirmative vote of a majority of the outstanding shares of Hanifen Common Stock, either in person or by proxy, is required for approval of the Merger Agreement and the sale of certain assets of each of Hanifen Brokerage and Hanifen Investments. For purposes of the vote, the effect of any abstention will be tantamount to a vote against the Merger and the sale of certain assets of each of Hanifen Brokerage and Hanifen Investments. Further, because the sale of assets of Hanifen Brokerage and Hanifen Investments is a condition to closing the Merger, a vote against either such sale is also tantamount to a vote against the Merger. Directors and executive officers of Hanifen Holdings are entitled to vote 21.9% of the outstanding Hanifen Common Stock. Such directors and executive officers have not committed to vote for or against the proposals.

If a quorum is not obtained, or if fewer shares of Hanifen Common Stock are voted in favor of the Merger Agreement and/or the sale of certain assets of each of Hanifen Brokerage and Hanifen Investments than the number required for approval, it is expected that the Special Meeting will be postponed or adjourned for the purpose of allowing additional time for obtaining additional proxies or votes. Proxies voting in favor of the Merger Agreement will be voted in favor of adjournment. Proxies voting against the Merger Agreement or abstaining will be voted against or will abstain

22

from voting on adjournment, respectively. At any subsequent reconvening of the Special Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the Special Meeting (except for any proxies which have theretofore effectively been withdrawn or revoked).

In the event the Merger and the sale of certain of the assets of each of Hanifen Brokerage and Hanifen Investments are not approved and adopted by the shareholders of Hanifen Holdings, the Merger Agreement may be terminated in accordance with its terms. See "The Merger--The Merger Agreement--Amendments and Termination."

RECORD DATE; STOCK ENTITLED TO VOTE

Each share of Hanifen Common Stock outstanding on the Record Date is entitled to be voted at the Special Meeting. Holders of record of Hanifen Common Stock at the close of business on November 12, 1997, the Record Date, are entitled to one vote per share. In addition, the trustee of the Hanifen Imhoff Profit Sharing Plan and Trust (the "Profit Sharing Trust") has elected to allow the beneficial owners of the shares of Hanifen Common Stock owned by the Profit Sharing Trust to vote such shares. There were 1,182,845 shares of Hanifen Common Stock issued and outstanding on the Record Date.

VOTING AND REVOCATION OF PROXIES

Proxies in the accompanying form, properly executed, duly returned to Hanifen Holdings and not revoked will be voted in the manner specified thereon. If no specification is made in a proxy returned for the Special Meeting, such proxy will be voted FOR the adoption and approval of the Merger Agreement and the sale of certain assets of Hanifen Brokerage and Hanifen Investments. A shareholder who gives a proxy may revoke it at any time before it is voted by filing with the Secretary of Hanifen Holdings a written instrument stating that the proxy is revoked or by submitting a duly executed proxy bearing a later date. Any shareholder who attends the Special Meeting and desires to vote in person may revoke the proxy and vote at the Special Meeting. Presence at the Special Meeting does not of itself revoke a proxy.

Management of Hanifen Holdings is not aware of any matters to be presented at the Special Meeting other than the approval of the Merger Agreement and proposals to sell certain assets of Hanifen Brokerage and Hanifen Investments. If any other matters are properly presented at the Special Meeting (including, without limitation, adjournment for the purpose of soliciting additional proxies), the persons named in the accompanying proxy card will have discretionary authority to vote thereon according to their best judgment.

23

SOLICITATION OF PROXIES

Solicitation of proxies for use at the Special Meeting may be made in person or by mail, telephone, teletype or telegram. Hanifen Holdings will bear the cost of the solicitation of proxies from its shareholders. In addition to solicitation by mail, the directors, officers and employees of Hanifen Holdings may solicit proxies from shareholders of Hanifen Holdings by telephone or telegram or in person. Such directors, officers and employees will not be compensated for such solicitation.

THE MERGER

GENERAL

The Merger Agreement (attached as Appendix A to this Proxy Statement/Prospectus) provides for the Merger of Hanifen Holdings with and into Fiserv Clearing, Fiserv's wholly-owned subsidiary. Fiserv Clearing will be the Surviving Corporation and will carry on the business of Hanifen Holdings as a wholly-owned subsidiary of Fiserv. As a result, Hanifen Clearing will also carry on its business as an indirect, wholly-owned subsidiary of Fiserv. At the Effective Date, Hanifen Clearing will change its name to Fiserv Correspondent Services, Inc. Each outstanding share of Hanifen Common Stock will be converted into Fiserv Common Stock at the Exchange Ratio and cash, which, assuming an Average Fiserv Stock Price of Fiserv Common Stock of \$48.50 (the closing price of Fiserv Common Stock on November 24, 1997, as reported on NASDAQ), will result in the present Hanifen Holdings shareholders owning approximately 1.9% of the outstanding Fiserv Common Stock. It is presently contemplated that the Effective Date will be December 30, 1997, or shortly thereafter.

BACKGROUND AND REASONS FOR THE MERGER

In early 1997, Hanifen Holdings received a number of unsolicited inquiries concerning the possibility of a strategic relationship with, or a purchase of, Hanifen Holdings. Based upon such inquiries, the Board of Directors consulted with the corporate finance department of Hanifen Brokerage to consider strategic options for the Hanifen Companies. During this period, certain events in the commercial banking industry occurred which led, in June 1997, to a lowering of

the entry barriers for commercial banks in the investment banking industry. These events, among other things, led to increased acquisition activity in the securities industry. The volume of trades and price per share of brokerage and clearing firm stocks, which had been stable in 1996, began to escalate in the public marketplace. In March 1997, Fiserv agreed to acquire BHC Financial Inc. for a valuation based on a multiple in excess of 10 times historical earnings.

24

During this period, the Board of Directors of Hanifen Holdings asked the board of directors of each subsidiary to prepare strategic goals for their respective corporations. Based upon those strategic goals, and in light of the activity in the market for securities and clearing firms, the Board of Directors of Hanifen Holdings evaluated various strategic options for the Hanifen Companies, including the possibility of a public offering, a joint venture relationship, and a merger with a much larger public entity. In the process of that evaluation, the Board of Directors of Hanifen Holdings determined to hire an outside investment banker to assist it in evaluating alternatives to increase shareholder value in the changing market landscape.

In consultation with the corporate finance department of Hanifen Brokerage, and with the consent and approval of the Board of Directors of each of the Hanifen Companies, the Board of Directors of Hanifen Holdings hired Smith Barney, Inc. ("Smith Barney") on May 22, 1997. Smith Barney agreed to assist Hanifen Holdings in a review of the business and operations of the Hanifen Companies. In addition, Smith Barney agreed to evaluate and recommend financial and strategic alternatives with respect to a transaction and provide other financial advisory and investment banking services customary for such a transaction.

In consultation with the corporate finance department of Hanifen Brokerage, Smith Barney prepared an informal evaluation of Hanifen Holdings and outlined a number of companies likely to be interested in, and able to consummate, a financially attractive strategic combination with Hanifen Holdings.

The Board of Directors instructed Smith Barney to contact such companies, which it did in the summer of 1997. Smith Barney continuously updated the Board as to the status of the discussions with the various companies. Numerous companies expressed an interest, including Fiserv. Smith Barney then requested selected interested parties to submit bids. Originally, Fiserv's bid was below Hanifen's threshold of interest and Hanifen Holdings commenced discussions with other bidders. Fiserv, however, maintained its interest and continued to ask Smith Barney for progress reports.

In August 1997, Hanifen and Smith Barney narrowed the bidding range and the number of parties to two. Hanifen invited Fiserv to make a final bid, which it did on September 4, 1997. On September 5, 1997, the Board of Directors of each of the Hanifen Companies met, with Smith Barney conferring by telephone, to discuss and evaluate the two bids. Following its deliberations, the Board of Directors of each of the Hanifen Companies voted to accept the Fiserv bid and formed a committee to negotiate an agreement with Fiserv, subject to shareholder approval. On September 30, 1997, the Board of Directors of Hanifen Holdings unanimously approved the Merger Agreement and directed that the Merger Agreement be presented to its shareholders for approval.

The determination of the Board of Directors of Hanifen Holdings to approve the Merger Agreement was based upon consideration of a number of factors. The following list includes all

25

material factors considered by the Board of Directors in its evaluation of the Merger and the Merger Agreement:

1. The Board of Directors' familiarity with, among other things, the business, operations, financial condition, competitive position and prospects of each of the Hanifen Companies, the nature of the financial industry in which the Hanifen Companies participate, and current industry, economic and market conditions;

2. The fact that Smith Barney, Inc. ("Smith Barney"), on behalf of Hanifen Holdings, had solicited interest in a possible acquisition of Hanifen Holdings from third parties and that Hanifen Holdings had not received offers or indications of interest from other parties at prices in excess of the consideration to be received in the Merger;

3. The Board of Directors' review of presentations by, and discussion of the terms and conditions of the Merger Agreement with, management of Hanifen Holdings, the board of directors of each of Hanifen Clearing, Hanifen Brokerage and Hanifen Investments, and representatives of Smith Barney;

4. The expected tax treatment of the Merger;

5. The strategic and financial alternatives available to Hanifen Holdings and its subsidiaries, including remaining an independent company;

6. The recognition by the Board of Directors that the Merger would deprive the holders of Hanifen Common Stock of the opportunity to continue their equity interests in Hanifen Holdings as an independent entity. The Merger, however, would permit the holders of Hanifen Common Stock to continue to hold equity interests in and participate in the future growth of Fiserv, a much larger company operating in a broader sector of the financial services industry, and the shares of which are more liquid due to the public market for such shares;

7. The Board of Directors' review of the historical market prices of shares of Fiserv Common Stock, the historical values of shares of Hanifen Common Stock as a privately-held concern compared to the consideration to be received pursuant to the Merger, and the future rates of growth and price earnings ratios which would be necessary for the values of Hanifen Common Stock to equal or exceed the market value of the consideration to be received in the Merger;

8. Certain publicly available information with respect to the financial condition and results of operations of Fiserv; and

9. A provision was included in the Merger Agreement which allows Hanifen Holdings to, among other things, consider unsolicited third-party acquisition proposals, negotiate and discuss

26

any such proposals, and terminate the Merger Agreement, subject, in certain circumstances, to the payment of a \$3.0 million termination fee, if the Board of Directors of Hanifen Holdings were to determine, in the exercise of its fiduciary duties to recommend an alternative acquisition proposal. Therefore, to the extent a third party is prepared to pay a higher price or make an otherwise more desirable bid for the Hanifen Companies, Hanifen Holdings may pursue such third party offer, subject only to payment of the termination fee, if such offer is accepted. See "-The Merger Agreement-Acquisition Proposals."

In view of the wide variety of material factors considered in connection with its evaluation of the Merger, the Board of Directors of Hanifen Holdings did not find it practicable to, and did not, quantify or otherwise attempt to assign relative weights to specific factors considered in reaching its determination.

MANAGEMENT AND OPERATIONS OF HANIFEN HOLDINGS FOLLOWING THE MERGER

Following the Merger, George D. Dalton, Chairman of the Board of Fiserv, who is the sole director of Fiserv Clearing, will continue as the sole director of the Surviving Corporation. In addition, following the Merger, the officers of Fiserv Clearing will continue as the officers of the Surviving Corporation.

At the Effective Date, the Certificate of Incorporation and Bylaws of the Surviving Corporation will continue unchanged.

Subsequent to the Merger, Fiserv plans to continue to operate the Surviving Corporation as an independent subsidiary and has no present intention to move or consolidate any of the operations of the Surviving Corporation or its subsidiaries. Promptly after the consummation of the Merger, the name of each of the Hanifen Companies will be changed to a name distinctively different from "Hanifen, Imhoff."

Each of Hanifen Brokerage and Hanifen Investments will continue as wholly-owned subsidiaries of Fiserv Clearing. Certain of the assets of Hanifen Brokerage and Hanifen Investments will be sold prior to consummation of the Merger as a condition to closing the Merger. See "-Other Hanifen Holdings Subsidiaries."

THE MERGER AGREEMENT

Reference is made to the copy of the Merger Agreement attached as Appendix A for a complete statement of the terms of the proposed Merger. The statements contained herein with respect to the Merger Agreement and the Merger are qualified in their entirety by the foregoing reference.

27

EFFECTIVE DATE AND CONSEQUENCES OF THE MERGER

If approved by the requisite vote of the shareholders of Hanifen Holdings and if all other conditions to the consummation of the Merger are satisfied or waived, the Merger will become effective immediately upon the filing of the Certificate of Merger with the Secretary of State of the State of Delaware and the filing of the Articles of Merger with the Secretary of State of the State of Colorado or such other time or date thereafter as Fiserv, Fiserv Clearing and Hanifen Holdings may agree. At the Effective Date, Hanifen Holdings will be merged with and into Fiserv Clearing, which will be the Surviving Corporation in the Merger, the separate existence and corporate organization of Hanifen Holdings will cease, and Fiserv Clearing will succeed, insofar as permitted by

Delaware and Colorado law, to all rights, assets, liabilities and obligations of Hanifen Holdings. The Merger will have no effect on Hanifen Clearing, except that it will become a wholly-owned subsidiary of Fiserv Clearing and will continue its business as it had been conducted prior to the Merger.

It is presently contemplated that the Effective Date will be December 30, 1997.

MERGER CONSIDERATION

Each outstanding share of Hanifen Common Stock immediately prior to the consummation of the Merger will be converted into the right to receive (i) such number of shares of Fiserv Common Stock, as shall equal the quotient of (A) the quotient of (I) 51% of the Hanifen Value, divided by (II) the number of shares of Hanifen Common Stock outstanding at the Effective Date, divided by (B) a number which is equal to the average closing price per share for Fiserv Common Stock as reported on the NASDAQ National Market (as reported in The Wall Street Journal) for the 20 business days ending two business days prior to the Effective Date, and (ii) such amount of cash as shall equal the quotient of (A) 49% of the Hanifen Value, divided by (B) the number of shares of Hanifen Common Stock outstanding on the Effective Date. The "Hanifen Value" shall mean the sum of (i) the difference (positive or negative) between (A) the Final Stockholders' Equity (as defined in the Merger Agreement) and (B) \$30,000,000, plus (ii) \$97,200,000. Assuming an Average Fiserv Stock Price of \$48.50 (which is the closing price of Fiserv Common Stock as reported in The Wall Street Journal on November 24 1997), the Merger would result in the present Hanifen Holdings shareholders owning in the aggregate approximately 1.9% of the Fiserv Common Stock.

No fractional shares of Fiserv Common Stock will be issued in the Merger. In lieu of any fractional shares, each holder of Hanifen Common Stock who would otherwise be entitled to receive a fractional share of Fiserv Common Stock pursuant to the Merger will be paid an amount in cash, without interest, rounded to the nearest cent, determined by multiplying (i) the per share closing price of Fiserv Common Stock as reported on the NASDAQ on the date of the Effective

28

Date, by (ii) the fractional interest to which such holder would otherwise be entitled. Fiserv will make available to the Exchange Agent the cash necessary for this purpose.

CONVERSION OF HANIFEN COMMON STOCK; PROCEDURES FOR ISSUANCE OF FISERV SHARE CERTIFICATES

As soon as practicable after the Effective Date, each holder of shares of Hanifen Common Stock that have been converted into the right to receive Fiserv Common Stock and cash, upon delivery of a letter of transmittal (the form of which will be provided to the shareholders of Hanifen Holdings) to the Exchange Agent for cancellation of such shareholders' uncertificated shares of Hanifen Common Stock, will be entitled to receive certificates representing the number of whole shares of Fiserv Common Stock to be issued in respect of the aggregate number of such shares of Hanifen Common Stock previously held by such shareholder, cash, if any, payable in lieu of the issuance of a fractional share and cash.

Promptly after the Effective Date, the Exchange Agent will furnish the former Hanifen Holdings shareholders a letter of transmittal for use in converting their Hanifen Common Stock. The letter will contain instructions with respect to the surrender of Hanifen Common Stock and the distribution of certificates representing Fiserv Common Stock and cash.

Subject to the provisions pertaining to cash in lieu of fractional shares in the following sentence, until documentation is received by the Exchange Agent evidencing the surrender of the uncertificated Hanifen Common Stock, the ownership of Hanifen Common Stock recorded on the books of Hanifen Holdings will be deemed for all corporate purposes to evidence the ownership of the number of full shares of Fiserv Common Stock and cash which the holder is entitled to receive upon delivery of the letter of transmittal to the Exchange Agent. Until they have delivered the letter of transmittal surrendering their uncertificated shares of Hanifen Common Stock for exchange, Hanifen Holdings shareholders will not be entitled to receive any payment for a fractional share interest. Any such payment will be remitted to the Hanifen Holdings shareholder entitled thereto, without interest, at the time that such letter of transmittal surrendering such shareholders' uncertificated shares of Hanifen Common Stock for conversion, subject to any applicable abandoned property, escheat or similar law.

REPRESENTATIONS, WARRANTIES AND COVENANTS

The Merger Agreement contains representations and warranties as to the organization, operations and business and financial condition of Hanifen

Holdings and its subsidiaries and Fiserv and Fiserv Clearing. The representations and warranties will terminate at the Effective Date. The Merger Agreement also contains certain covenants of Hanifen Holdings, Fiserv and Fiserv Clearing, including covenants relating to the conduct of Hanifen Holdings and Fiserv prior to the Effective Date.

29

FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

The following discussion is intended to provide a summary of certain federal income tax consequences of the Merger.

The Merger Agreement provides that, for federal income tax purposes, Hanifen Holdings and Fiserv intend that the Merger constitute a tax-deferred "reorganization" within the meaning of Sections 368(a)(1)(A) and 368(a)(2)(D) of the Code (a "Tax-Deferred Reorganization"). The Merger Agreement requires that Hanifen Holdings and Fiserv treat the Merger accordingly on their respective tax returns and not take any action that would jeopardize such treatment for federal tax purposes. The principal federal income tax consequences of a Tax-Deferred Reorganization, under currently applicable law, are as follows: (i) no gain or loss should be recognized by Hanifen Holdings or Fiserv as a result of the Merger; (ii) individual shareholders of Hanifen Holdings who receive cash consideration (including cash in lieu of fractional shares, if any), in exchange for a portion of Hanifen Common Stock owned directly by such individual shareholders should generally recognize capital gain or loss, provided that such shares are capital assets in the hands of such shareholders; (iii) no gain or loss should be recognized by shareholders of Hanifen Common Stock on their receipt of Fiserv Common Stock pursuant to the Merger; (iv) the holding period of the Fiserv Common Stock received by the Hanifen Holdings shareholders should include the holding period of the shares of Hanifen Common Stock, provided that the Hanifen Holdings shares are capital assets in the hands of the Hanifen Holdings shareholders at the time of the exchange; and (v) the aggregate adjusted tax basis of the Fiserv Common Stock actually received (not including any fractional shares which were paid in cash) by a shareholder of Hanifen Holdings in exchange for Hanifen Common Stock should be the same as the basis of the Hanifen Common Stock surrendered in exchange therefor, decreased by the amount of cash received in the Merger (including any cash in lieu of fractional shares) and increased by the amount of gain recognized (including any gain recognized with respect to the deemed redemption of fractional shares) by the shareholders in the Merger exchange.

A holder of Hanifen Common Stock who receives the cash portion of the Merger Consideration is treated as having received a distribution of boot taxable under Section 356 of the Code. Under Section 356 and applicable Supreme Court precedent, the Hanifen Holdings shareholder is first deemed to have received Fiserv Common Stock equal in value to such cash consideration followed immediately by Fiserv redeeming that stock for the cash consideration. See

Clark v. Commissioner, 489 U.S. 726 (1989) and Revenue Ruling 93-61, 1993-2 C.B.

118. The redemption of this stock is then tested under the redemption rules of Section 302 of the Code to determine whether the shareholder will recognize capital gain, capital loss or dividend income. Under Section 302(b)(1), a redemption will be treated as a sale of redeemed stock (thereby generating capital gain) if it is "not essentially equivalent to a dividend." Dividend equivalence depends on all the facts and circumstances of each case and, furthermore, constructive ownership rules must be considered in making this determination. The Supreme Court, in *United States v.*

30

Davis, 397 U.S. 301, rehearing denied, 397 U.S. 1071 (1970), held that in order

to avoid dividend equivalence, the redemption must result in a "meaningful reduction of the shareholder's proportionate interest in the corporation." As a general rule, where there is no possibility of control participation by a shareholder with a minimal stock interest, any degree of reduction should result in sale treatment unless the redemption is part of an ongoing plan under which the shareholder can choose whether or not to have a small number of shares redeemed each year. In addition, the Internal Revenue Service recognizes that public companies often redeem shares involving minuscule reductions in the interests of common shareholders. Generally, those reductions do not constitute dividends, but qualify the redemptions as sales thereby generating capital gain or loss assuming the stock qualifies as a capital asset.

Section 302(b)(2) of the Code provides a mechanical test for qualifying a redemption for capital gains treatment. Under Section 302(b)(2), the Code treats a "substantially disproportionate" redemption as a sale of stock rather than a taxable dividend distribution. In order to qualify as "substantially disproportionate," the redemption must meet three requirements: (i) immediately after the redemption, the shareholder must own less than 50% of the total combined voting power of all classes of outstanding stock entitled to vote; (ii) the shareholder's percentage of the total outstanding voting stock immediately

after the redemption must be less than 80% of his percentage of ownership of such stock immediately before the redemption; and (iii) the shareholder's percentage of outstanding common stock (voting or non-voting) after the redemption must be less than 80% of the shareholder's percentage of ownership before the redemption. These tests are applied on a shareholder-by-shareholder basis, and constructive ownership rules set forth in Section 318 of the Code are applicable in determining whether the redemption is substantially disproportionate under Section 302(b)(2).

Given the size of Hanifen Holdings in relation to Fiserv and the amount of cash consideration being received in the Merger, the shareholders should receive capital gain treatment with respect to the cash consideration received in the Merger.

Shareholders of Hanifen Holdings who held their Hanifen Common Stock as a capital asset and who exercise dissenters rights in the Merger and receive cash in exchange for all of their Hanifen Common Stock, should receive capital gain treatment under Section 302(b)(3) of the Code (dealing with a complete redemption of stock).

Under any of the foregoing circumstances where a shareholder of Hanifen Holdings will receive capital gain or loss, such capital gain or loss should be long-term capital gain or loss if such Hanifen Common Stock had been held for more than one (1) year as of the Effective Date.

Treatment as a Tax-Deferred Reorganization is based on certain assumptions, including without limitation, the assumptions that: (i) the representations and warranties set forth in the Merger Agreement will be true, correct and complete as if made at the Effective Date; (ii) there

31

is no plan or intention on the part of the holders of Hanifen Common Stock to dispose of a prescribed amount of shares of Fiserv Common Stock acquired in the Merger or Hanifen Common Stock in anticipation of the Merger (as further discussed below); (iii) no consideration other than shares of Fiserv Common Stock, cash paid for fractional shares and cash will be received by holders of the shares of Hanifen Common Stock for their shares of Hanifen Common Stock; and (iv) in the Merger, Fiserv Clearing will acquire (a) at least 90% of the fair market value of Hanifen Holdings' net assets and at least 70% of the fair market value of Hanifen Holdings' gross assets held immediately prior to the Merger, and (b) at least 90% of the fair market value of Fiserv Clearings' net assets and at least 70% of the fair market value of Fiserv Clearings' gross assets held immediately prior to the Merger. For purposes of the assumption in (iv) above, amounts paid by Hanifen Holdings to shareholders who receive cash or other property (including cash for fractional shares), amounts used by Hanifen Holdings to pay reorganization expenses, all redemptions and distributions (except for regular, normal dividends) made by Hanifen Holdings immediately preceding the Merger, and any assets of Hanifen Holdings disposed of in contemplation of the Merger, will be included in the assets of Hanifen Holdings immediately prior to the Merger. Although Fiserv and Hanifen Holdings have each made certain representations and warranties to each other regarding their respective compliance with the foregoing, no assurances to that effect can be given.

Under guidelines published in Revenue Procedure 77-37, 1977-2 C.B. 568 (the "IRS Guidelines"), the Internal Revenue Service will issue a ruling that a transaction constitutes a Tax-Deferred Reorganization if certain factual representations can be made with respect thereto. In particular, the IRS Guidelines require a representation that there will be a fifty percent (50%) level of continuity of shareholder interest. Hanifen Holdings shareholders should note, however, that the IRS Guidelines are intended to serve only as a description of the circumstances in which the Internal Revenue Service will issue a favorable ruling and not as a statement of the substantive law regarding the qualification of a transaction as a Tax-Deferred Reorganization. While continuity of shareholder interest is a requirement for Tax-Deferred Reorganization treatment, Supreme Court precedent supports a lesser degree of continuity than that required by the IRS Guidelines.

No advance ruling has been requested from the Internal Revenue Service and no tax opinion been rendered as to the tax consequences of the Merger. There cannot, therefore, be any assurance that the treatment of the Merger by Fiserv, Hanifen Holdings or the shareholders of Hanifen Holdings as a Tax-Deferred Reorganization will not be challenged by the Internal Revenue Service, or that any such challenge would not be sustained.

If the Merger is not characterized as a Tax-Deferred Reorganization, the principal federal income tax consequences, under currently applicable law, would be as follows: (i) Hanifen Holdings would be deemed to have sold all of its assets in a taxable asset sale to Fiserv and Hanifen Holdings would recognize gain or loss equal to the difference between the fair market value of the consideration received in such sale and its adjusted tax basis in the assets sold;

32

(ii) immediately after the sale described in (i) above, Hanifen Holdings would be deemed to have liquidated and distributed all of its assets to its shareholders at which point the shareholders would be taxed on capital gain or loss (provided such shares were held as capital assets at such time) equal to the difference between the fair market value of the assets distributed by Hanifen Holdings in liquidation compared to the adjusted tax basis in their Hanifen Holdings stock; (iii) the tax basis of Fiserv Common Stock to be received by the holders of Hanifen Common Stock in the Merger would be the fair market value of such Fiserv Common Stock as of the Effective Date; and (iv) the holding period of Fiserv Common Stock to be received by the holders of Hanifen Common Stock pursuant to the Merger would begin the day after the Effective Date.

THE DISCUSSION SET FORTH ABOVE IS INCLUDED FOR GENERAL INFORMATION ONLY. IT DOES NOT ADDRESS EVERY ASPECT OF THE FEDERAL INCOME TAX LAWS THAT MAY BE RELEVANT TO THE HOLDERS OF HANIFEN COMMON STOCK IN LIGHT OF THEIR PERSONAL CIRCUMSTANCES OR TO CERTAIN TYPES OF HOLDERS SUBJECT TO SPECIAL TAX TREATMENT AND IS GENERALLY LIMITED TO PERSONS WHO HOLD HANIFEN COMMON STOCK AS A CAPITAL ASSET. IN ADDITION, IT DOES NOT DISCUSS ANY ALTERNATIVE MINIMUM TAX CONSEQUENCES, STATE, LOCAL, FOREIGN OR OTHER FEDERAL TAX ASPECTS OF THE MERGER. THE DISCUSSION IS BASED ON CURRENTLY EXISTING PROVISIONS OF THE CODE, EXISTING AND PROPOSED TREASURY REGULATIONS THEREUNDER AND CURRENT ADMINISTRATIVE RULINGS AND COURT DECISIONS. ALL OF THE FOREGOING ARE SUBJECT TO CHANGE RETROACTIVELY AS WELL AS PROSPECTIVELY AND ANY SUCH CHANGE COULD AFFECT THE CONTINUING VALIDITY OF THIS DISCUSSION. EACH SHAREHOLDER OF HANIFEN HOLDINGS SHOULD CONSULT HIS OR HER OWN TAX ADVISOR AS TO THE SPECIFIC TAX CONSEQUENCES OF THE MERGER TO HIM OR HER, INCLUDING THE APPLICATION AND EFFECT OF FEDERAL, STATE, LOCAL AND FOREIGN TAX LAWS.

HANIFEN HOLDINGS STOCK OPTION PLAN; BENEFIT PLANS

Hanifen Holdings maintains a non-qualified stock option plan (the "Option Plan") for certain key employees. As a condition of the Merger, all unexercised stock options must be exercised by the option holders. Immediately after the exercise of such options, the stockholders receiving newly issued Hanifen Common Stock who agree to the Merger will surrender such stock in exchange for a portion of the Merger consideration as described in this Proxy Statement/Prospectus. Any gain resulting from the surrender of Hanifen Common Stock (received upon exercise of a non-qualified option) will result in short term capital gain taxable as ordinary income. At the Effective Date the Option Plan will be terminated.

As of November 12, 1997, Options to purchase 48,500 shares of Hanifen Common Stock were outstanding under the Option Plan at exercise prices ranging from \$14.76 to \$25.71.

33

Under the Merger Agreement, Fiserv has agreed that employees of Hanifen Holdings and each subsidiary, including Hanifen Clearing, will be entitled to participate in the benefit plans that Fiserv maintains for its employees generally (except with respect to Fiserv's sabbatical plan or policy) on substantially the same terms and conditions as other employees of Fiserv.

CONDITIONS TO THE MERGER

The obligations of Fiserv and Hanifen Holdings to consummate the Merger are subject to the fulfillment or waiver (where permissible) of certain conditions, including: (i) obtaining the approval of the shareholders of Hanifen Holdings; (ii) the board of directors of Hanifen Holdings and the trustees of Hanifen Holdings' profit-sharing plan have received an opinion as to the fairness from a financial point of view of the Merger and an opinion as to certain valuation matters relating to the sale of assets of Hanifen Brokerage and Hanifen Investments; (iii) Hanifen Brokerage and Hanifen Investments have sold certain of their assets for fair and adequate consideration; (iv) New Hanifen has entered into a clearing agreement with Fiserv Clearing, with a term of five years for all of New Hanifen's clearing needs on terms that are consistent with other third party arrangements; (v) Fiserv and Clearing has entered into an employment agreement with George Johnson as president of Clearing; (vi) the holders of no more than 5% of the Hanifen Common Stock have exercised dissenters' rights in connection with the Merger; (vii) each member of Hanifen Holdings' Board of Directors and Fiserv's Board of Directors have entered into a non-compete and confidentiality agreement; (viii) the effectiveness of the Registration Statement of which this Proxy Statement/Prospectus is a part; (ix) no order being entered in any action or proceeding or other legal restraint or prohibition preventing the consummation of the Merger; (x) the receipt by each party of various legal opinions and other certificates, consents, reports and approvals from the other parties to the Merger and from third parties; (xi) the accuracy of the representations and warranties of each party and compliance with all covenants and conditions by each party; and (xii) the relevant waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (the "HSR Act") has expired.

Hanifen Holdings has waived the condition to closing which requires that an

opinion be obtained as to fairness from a financial point of view of the Merger and as to certain valuation matters relating to the sale of assets of Hanifen Investments.

AMENDMENTS AND TERMINATION

The Merger Agreement may be amended by a written agreement executed by Hanifen Holdings, Fiserv and Fiserv Clearing either before or after the shareholders of Hanifen Holdings approve the Merger. The Merger Agreement may be terminated and the Merger abandoned at any time prior to the Effective Date by mutual agreement of the Boards of Directors of Fiserv and Hanifen Holdings, or by the Board of Directors of any party if any of the conditions applicable to such party to effect the Merger is not satisfied or waived on or before the Effective Date or if the Merger is not effective on or before December 31, 1997, provided that the party seeking to

34

terminate the Merger Agreement is not responsible for the failure of the Merger to occur prior to such date.

ACQUISITION PROPOSALS

In the event Hanifen Holdings terminates the Merger Agreement because another person has made a Hanifen Acquisition Proposal that the Hanifen Holdings' Board of Directors determines in good faith that the failure to accept such Hanifen Acquisition Proposal could reasonably be deemed to be a breach of its fiduciary duties if it did not accept, then Hanifen Holdings will pay Fiserv a termination fee of \$3,000,000 within 20 business days of such termination.

EXPENSES OF THE MERGER

Whether or not the Merger is consummated, each party to the Merger Agreement will pay its expenses incurred in connection with the Merger.

ACCOUNTING TREATMENT

It is anticipated that the Merger will be accounted for as a "purchase".

RESALE OF FISERV COMMON STOCK BY AFFILIATES

Fiserv Common Stock to be issued to shareholders of Hanifen Holdings in connection with the Merger has not been registered for resale under the Securities Act. Fiserv Common Stock received by the shareholders of Hanifen Holdings upon consummation of the Merger will be freely transferable under the Securities Act for resale except for shares issued to any person who may be deemed an "Affiliate" (as defined below) of Hanifen Holdings within the meaning of Rule 145 under the Securities Act. "Affiliates" are generally defined as persons who control, are controlled by, or are under common control with Hanifen Holdings at the time of the Special Meeting (generally, directors, certain executive officers and major shareholders).

Affiliates of Hanifen Holdings may not sell their shares of Fiserv Common Stock acquired in connection with the merger, except pursuant to an effective Registration Statement under the Securities Act covering such shares or in compliance with Rule 145 or another applicable exemption from the registration requirements of the Securities Act. In general, under Rule 145, for one year following the Effective Date, an Affiliate (together with certain related persons) would be entitled to sell shares of Fiserv Common Stock acquired in connection with the Merger only through unsolicited "broker transactions" or in transactions directly with a "market maker," as such terms are defined in Rule 144 under the Securities Act. Additionally, the number of shares to be sold by an Affiliate (together with certain related persons and certain persons acting in concert) during such one-year period within any three-month period for purposes of Rule 145 may not exceed the greater of one percent of the outstanding shares of Fiserv Common Stock or the average weekly trading volume

35

of such stock during the four calendar weeks preceding such sale. Rule 145 would remain available to Affiliates only if Fiserv remained current with its information filings with the Commission under the Exchange Act. One year after the Effective Date, an Affiliate would be able to sell such Fiserv Common Stock without such manner of sale or volume limitations, provided that Fiserv was current with its Exchange Act information filings and such Affiliate was not then an Affiliate of Fiserv. Two years after the Effective Date, an Affiliate would be able to sell such shares of Fiserv Common Stock without any restrictions so long as such Affiliate had not been an Affiliate of Fiserv for at least three months prior thereto.

Fiserv has agreed to register the Fiserv Common Stock of the Affiliates of Hanifen Holdings upon closing of the Merger, at which time such Fiserv Common Stock will be freely transferable.

CERTAIN REGULATORY MATTERS

No federal or state regulatory requirements remain to be complied with in connection with the Merger, except for certain required notifications and closing and post-closing filings and except that, as of the date of this Proxy Statement/Prospectus, the waiting period under the HSR Act had not expired.

RIGHTS OF HANIFEN HOLDINGS DISSENTING SHAREHOLDERS

Set forth below is a summary of dissenters' rights available to Hanifen Holdings shareholders, which summary is not intended to be a complete statement of applicable Colorado law and is qualified in its entirety by reference to Article 113 of the CBCA, set forth in its entirety as Appendix B.

FISERV HAS RESERVED THE RIGHT TO TERMINATE THE MERGER AGREEMENT AND ABANDON THE MERGER IF HOLDERS OF MORE THAN 5% OF THE OUTSTANDING SHARES OF THE HANIFEN COMMON STOCK DISSENT FROM THE MERGER AND SEEK PAYMENT FOR THEIR SHARES IN ACCORDANCE WITH THE CBCA.

Right to Dissent. Shareholders of Hanifen Holdings are entitled to dissent from the Merger and obtain payment of the fair value of their shares if and when the Merger is effectuated. A shareholder entitled to dissent and obtain payment for the shareholder's shares under Article 113 of the CBCA may not challenge the corporate action (i.e., the Merger) creating the right to dissent, unless the

action is unlawful or fraudulent with respect to the shareholder or the corporation.

Under Section 7-113-103, of the CBCA, a record shareholder may assert dissenters' rights as to fewer than all the shares registered in the record shareholder's name only if the record shareholder dissents with respect to all shares beneficially owned by any one person and causes the corporation to receive written notice which states such dissent and the name, address and federal taxpayer identification number, if any, of each person on whose behalf the record shareholder asserts.

36

Section 7-113-103(2) of the CBCA provides that a beneficial shareholder may assert dissenters' rights as to the shares held on the beneficial shareholder's behalf only if (a) the beneficial shareholder causes the corporation to receive the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights, and (b) the beneficial shareholder dissents with respect to all shares beneficially owned by the beneficial shareholder.

Hanifen Holdings will require that, when a record shareholder dissents with respect to the shares held by any one or more beneficial shareholders, each such beneficial shareholder must certify to Hanifen Holdings that the beneficial shareholder and the record shareholder or record shareholders of all shares owned beneficially by the beneficial shareholder have asserted, or will timely assert, dissenters' rights as to all such shares as to which there is no limitation on the ability to exercise dissenters' rights.

Procedure for Exercise of Dissenters' Rights. The notice accompanying this Prospectus/Proxy Statement states that shareholders are entitled to assert dissenters' rights under Article 113 of the CBCA. A Hanifen Holdings' shareholder who wishes to assert dissenters' rights must: (a) cause Hanifen Holdings to receive, before the vote is taken on the Merger, written notice of the shareholder's intention to demand payment for the shareholder's shares if the Merger is effectuated; and (b) not vote the shares in favor of the Merger. A SHAREHOLDER WHO DOES NOT SATISFY THE FOREGOING REQUIREMENTS WILL NOT BE ENTITLED TO DEMAND PAYMENT FOR HIS OR HER SHARES UNDER ARTICLE 113 OF THE CBCA.

If the Merger is authorized, Hanifen Holdings must give a written notice to dissenters who are entitled to demand payment for their shares. The notice required to be given by Hanifen Holdings must be given no later than 10 days after the Effective Date and: (a) state that the Merger was authorized and state the Effective Date or proposed Effective Date; (b) inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received; (c) supply a form for demanding payment, which form will request a dissenter to state an address to which payment is to be made; (d) set the date by which Hanifen Holdings must receive the payment demand, which date must not be less than 30 days after the date the notice is given; (e) state that if a record shareholder dissents with respect to the shares held by any one or more beneficial shareholders each such beneficial shareholder must certify to Hanifen Holdings that the beneficial shareholder and the record shareholder or record shareholders of all shares owned beneficially by the beneficial shareholder have asserted, or will timely assert, dissenters' rights as to all such shares as to which there is no limitation of the ability to exercise dissenters' rights; and (f) be accompanied by a copy of Article 113 of the CBCA.

A shareholder who is given a dissenters' notice to assert dissenters' rights and who wishes to exercise dissenters' rights must, in accordance with the terms of the dissenters' notice, cause Hanifen Holdings to receive a payment

demand, which may be a demand form supplied by Hanifen Holdings, duly completed, or some other acceptable writing. A shareholder who demands payment

37

in accordance with the foregoing retains all rights of a shareholder, except the right to transfer the shares, until the Effective Date, and has only the right to receive payment for the shares after the Effective Date. The demand for payment is irrevocable, except that if the Effective Date does not occur within 60 days after the date set by Hanifen Holdings by which it must receive the payment demand, Hanifen Holdings must release the transfer restrictions imposed on uncertificated shares. If the Effective Date occurs more than 60 days after the date set by Hanifen Holdings by which it must receive the payment demand, then Hanifen Holdings must send a new dissenters' notice. A SHAREHOLDER WHO DOES NOT DEMAND PAYMENT AS REQUIRED BY THE DATE OR DATES SET IN THE DISSENTERS' NOTICE IS NOT ENTITLED TO PAYMENT FOR HIS OR HER SHARES AND WILL BE ENTITLED ONLY TO EXCHANGE HIS OR HER HANIFEN COMMON STOCK FOR FISERV COMMON STOCK BASED ON THE EXCHANGE RATIO.

At the Effective Date or upon receipt of a payment demand, whichever is later, Hanifen Holdings will pay each dissenter who complied with the notice requirements discussed above Hanifen Holdings' estimate of the fair value of the dissenter's shares, plus accrued interest. Payment will be accompanied by Hanifen Holdings' audited balance sheet as of the end of its most recent fiscal year, an income statement for that year, an audited statement of changes in shareholders' equity for that year and an audited statement of cash flow for that year, as well as the latest available financial statements, if any, for the interim period, which interim financial statements will not be audited. Payment will also be accompanied by a statement of Hanifen Holdings' estimate of the fair value of the shares and an explanation of how the interest was calculated, along with a statement of the dissenter's right to demand payment if the dissenter is dissatisfied with the payment and a copy of Article 113 of the CBCA.

If a dissenter is dissatisfied with the payment, the dissenter may give notice to Hanifen Holdings in writing of the dissenter's estimate of fair value of the dissenter's shares and of the amount of interest due and may demand payment of such estimate, less any payment made prior to such notice, or the dissenter may reject Hanifen Holdings' offer and demand payment of the fair value of the shares and interest due if: (a) the dissenter believes that the amount paid or offered is less than the fair value of the shares or that the interest due was incorrectly calculated; (b) Hanifen Holdings fails to make payment within 60 days after the date set by Hanifen Holdings by which it must receive the payment demand; or (c) Hanifen Holdings does not release the transfer restrictions imposed on uncertificated shares, then Hanifen Holdings must send a new dissenters' notice. A DISSENTER WAIVES THE RIGHT TO DEMAND PAYMENT UNDER THIS PARAGRAPH UNLESS THE DISSENTER CAUSES HANIFEN HOLDINGS TO RECEIVE THE NOTICE REQUIRED WITHIN 30 DAYS AFTER HANIFEN HOLDINGS MADE OR OFFERED PAYMENT FOR THE SHARES OF THE DISSENTER.

Judicial Appraisal of Shares. If a demand for payment made by a dissatisfied dissenter as set forth above is unresolved, Hanifen Holdings may, within 60 days after receiving the payment demand, commence a proceeding and petition a court to determine the fair value of the shares and accrued interest. If Hanifen Holdings does not commence the proceeding within the 60-day period, it must pay to each dissenter whose demand remains unresolved the amount demanded. Hanifen

38

Holdings must commence the proceeding described above in the District Court of the City and County of Denver, Colorado. Hanifen Holdings must make all dissenters whose demands remain unresolved parties to the proceeding as in an action against their shares, and all parties must be served with a copy of the petition. The jurisdiction of the court in which the proceeding is commenced is plenary and exclusive. One or more persons may be appointed by the court as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers will have the powers described in the court order appointing them. The parties to the proceeding will be entitled to the same discovery rights as parties in other civil proceedings. Each dissenter made a party to the proceeding will be entitled to judgment for the amount, if any, by which the court finds the fair value of the dissenter's shares, plus interest, exceeds the amount paid by Hanifen Holdings, or for the fair value, plus interest, of a dissenter's shares for which Hanifen Holdings elected to withhold payment.

The court in an appraisal proceeding will determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court will assess the costs against Hanifen Holdings; except that the court may assess costs against all or some of the dissenters, in the amount the court finds equitable, to the extent the court finds that dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment. The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the courts find equitable: (a) against Hanifen Holdings and in favor of any dissenters if the court finds

that Hanifen Holdings did not substantially comply with the procedures for the exercise of dissenters' rights set forth above; or (b) against either Hanifen Holdings or one or more dissenters, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously or not in good faith with respect to the rights provided by Article 113 of the CBCA. If the court finds that the services of counsel for any dissenter were of substantial benefit to the other dissenters similarly situated, and that the fees for those services should not be assessed against Hanifen Holdings, the court may award to said counsel reasonable fees to be paid out of the amount awarded to the dissenters who were benefitted.

INTERESTS OF CERTAIN PERSONS IN THE MERGER

In considering the Merger and the proposals to sell certain assets of Hanifen Brokerage and Hanifen Investments, Hanifen Holdings' shareholders should be aware that one director of Hanifen Holdings and the president and chief executive officer of Hanifen Clearing have interests in such transactions that are in addition to the interests of the Hanifen Holdings' shareholders generally.

Walter F. Imhoff, a director of Hanifen Holdings, is negotiating a consulting agreement with Hanifen Holdings. Pursuant to such consulting agreement, Mr. Imhoff will receive a one-time payment of \$1,000,000, which amount is expected to be funded by Hanifen Holdings prior to Effective Date. It is expected that this consulting agreement will be contingent upon closing of the transaction with New Hanifen. No definitive agreement has been finalized as of the date of this

39

Proxy Statement/Prospectus. In addition, Mr. Imhoff will be the president and chairman of the board of New Hanifen.

George Johnson, currently the president and chief executive officer of Hanifen Clearing, is negotiating an employment agreement with Fiserv, which agreement is a condition precedent to the closing of the Merger. Such agreement, which has not been finalized as of the date of this Proxy Statement/Prospectus, will have a three-year term and provide for payment of a base annual salary of \$80,000 and bonuses dependent upon results of Hanifen Clearing. Based upon the projected performance of Hanifen Clearing, Mr. Johnson could receive annual cash compensation of approximately \$1,450,000 during 1998. In addition, Mr. Johnson will be granted options to purchase 35,000 shares of Fiserv Common Stock under the Fiserv, Inc. Stock Option Plan, with an exercise price equal to the closing market price on the Effective Date, which options will vest over a five-year period beginning on the fourth anniversary date of the Effective Date. The employment agreement will also include provisions governing termination for "cause" and certain non-compete restrictions.

None of Hanifen Holdings' executive officers or directors has an agreement for additional compensation from Hanifen Holdings, or rights which become effective upon a change of control, such as the Merger. Certain of the directors and executive officers of Hanifen Holdings own shares of Hanifen Common Stock. Such shares will be converted in the Merger on the same terms and conditions as apply to all other Hanifen Holdings' shareholders. As of the Record Date, Hanifen Holdings' directors and executive officers, and their affiliates, beneficially owned approximately 21.9% of all issued and outstanding shares of Hanifen Common Stock.

OTHER HANIFEN HOLDINGS SUBSIDIARIES

Prior to the Effective Date, Hanifen Brokerage and Hanifen Investments will sell certain of their assets.

Hanifen Brokerage. The sale of certain of the assets of Hanifen Brokerage is currently being negotiated with a new corporation which has been formed by a group of current employees of Hanifen Brokerage for a purchase price of \$1,276,000, plus the adjusted net book value of the assets being acquired, plus the assumption of certain of the liabilities of Hanifen Brokerage. In connection with such sale, Hanifen Holdings has agreed to pay up to \$250,000 of the expenses incurred by the purchaser related to the formation and capitalization of the purchaser. No definitive agreement has been completed as of the date of this Proxy Statement/ Prospectus. The closing of such sale is a condition to closing the Merger.

Appraisal of Hanifen Brokerage. The Hanifen Companies obtained an appraisal (the "Appraisal") of the 100% controlling ownership equity capital interest in Hanifen Brokerage, as of September 30, 1997, exclusive of the assets of Hanifen Brokerage which are not being sold to New Hanifen, from Ehrhardt Keefe Steiner & Hottman PC, certified public accountants and

40

consultants (the "Appraiser"). The Appraiser was referred to the Hanifen Companies by its outside legal counsel and was chosen based upon the Appraiser's professional reputation.

Upon written request, a copy of the Appraisal shall be made available for inspection and copying at the principal executive offices of Hanifen Holdings during its regular business hours by any shareholder of Hanifen Holdings or will be mailed by Hanifen Holdings, at the expense of the requesting shareholder, to any shareholder of Hanifen Holdings.

In rendering its opinion, the Appraiser, among other things, reviewed: (a) Hanifen Holdings' audited financial statements for the fiscal years ended September 29, 1995 through September 28, 1996 and unaudited financial statements prepared for fiscal year ended September 27, 1997; (b) internally prepared valuations and budgets for fiscal years 1997 and 1998; (c) internally prepared adjusted balance sheet of New Hanifen as of September 1997; (d) Hanifen Brokerage's profit sharing plan and trust as of October 1, 1994; (e) marketing pamphlets for the various divisions of Hanifen Brokerage; (f) employee benefits and key person biographies; (g) pending and existing contracts of Hanifen Brokerage; (h) NYSE and Commission examinations and current litigation; (i) a private placement memorandum of New Hanifen; (j) general information on the U.S. economy; (k) economic information on Colorado, and the Rocky Mountain region; (l) information on the investment industry; (m) financial information on publicly-traded companies in the securities business, and (n) prior valuations prepared by outside parties for the Hanifen Companies. In addition, the Appraiser visited Hanifen Brokerage's offices in Denver, Colorado on various dates and interviewed key management personnel.

In valuing Hanifen Brokerage, the Appraiser considered, among other factors, all of the elements of appraisal listed in Internal Revenue Service Revenue Ruling 59-60, which generally prescribes methods for the valuation of closely-held stocks and includes the following: (a) the nature of the business and the history of the company; (b) the economic outlook in general and the outlook of the securities industry in particular; (c) the book value and the financial condition of the company; (d) the earning capacity of the company; (e) the dividend-paying capacity of the company; (f) whether or not the company has goodwill or other intangible value; and (g) sales of the stock and the size of the block to be valued.

The Appraiser relied upon three valuation methods to determine the fair market value of a controlling interest in the equity capital of Hanifen Brokerage. These methods were the guideline publicly-traded company method, capitalization of earnings, and the adjusted net assets method.

In the guideline publicly-traded company method, the Appraiser estimated the value of Hanifen Brokerage's controlling equity interest by analyzing the prices of publicly-traded companies in the security brokers, dealers, and flotation companies industry. The Appraiser relied on multiples of earnings, net-free cash flow, revenues, and tangible book value of guideline companies to estimate the market value of Hanifen Brokerage's equity capital.

41

The Appraiser performed the capitalization of earnings method based on historical financial information provided to the Appraiser by Hanifen Brokerage's management. The Appraiser used net free cash flow as the measure of economic income in the Appraiser's capitalization of earnings analysis.

The Appraiser developed net free cash flow estimates for the normalization of net free cash flow based on management's budgets and Hanifen Brokerage's historical performance, as adjusted for nonrecurring income and expenses included in the historical operations. After the normalized estimate of net free cash flow was derived, the Appraiser increased the economic income stream by a long-term sustainable growth rate, and capitalized the income stream based on an appropriate capitalization rate for Hanifen Brokerage.

The Appraiser used the adjusted balance sheet method to value Hanifen Brokerage's capital. All assets and liabilities were adjusted to their estimated fair market values, and liabilities were deducted from assets to arrive at a tangible equity value, based on information that the Appraiser received information from management relating to adjustments required to reflect the economic value of the assets and liabilities to be acquired by New Hanifen. The Appraiser then assumed that all assets and liabilities were reflected at their economic values, changed all assets and liabilities according to changes required to create New Hanifen, and adjusted net equity by all of those changes.

The indicated values from each of these methods represent the publicly-traded equivalent value, or fully marketable price, for Hanifen Brokerage equity capital. In addition, the Appraiser considered lack of marketability discounts and also control premiums for all methods employed.

Based upon the above analysis and considering all relevant factors that affect the valuation, the Appraiser's opinion was that the fair market value of Hanifen Brokerage's equity capital for purposes described above, as of September 30, 1997 was within a range of \$4,750,000 to \$5,100,000.

Hanifen Investments. The sale of certain of the assets of Hanifen Investments is also a condition to closing the Merger. Hanifen Holdings has

entered into two non-binding letters of intent related to the assets of Hanifen Investments. The first letter of intent is for the sale to an unrelated third-party of the general partnership interest and a 9.5% carried interest in Hanifen, Imhoff Mezzanine Fund, L.P. (the "Mezzanine Fund") owned by Hanifen, Imhoff Capital Partners ("Capital Partners"), a wholly-owned subsidiary of Hanifen Investments, for a purchase price of \$1,760,000.

The second letter of intent is for the sale of the assets of Hanifen, Imhoff Investment Management Co. ("Management Co."), which is also a wholly-owned subsidiary of Hanifen Investments, for a purchase price of \$500,000 to an entity to be formed by a group of Hanifen Investments employees.

RESULTS OF OPERATIONS

The following table sets forth, for the periods indicated, the relative percentage which certain items in Fiserv's consolidated statements of income bear to revenues and the percentage change in those items from period to period. The table and the following discussion exclude certain charges to 1995 operations associated with the acquisition of Information Technology, Inc. aggregating \$182.9 million, relating to the write-off of incomplete software technology and accelerated amortization of computer software acquired.

</TABLE>

Revenues increased \$110,345,000 in 1996 and \$133,807,000 in 1995. In both years, approximately 55% of the growth resulted from the inclusion of revenues from the date of purchase of acquired businesses and the balance in each year from the net addition of new clients, growth in the transaction volume experienced by existing clients and price increases.

Cost of revenues increased \$82,359,000 in 1996 and \$99,292,000 in 1995. As a percentage of revenues, cost of revenues decreased 1.3% from 1995 to 1996 and 2.0% from 1994

46

to 1995. The make up of cost of revenues has been significantly affected in both years by business acquisitions and by changes in the mix of Fiserv's business as sales of software and related support activities and item processing and electronic funds transfer operations have enjoyed an increasing percentage of total revenues.

A significant portion of the purchase price of Fiserv's acquisitions has been allocated to intangible assets, such as client contracts, computer software, non-competition agreements and goodwill, which are being amortized over time, generally three to 40 years. Amortization of these costs increased \$5,143,000 from 1995 to 1996 and \$5,188,000 from 1994 to 1995. As a percentage of revenues, these costs also increased in both years.

Capitalization of internally generated computer software is stated net of amortization and decreased \$3,217,000 in 1995 and \$10,114,000 in 1996. Net software capitalized was more than offset by amortization in 1996 due to the accelerated amortization of software resulting from the planned consolidation of certain product lines.

Operating income increased \$27,986,000 in 1996 and \$34,515,000 in 1995. As a percentage of revenues, operating income increased 1.3% in 1996 and 2.0% in 1995.

The effective income tax rate was 41% in 1996, 40% in 1995 and 39% in 1994. The trend to higher income tax rates results from net increases in non-deductible permanent differences. The effective income tax rate for 1997 is

Amortization (capitalization) of internally generated software-net	(0.3)	(0.3)
Total cost of revenues	82.6	82.2
Operating income	17.4	17.8

</TABLE>

REVENUES

Revenues increased 8.8% from \$647,907,000 in the first nine months of 1996 to \$704,960,000 in the comparable current period. Approximately 30% of the year to date growth resulted from the inclusion of revenues from the date of purchase of acquired companies, and approximately 70% resulted from increases in revenue from the addition of new clients, growth in the transaction volume experienced by existing clients, and price increases. Fiserv provides item processing services in the Canadian market through a joint venture with Canadian Imperial Bank of Commerce, the revenues from which are recorded on a fee basis. If the gross revenues from this activity were recognized, Fiserv's revenues for the first nine months of 1997 would have increased by \$151,053,000 or 23%.

49

COST OF REVENUES

Cost of revenues increased 9.3% from \$532,845,000 in the first nine months of 1996 to \$582,522,000 in the first nine months of 1997. The increase in cost of revenues for the nine months was disproportionate to the increase in revenues due to approximately \$3,600,000 of severance payments in connection with restructuring of the item processing contract with Chase Manhattan Bank and merger related expenses of \$3,700,000 associated with the acquisition of BHC Financial, Inc. ("BHC"). Amortization of intangible assets decreased due to reduced amortization of intangible assets recorded in the acquisition of Information Technology, Inc.

OPERATING INCOME

Operating income increased 6.4% from \$115,062,000 in the first nine months of 1996 to \$122,438,000 in the first nine months of 1997. As a percentage of revenues, operating margins were lower during the first nine months of 1997 when compared to the comparable prior year period. This decrease resulted primarily from charges related to one-time merger expenses and reduced impact of termination fees.

INTEREST EXPENSE - NET

As a result of substantial debt reductions and slightly lower effective rates, interest expense decreased \$5.5 million for the first nine months of 1997 when compared to the 1996 period.

INCOME TAX PROVISION

Income taxes were computed at 41% in both 1997 and 1996. The 41% rate is expected to apply throughout the current year.

NET INCOME

Net income for the first nine months, which was reduced by \$3,100,000 for acquisition costs of BHC, increased 12% from \$59,300,000 in 1996 to \$66,616,000 in 1997. Net income per share for the first nine months, after merger related expenses of \$.06, increased \$.11 from \$1.14 in 1996 to \$1.25 in 1997. Net income per share increased \$.26 in the first nine months of 1997 after the charges associated with the acquisition of BHC, when compared with net income per share as originally presented for 1996. The increase in net income per share over 1996 as originally presented was consistent with management's expectations.

and the contractual nature of its business, combined with its historical renewal experience, provide a high level of recurring revenues.

The Fiserv Securities Processing Group provides a wide range of traditional processing and related services to support all aspects of a retail brokerage operation. In addition, the Securities Processing Group provides an array of complementary products and services, such as specialized processing for bank and capital markets departments, mutual fund processing for both load and no load funds, self-directed retirement plans, equity dividend reinvestment plans, investment management accounts, mutual fund wrap accounts, annuity processing, and customized Internet, telephony and programming.

Fiserv was formed on July 31, 1984, through the combination of two major regional data processing firms located in Milwaukee, Wisconsin, and Tampa, Florida. These firms--First Data Processing of Milwaukee and Sunshine State Systems of Tampa--began their operations in 1964 and 1971, respectively, as the data processing operations of their parent financial institutions. Historically, operations were expanded by developing a range of services for these parent organizations as well as other financial institutions.

Since Fiserv's formation in 1984, it has expanded its operations through over 60 acquisitions and internally through the growth of existing clients. From 1988 to 1996, Fiserv's revenues increased from \$125.0 million to \$879.4 million, its operating income increased from \$15.5 million to \$153.6 million, and its net income grew from \$9.2 million to \$79.7 million. During this period, net income per common and common equivalent share increased from \$.33 to \$1.53.

HANIFEN HOLDINGS MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL

Hanifen Holdings is a financial services and investment banking firm headquartered in the Rocky Mountain region. Hanifen Holdings, through its subsidiaries, offers a full spectrum of investment and brokerage services to corporations, institutions, municipalities, individuals and other broker-dealers. Hanifen Clearing, a New York Stock Exchange, Inc. ("NYSE") electronic access member, serves as a clearing broker for customers of correspondent broker-dealers, including Hanifen Brokerage. The operations of Hanifen Brokerage, a NYSE member, consist

53

of two capital markets groups made up of equity and fixed income products and money management. The equity capital markets group provides equity trading, institutional equity, research and sales and corporate finance services, while the fixed income capital markets group provides fixed income trading, institutional municipal sales and public finance services. Money management involves providing advisory services. Hanifen Investments acts as the merchant banking arm of Hanifen Holdings.

Hanifen Clearing's principal sources of revenue are derived from securities clearing services to broker-dealer firms ("correspondents") located throughout the United States. Revenues principally include clearing fees, margin interest, and other miscellaneous fees which are ancillary to customer securities transactions of the correspondents. Hanifen Brokerage's principal sources of revenue are derived from equity and fixed income capital markets and money management. Hanifen Investments' principal source of revenue is the return on those funds invested in the Mezzanine Fund through Capital Partners and the fee

earned on managing the Mezzanine Fund through Management Co.

The major non-interest expenses incurred by Hanifen Holding's subsidiaries relate to employees' compensation and benefits, general administrative and other expenses, communication expenses and other direct costs of execution and clearing services, such as floor brokerage and clearing charges, and occupancy and supplies costs.

Although Hanifen Holdings' business cannot be characterized as seasonal, the retail brokerage activity of Hanifen Clearing's correspondent clients is typically, but not always, slower in the months of June, July and August. Reduced transaction volume generally results in reduced levels of clearing transaction and other ancillary fees. Variations in transaction volume may cause Hanifen Holdings' operating results to fluctuate slightly on a quarter-to-quarter basis.

54

HANIFEN CLEARING

Hanifen Clearing generally markets its services to correspondents that typically have significant retail operations, underwriting activities and trading of small-cap stocks in the over the counter market. (For purposes of this Proxy Statement/Prospectus, "small-cap" means companies having a market capitalization of between \$1 million and \$50 million.) Hanifen Clearing also services and markets to broker-dealers that serve an institutional client base in both equity and debt securities. Currently a significant portion, approximately 80%, of Hanifen Clearing's transaction fee revenues are dependent on approximately ten correspondent clients, approximately 6% of which is from Hanifen Brokerage. Of those ten accounts, four have entered into clearing arrangements that extend into the year 2000 and beyond, and the remainder of those clearing arrangements expire in 1998. All of Hanifen Clearing's arrangements that expire in 1998 or 1999 have provisions for automatic extensions of up to one year at the option of Hanifen Clearing, provided the correspondent client does not give notice 60 days prior to the expiration date of the contract. Management of Hanifen Clearing believes that the majority of these contracts will be automatically extended. Approximately 70% of the customer margin account balances were introduced by six correspondent clients, five of which also represent the majority of the transaction fee revenue.

During 1997, 1996 and 1995, business conditions for Hanifen Clearing's correspondent clearing clients were favorably affected by stable short term interest rates which helped increase the activity in both the equity and mutual fund markets. Many of Hanifen Clearing's correspondent clients enjoyed significant increases in commission and underwriting business during fiscal year ends 1995 and 1996, which translates to increased transaction fees and interest income to Hanifen Clearing. During calendar year 1996 and early calendar year 1997, the market for NASDAQ small-cap stocks, which is the primary market where most of Hanifen Clearing's correspondent clients retail business is concentrated, experienced decreased demands. This condition translated into a decline in transaction volume, most notably in their correspondent clients' underwriting activities of Hanifen Clearing's correspondent clients.

Hanifen Clearing attempts to mitigate the risk of loss by entering into longer term contracts with larger clients, providing superior products and services at "cost effective" prices and developing software and systems for clients that meet their specific needs. Hanifen Clearing markets its services to prospective clients on a continuing basis.

HANIFEN BROKERAGE

A substantial portion of Hanifen Brokerage's commission business involves the execution of transactions in securities. The primary source of revenue from equity activities is negotiated-commission revenue earned from providing customers with liquidity, trading expertise, trade-processing capability, research, and investment advice. Investment advice includes industry and company analyses, overall strategic guidance and company recommendations.

55

Hanifen Brokerage's individual-investor sales force concentrates on servicing individual clients that possess a high net worth and corporations that engage in securities transactions of a size sufficient to benefit from Hanifen Brokerage's full range of corporate services. The corporate services department of Hanifen Brokerage also provides liquidity for employees of Hanifen Brokerage's corporate finance clients through the sale of restricted securities.

HANIFEN INVESTMENTS

Hanifen Investments acts as the merchant banking arm of Hanifen Holdings. Hanifen Investments derives its revenue from the investment in and management of the Hanifen, Imhoff Mezzanine Fund, L.P. (the "Mezzanine Fund"). The Mezzanine Fund is an active investor in the small mezzanine market nationally, with approximately \$60.0 million under management. The Mezzanine Fund has made approximately 36 investments in 21 companies since its inception in August 1994.

IMPORTANT FACTORS REGARDING FORWARD-LOOKING STATEMENTS

Statements regarding Hanifen Holdings' expectations as to its future operations and financial condition and certain other information presented herein constitute forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Although Hanifen Holdings believes that its expectations are based on reasonable assumptions within the bounds of its knowledge of its business and operations, there can be no assurance that actual results will not differ materially from its expectations. Factors which could cause actual results to differ from expectations include a general downturn in the economy or the stock markets and the related transaction activity, substantial changes in interest rates, the gain or loss of significant customers, unforeseen new competition, changes in government policy or regulation and unforeseen costs and other effects related to legal proceedings.

RESULTS OF OPERATIONS

Hanifen Holdings' clearing revenues are directly affected by the income derived from its volume of securities clearing services. Such revenues are also affected by the interest rate charged on customer margin debit balances. The information in the table below should be considered when reading the discussion and analysis of operating results that follow the table.

NINE MONTHS ENDED JUNE 27, 1997 COMPARED TO THE NINE MONTHS ENDED JUNE 28, 1996

Consolidated income before income taxes for the nine months ended June 27, 1997 was \$9.4 million which was \$6.1 million, or 39%, less than the \$15.5 million generated in the nine months ended June 28, 1996. The decrease was the result of decreases in consolidated revenues of \$4.8 million and increases in consolidated expenses of \$1.3 million. The significant revenue and expense decreases and increases are discussed below.

Clearing fees decreased from \$15.7 million for the nine months ended June 28, 1996, to \$12.9 million for the nine months ended June 27, 1997, an 18% decrease. The decrease is due to reduced transaction volume of 15% for the period and a decrease in the miscellaneous fees charged to correspondents. These decreases were offset in part by a revenue per ticket increase of \$.54, or 4%, for the nine months ended June 27, 1997 when compared to the same period ended June 28, 1996. Generally, in periods where daily transaction volumes are increasing, revenue will increase, while clearing service revenue per ticket will remain constant. Service revenue per ticket will remain constant because, despite the increased volume, some correspondent clients receive volume discounts. Hanifen Holdings continues to face pressure on profit margins in the form of general pricing pressure from increased market competition.

For the nine months ended June 27, 1997, margin interest revenue decreased from \$7.6 million for the nine months ended June 28, 1996 to \$7.1 million, a 6% decrease. The decrease was due to decreases in the amount of margin debt carried for customers of correspondents. Total receivable balances of customers of correspondents outstanding as of the end of the period decreased from \$145.2 million at June 28, 1996 to \$111.8 million at June 27, 1997, or 23%. In addition, while the average broker call rate increased 14 basis points on the margin debt, Hanifen Clearing split an increased amount of such customer charges with its correspondent clients under contractual clearing

57

agreements for the nine months ended June 27, 1997 when compared to the same period ended June 28, 1996. Other interest income decreased approximately \$0.3 million from \$1.5 million for the nine months ended June 28, 1996 to \$1.2 million for the nine months ended June 27, 1997, a 20% decrease, due to a decrease in securities borrowed, securities inventory and other interest bearing assets.

Revenues generated by the equity capital markets group increased from \$10.6 million during the nine months ended June 28, 1996 to \$11.8 million for the nine months ended June 27, 1997, a 11% increase. This increase was primarily due to an increase in commissions earned on agency transactions, and increased investment advisory fees, offset by a decrease in the revenue recognized on the exercise of underwriters warrants. Revenues generated by the fixed income group decreased from \$5.7 million during the nine months ended June 28, 1996 to \$4.2 million for the nine months ended June 27, 1997, a 26% decrease. The decrease was primarily due to a decrease in the number of offerings brought to market by public finance and a corresponding decrease in the secondary trading of fixed income instruments. Revenues generated from money management decreased from \$0.8 million during the nine months ended June 28, 1996 to \$0.3 million during the nine months ended June 27, 1997, a 59% decrease. This decrease relates to a contractual arrangement to reduce fees for advisory services performed for the Colorado Local Government Liquid Asset Trust ("COLOTRUST") from 4.5 basis points to 4 basis points of the total amount of assets under management. Management has been informed that the COLOTRUST Investment Advisory contract will not be renewed upon its expiration on December 31, 1997.

Management fee revenue earned by Management Co., calculated at 2% of capital commitments and SBA funding to the Mezzanine Fund, and a potential 1 1/2% of the initial investments made by the Mezzanine Fund, increased from \$0.6 million for the nine month period ended September 28, 1996, to \$0.8 million for the nine month period ended September 27, 1997. This \$0.2 million increase is due to the increased investing activity of the Mezzanine Fund and the increase of the fund from \$45.0 million at September 1996 to \$50.0 million in 1997. Investment revenue earned by Capital Partners decreased by \$0.1 million primarily due to Capital Partner's proportionate share of a \$1.0 million gain recognized by the Mezzanine Fund on the sale of warrants in December of 1995.

Expenses, including interest, increased by 4% in the nine months ended June 27, 1997 compared to the same period in the nine months ended June 28, 1996. The increases were primarily related to the increase in general and administration expense of \$3.2 million, the most significant of which were a \$1.7 million loss on a receivable from the market making activities of a Hanifen Clearing correspondent and the \$1.0 million reserve of a subordinated loan to a correspondent client by Hanifen Clearing. These increases were offset by a reduction in employee compensation and interest. The decreases in communications, floor brokerage and execution, occupancy and depreciation were minimal.

Employees' compensation and benefits decreased from \$19.5 million in the nine months ended June 28, 1996 to \$17.5 million in the nine months ended June 27, 1997, a 10%

58

decrease. The decrease was primarily due to a large portion of compensation being based on gross revenues and/or firm profitability. Average full time equivalents remained unchanged for the nine months ended June 27, 1997 when compared to the nine months ended June 28, 1996. Recurring salary adjustments increased an average of 3% during the nine months ended June 27, 1997 compared to the nine months ended June 28, 1996.

The decreased funding requirements due to the decline of interest bearing assets resulted in a 27% decrease in interest expense from \$2.7 million in the nine months ended June 28, 1996 to \$2.0 million in the nine months ended June 27, 1997.

Income tax expense decreased \$2.4 million and the effective tax rate was 37% in the nine months ended June 27, 1997 compared to a 38% effective tax rate in the nine months ended June 28, 1996.

1996 COMPARED TO 1995

Consolidated income before income taxes for the year ended September 27, 1996 ("1996") reached \$18.0 million which was \$5.2 million, or 41%, greater than the \$12.8 million generated in the year ended September 29, 1995 ("1995"). The increase was the result of increases in consolidated revenues of \$12.6 million offset by increases in consolidated expenses of \$7.4 million. The more significant increases are as follows.

Clearing fees increased to \$19.9 million for 1996 from \$17.2 million in 1995, a 16% increase. The increase was due to increased transaction volume of 32% for the period. The average revenue per ticket declined by \$2.54, or 14%, in 1996 when compared to 1995. A portion of this decline was due to volume discounts that a number of the larger correspondent clients enjoyed in 1996 due to their increased volumes, and in part, it was due to the general pricing pressure from increased market competition.

For 1996, margin interest increased to \$10.1 million from \$7.9 million in 1995, a 28% increase. Total customer receivables outstanding increased \$3.8

million, or 3%, for 1996 when compared to 1995. In addition, the average broker call rate decreased 22 basis points for 1996 when compared to 1995. Other interest income increased \$0.3 million in 1996, a 37% increase, due to an increase in securities borrowed and other interest bearing assets.

Revenues generated by the equity capital markets group increased from \$9.4 million during 1995 to \$13.0 million in 1996, a 38% increase. This increase was primarily due to an increase in trading profits earned on principal transactions, increased underwriting and investment advisory fees, and increased gains recognized on the exercise of underwriters warrants. Revenues generated by the fixed income group increased from \$4.7 million during 1995 to \$6.8 million in 1996, a 45% increase. The increase was due primarily to an increase in the volume of municipal underwriting by the public finance department which in turn increased the volume of secondary

59

trading. The increase in municipal underwriting was caused primarily because interest rates in general decreased, which in turn increased the volume of transactions relating to refunding of prior bond offerings, coupled with the increased volume of original issuances of debt finances. Revenues generated from money management decreased from \$1.6 million during 1995 to \$0.8 million during 1996, a 45% decrease. This decrease relates to a contractual arrangement to reduce fees for advisory services performed for COLOTRUST from 18 basis points to 4.5 basis points of the total amount of assets under management.

Management fee revenue earned by Management Co. increased by \$0.2 million due to increased investing activity of the Mezzanine Fund and the increase of the fund from \$33.0 million in 1995 to \$45.0 million in 1996. Investment revenue earned by Capital Partners increased by \$0.1 million primarily due to Capital Partner's proportionate share of a \$1.0 million gain recognized by the Mezzanine Fund on the sale of warrants in December of 1995.

Total expenses increased from \$33.0 million in 1995 to \$40.4 million in 1996, a 22% increase. The significant increases were primarily compensation and benefits, and interest. In addition to these increases, slight increases were incurred in general and administration, communications, floor brokerage and occupancy and depreciation expenses.

Employees' compensation and benefits increased from \$19.6 million in 1995 to \$24.9 million in 1996, a 27% increase. The increase was primarily due to a large portion of compensation being based on gross revenues and/or firm profitability, both of which increased significantly. Average full time equivalents increased by 5% in 1996 when compared to 1995, and recurring salary adjustments increased an average of 5% from 1995 to 1996.

Interest expense increased \$1.0 million from \$2.6 million in 1995 to \$3.6 million in 1996, a 37% increase. A decrease in the average broker call rate and fed funds rates of approximately 22 basis points for 1996 compared to 1995, led to a decrease in the borrowing rate. This decline in rates was more than offset by the increased funding needed for the growth in interest bearing assets such as stock borrow and customer margin debt, resulting in an increase in interest expense.

Income tax expense increased \$2.1 million from \$4.7 million in 1995 to \$6.8 million in 1996, and the effective tax rate was 38% for 1996 and 37% for 1995.

1995 COMPARED WITH 1994

Consolidated income before income taxes for the year ended September 29, 1995 ("1995") reached \$12.8 million which was \$8.3 million, or 185%, greater than the \$4.5 million generated in the year ended September 30, 1994 ("1994"). The increase was the result of increases in consolidated revenues of \$9.4 million offset by increases in consolidated expenses of \$1.1 million.

60

Clearing and customer fees increased to \$19.4 million for 1995 from \$12.0 million in 1994, a 62% increase. The increase was due to increased transaction volume of 41% for the year, and an increase in the average revenue per ticket.

For 1995, interest revenue increased to \$9.1 million from \$4.8 million in 1994, a 88% increase. Total customer receivables balances outstanding increased \$49 million, or 65%, for 1995 when compared to 1994. Additionally, the average broker call rate increased 170 basis points for and an increase in 1995 when compared to 1994, a 30% increase.

Revenues generated by the equity capital markets group decreased from \$11.5 million during 1994 to \$9.4 million in 1995, a 21% decrease. This decrease was primarily due to a decrease in trading profits earned on principal transactions and decreased underwriting and investment advisory fees. Revenues generated by the fixed income groups decreased from \$4.9 million during 1994 to \$4.7 million in 1995, a 4% decrease. The decrease was primarily due to a

decrease in interest earned on fixed income inventory positions and a decrease in customer margin interest. Revenues generated from money management decreased from \$1.9 million during 1994 to \$1.6 million during 1995, a 14% decrease. This decrease relates to a contractual arrangement to reduce fees for advisory services performed for COLOTRUST from 20 basis points to 18 basis points of the total amount of assets under management.

Management fee revenue earned by Management Co. increased by \$0.6 million due to the increased investing activity of the Mezzanine Fund and the increase of the fund from \$0 at inception in July of 1994 to \$2.9 million at September 30, 1994 and to \$45.0 million at September 29, 1995. The year ended September 30, 1994 includes only two months of management fee revenue.

Total expenses increased from \$31.9 million in 1994 to \$33.0 million in 1995, a 4% increase. The significant increases were primarily interest and communications offset by reductions in general and administration and occupancy and supplies. In addition to these changes, slight increases were incurred in compensation and benefits, floor brokerage and depreciation.

Interest expense increased \$1.3 million from \$1.3 million in 1994 to \$2.6 million in 1995, a 100% increase. The increase was due to increases in margin and other interest bearing assets which resulted in increased loans. Total customer receivables balances outstanding increased \$49 million, or 65%, for 1995 when compared to 1994. Additionally, the average broker call rate increased 170 basis points for 1995 when compared to 1994, a 30% increase.

Employees' compensation and benefits increased to \$19.6 million in 1995 from \$19.2 million in 1994, a 2% increase. The slight increase was primarily due to an increase in the number of personnel. Average full time equivalents increased by 34% in 1995 when compared to 1994, and recurring salary adjustments increased an average of 7% from 1995 to 1994. This increase was partially offset by a slight decrease in the portion of compensation based on revenues and/or firm profitability as Hanifen Brokerage experienced a net operating loss in 1995.

61

Communications costs increased \$0.6 million from \$1.5 million in 1994 to \$2.1 million in 1995, a 34% increase. This reflects the companies' commitment to upgrade communication related efforts to remain in line with the current technology.

General and administration decreased \$0.8 million from \$6.3 million in 1994 to \$5.5 million in 1995, a 12% decrease. This was primarily due to the inclusion in 1994 of significant legal costs which did not repeat in 1995. Additionally, occupancy and supplies decreased \$0.4 million from \$1.6 million to \$1.2 million, a 26% decrease, as a result of increased supplies purchased during the last quarter of 1994 in anticipation of the October 1, 1994 reorganization.

Income tax expense increased \$3.1 million from \$1.6 million in 1994 to \$4.7 million in 1995, and the effective tax rate was 37% for both years.

LIQUIDITY AND CAPITAL RESOURCES

At September 27, 1996, 95% of assets consisted of cash, assets readily convertible into cash or assets collateralized by marketable securities. Stockholders' equity was \$27.6 million at September 27, 1996, up \$6.6 million, or 31%, from September 29, 1995, which was due to earnings of \$11.2 million less net stock redemptions of \$4.6 million.

Hanifen Clearing had uncommitted credit arrangements totaling \$54.5 million with several banks. At September 27, 1996, Hanifen Clearing had outstanding borrowings under these arrangements of \$35.5 million. These demand loans, which are used to finance receivables in customers' margin accounts, bear interest at the Federal Funds rate of the respective banks, plus approximately 100 basis points, and are collateralized by securities held in customers' margin accounts. In the opinion of management, Hanifen Clearings' existing credit arrangements are adequate to meet Hanifen Clearing's short-term operating capital needs.

Hanifen Clearing and Hanifen Brokerage are subject to the broker dealer requirements of the Commission. Hanifen Clearing and Hanifen Brokerage are subject to the requirements of the New York Stock Exchange, Inc., and the National Association of Securities Dealers, Inc., relating to liquidity, minimum net capital levels and the use of customer funds and securities. Hanifen Clearing and Hanifen Brokerage have always operated in excess of the applicable minimum net capital requirements. In the opinion of management, the existing capital and lines of credit are sufficient to meet the operating capital needs for the foreseeable future in light of known and reasonably estimated trends.

Hanifen Holdings has contacted each financial services bureau vendor to request a status of their compliance with year 2000 issues. Each of the service bureaus is being requested to address its schedule to become compliant. Additionally, Hanifen Holdings is performing a detailed analysis of all internal

systems hardware and software to determine their status. Management believes that Hanifen Holdings has taken the steps reasonably necessary to identify and address

62

material year 2000 issues and anticipates that Hanifen Holdings will be in compliance for the year 2000, but there can be no assurance that unanticipated year 2000 issues will not have a material effect on the business or operations of Hanifen Holdings.

EFFECTS OF INFLATION

Because Hanifen Holdings' assets are, to a large extent, liquid in nature, they are not significantly affected by inflation. However, inflation may result in increases in Hanifen Holdings' expenses, such as employees compensation and benefits, occupancy and equipment costs and communications expense, which may not be readily recoverable in the price of services offered. to the extent inflation results in rising interest rates, this may adversely affect transaction volume, which, in turn, may adversely affect Hanifen Holdings' results of operations.

BUSINESS AND PROPERTIES OF HANIFEN HOLDINGS

GENERAL

Hanifen Holdings is the parent of three wholly-owned subsidiaries, Hanifen Clearing, Hanifen Brokerage and Hanifen Investments. Hanifen Investments is the parent of two wholly-owned subsidiaries, Capital Partners and Management Co. Hanifen Holdings, through its subsidiaries, offers a full spectrum of investment and brokerage services to corporations, institutions, municipalities, individuals and other broker-dealers. Hanifen Clearing, a NYSE electronic access member, serves as a clearing broker for customers of correspondent broker-dealers, including Hanifen Brokerage. The operations of Hanifen Brokerage, a NYSE member, consist of two groups made up of equity and fixed income products and money management. The equity capital markets group provides equity trading, institutional equity sales and corporate finance while the fixed income capital markets group provides fixed income trading, institutional municipal sales and public finance. Money management involves providing advisory services. A subsidiary of Capital Partners is the general partner of the Mezzanine Fund, which is a small business investment company funded through investments by corporations, individuals and the Small Business Administration's SBIC program. Management Co. serves as the management company for the Mezzanine Fund. As discussed elsewhere in this Proxy Statement/Prospectus, the operations of Hanifen Brokerage and Hanifen Investments will not be a part of the ongoing operations of Hanifen Holdings if the merger contemplated by this Proxy Statement/Prospectus is consummated.

HANIFEN CLEARING

Hanifen Brokerage was a self-clearing securities firm throughout most of its history. In 1989, the Hanifen Companies made a strategic decision to offer clearing services to other securities firms in order to leverage its securities clearing expertise and diversify its revenue base.

63

Hanifen Clearing was formed in 1989, and now provides professional and correspondent clearing services to approximately 50 clients located throughout the United States, in addition to clearing and settling all of Hanifen Brokerage's customer transactions. Hanifen Clearing currently processes approximately 110,000 trades per month and carries approximately 120,000 active customer accounts of introducing broker-dealers.

Correspondent clearing clients, called "fully-disclosed correspondents," are organizations that are engaged in the retail or institutional brokerage business and are members of the NASD. Other types of clients, "professional clearing clients," include prime broker accounts, market-makers and money managers. In addition to clearing trades, Hanifen Clearing also provides other products and services to its correspondents such as recordkeeping, trading reports, accounting, general back-office support, stock borrow, reorganization and custody of securities.

Transaction Execution and Clearing. The execution process begins when the correspondent accepts its customer's order for the purchase or sale of securities and electronically transmits the order for processing to Hanifen Clearing via Hanifen Clearing's computer network. Hanifen Clearing, in turn, routes the order to the appropriate market for execution. A majority of the transactions executed by Hanifen Clearing are processed automatically through sophisticated order-matching systems which route the order to the appropriate markets for execution. The balance of the transactions are executed by Hanifen Clearing personnel. In the execution of some listed and over-the-counter transactions, Hanifen Clearing receives payment for the order flow. At the time of execution, a printed confirmation containing the details of each transaction

is automatically generated and printed at the client's location and the transaction is recorded by Hanifen Clearing in the customer's account. This permits the client to report the impact of the transaction on the account to the customer promptly after receipt of the order. Customer accounts are insured by the Securities Investor Protection Corporation ("SIPC") for up to \$500,000 (\$100,000 in cash) and are provided with additional protection by a domestic insurance carrier of \$9,500,000 per account.

Hanifen Clearing clears all of the transactions which it executes for its clients, as well as certain transactions which are executed by the clients. A transaction is cleared by taking possession of the customer's cash, if securities are being purchased, or by taking possession of the certificates, if any, if securities are being sold. Hanifen Clearing delivers the cash or certificates to the broker for the counterparty to the transaction generally through a clearing corporation. Cash or certificates received by Hanifen Clearing for an account are either held in the account or delivered to the customer. Hanifen Clearing maintains customer securities at several regulatory-approved depositories.

Net Interest. Hanifen Clearing derives interest income primarily from customer margin loans.

64

Margin Loans. Transactions in securities are effected on either a cash or margin basis. In margin transactions, Hanifen Clearing extends credit for a portion of the purchase price, which is collateralized by securities and cash in the customer's account, and receives income from interest charged on such extension of credit. The amount of the loan is subject to the initial margin requirements included in Regulation T of the Federal Reserve Board and the NYSE margin requirements. Hanifen Clearing's internal policies generally call for stricter maintenance requirements than the NYSE requirements. Hanifen Clearing is subject to the risk of a market decline that could reduce the value of the collateral held in an account below the customer's indebtedness before the collateral could be sold. Margin agreements with account holders permit Hanifen Clearing to liquidate securities in an account with or without prior notice in the event of an insufficient amount of margin collateral. Despite these agreements, Hanifen Clearing may be unable to liquidate an account holder's securities for various reasons, including the illiquidity of pledged securities, an undue concentration of certain securities pledged or a trading halt of pledged securities.

Interest is charged to customer accounts on the amount borrowed to finance margin transactions at a rate determined by Hanifen Clearing. At September 27, 1996, margin receivables were approximately \$118,438,000.

The primary source of funds to finance margin account balances has been correspondent client's clearing deposits and earned revenues, bank loans, free credit balances in customer accounts and Hanifen Clearing's capital. Hanifen Clearing pays interest to certain accounts and pays a fee to the introducing brokers on most of the funds at a rate determined periodically by Hanifen Clearing which is below the broker call rate.

Stock Borrow Activities. The securities borrowing activities of Hanifen Clearing involve borrowing securities to cover short sales and to complete transactions in which customers have failed to deliver securities by the settlement date. Hanifen Clearing is an agent in these securities borrowing transactions and may become liable for losses in the event of a failure of any other party to honor its contractual obligations.

Other Products and Services. In addition to traditional processing and support services, Hanifen Clearing actively seeks to expand its array of complementary products and services to new and existing clients. Hanifen Clearing's products and services currently include:

Money Market Funds. Hanifen Clearing offers an investment in money-market, tax-free and government funds managed by Cash Trust Series, Inc., an open-end management investment company. The funds are offered under the proprietary name MoneyWORK\$. This product offers customers unlimited checkwriting and debit card access with no minimum balance requirement. Certain marketing material for these funds can be designed to carry the introducing broker's name on the materials.

65

Central Asset Account. Hanifen Clearing provides access to the brokerage and money fund accounts through the MoneyWORK\$ plus Visa check card. This product includes checks, as well as a debit card, and allows for ATM access.

Consolidated Statements. Hanifen Clearing prepares and provides a consolidated statement for its clients' customers which reflects all brokerage, money fund and debit card activity on a monthly basis.

Dividend Reinvestment. The dividend reinvestment program of Hanifen

Clearing, referred to as "DIVWORKS," allows customers to direct cash dividend payments to purchase additional shares of the same security.

Retirement Accounts. Hanifen Clearing makes available complete client support and acts as custodian for its self-directed individual retirement accounts.

Stock Options. Hanifen Clearing provides complete service in connection with the exercise of employee stock options for cash or in connection with a cashless exercise.

Hanifen Clearing is a member of the National Association of Securities Dealers, Inc. ("NASD"), SIPC and other regulatory and trade organizations. Hanifen Clearing is a member of the NYSE, all other principal United States securities exchanges and is a licensed broker-dealer in all 50 states of the United States, the District of Columbia and the Commonwealth of Puerto Rico.

HANIFEN BROKERAGE

Hanifen Brokerage is a full service investment banking firm headquartered in Denver, Colorado. Hanifen Brokerage is the successor to E.A. Hanifen & Company, which traces its origins in Denver's financial community to 1927. Hanifen Brokerage offers investment banking services to corporations, institutions, and municipalities and is active in providing multi-tiered financing for growth companies, particularly in a select group of industry sectors including technology, healthcare, consumer, energy and the base industries. Hanifen Brokerage's investment banking effort is supported by an institutional research, sales and trading effort that is regional in focus, but national in scope.

In addition, Hanifen Brokerage is a leader in municipal underwritings in Colorado and has expanded to serve public finance clients nationwide. In addition to its Denver office, Hanifen Brokerage operates public finance offices in Orlando, Florida and Honolulu, Hawaii.

Hanifen Brokerage specializes in providing brokerage services to institutional investors. Hanifen Brokerage's institutional clients include institutional investors, investment advisors, mutual funds, commercial banks, insurance companies and pension and profit-sharing

66

funds. Hanifen Brokerage's client base is located throughout the United States and includes many leading names in the investment and financial services businesses.

A substantial portion of Hanifen Brokerage's commission business involves the execution of transactions in securities. The primary source of revenue from equity activities is negotiated-commission revenue earned from providing customers with liquidity, trading expertise, trade-processing capability, research, and investment advice. Investment advice includes industry and company analyses, overall strategic guidance and company recommendations.

Hanifen Brokerage's individual investor sales force concentrates on servicing individual clients who possess a high net-worth and on corporations that engage in securities transactions of a size sufficient to benefit from Hanifen Brokerage's range of corporate services. Hanifen Brokerage also provides liquidity for employees of its corporate finance clients through the sale of restricted securities.

As a condition to closing the Merger, certain of the assets of Hanifen Brokerage will be sold to a new corporation formed by a group of current employees of Hanifen Brokerage for a purchase price of \$1,276,000, plus the adjusted net book value of the assets being acquired, plus the assumption of certain of the liabilities of Hanifen Brokerage. Hanifen Holdings has agreed to pay up to \$250,000 of the expenses incurred by the purchaser related to the formation and capitalization of the purchaser. Upon closing of such sale, Hanifen Brokerage will change its name to a name distinctively different from "Hanifen, Imhoff" and New Hanifen will change its name to Hanifen, Imhoff, Inc.

Hanifen Brokerage is a member of the NASD, SIPC and other regulatory and trade organizations. Hanifen Brokerage is a member of the NYSE (which membership will not be sold to New Hanifen), all other principal United States securities exchanges and is a licensed broker-dealer in all 50 states of the United States, the District of Columbia and the Commonwealth of Puerto Rico.

HANIFEN INVESTMENTS

Hanifen Investments acts as the merchant banking arm of Hanifen Holdings. Hanifen Investments has two wholly-owned subsidiaries, Hanifen, Imhoff Capital Partners, Inc. ("Capital Partners") and Hanifen, Imhoff Investment Management Co. ("Management"). Capital Partners is a general partner of Hanifen Imhoff Capital Partners, a Colorado general partnership, which acts as the sole general partner of Hanifen Imhoff Mezzanine Fund, L.P. (the "Mezzanine Fund"). The Mezzanine Fund is the only mezzanine fund operating in

the Rocky Mountain region. Management serves as the investment manager of the Mezzanine Fund. The Mezzanine Fund is an active investor in the small mezzanine market nationally, with approximately \$60 million under management. The Mezzanine Fund has made approximately 36 investments in 21 companies since its inception in August, 1994. Hanifen Investments' primary prospects are

67

companies with at least \$500,000 in pre-tax income in the manufacturing, distribution and service industries that need between \$1.0 and \$5.0 million of sub-debt/preferred stock for ownership change or growth. The Mezzanine Fund's geographic focus is in the Rocky Mountain and Midwest regions of the United States.

As a condition to closing the Merger, certain of the assets of Hanifen Investments will be sold (a) as to the interests of Hanifen Investments in Hanifen, Imhoff Mezzanine Fund, L.P. owned by Hanifen, Imhoff Capital Partners (a wholly-owned subsidiary of Hanifen Investments), to an unrelated third party, for a purchase price of \$1,760,000, and (b) as to the assets of Hanifen, Imhoff Investment Management Co. (a wholly-owned subsidiary of Hanifen Investments), to an entity to be formed by a group of current employees of Hanifen Investments, for a purchase price of \$500,000. As of the date of this Proxy Statement/Prospectus, letters of intent have been executed for both transactions, but no definitive agreements have been executed.

NATURE OF THE HANIFEN COMPANIES BUSINESSES

The Hanifen Companies' businesses, by their nature, are subject to various risks, including substantial fluctuations in volume levels of securities transactions processed, losses from customer defaults, litigation and employee misconduct.

Hanifen Clearing fees and commission revenues are directly related to transaction volumes. In periods of low volume, profitability is adversely affected because certain expenses consisting primarily of salaries, computer hardware and software costs and occupancy expenses remain relatively fixed. In 1996, such expenses were approximately \$9.1 million, or approximately 23% of total consolidated expenses. Variations in transaction volume may cause Hanifen Holdings' operating results to fluctuate significantly on a quarterly basis.

The risk of loss from customer defaults is generally contractually allocated to the client for which Hanifen Clearing is acting pursuant to a clearing agreement between Hanifen Clearing and the client (the "Clearing Agreement"). There can be no assurance that in all instances Hanifen Clearing will recover the full amount or any part of such loss. Hanifen Clearing would bear losses arising out of customer defaults to the extent they could not be collected from the client and/or the customer.

DEPENDENCE ON KEY CLIENTS

Hanifen Holdings serves a diversified client base, and for the fiscal years 1996, 1995 and 1994, none of Hanifen Holdings' customers accounted for more than 10% of Hanifen Holdings' total revenues.

In 1996, Hanifen Brokerage's customers accounted for approximately 57,000 trades, or 4%, of Hanifen Clearing's total transaction volume and approximately 3% of Hanifen

68

Clearing's total operating revenue. At September 27, 1996, Hanifen Brokerage had approximately 2,300 accounts carried by Hanifen Clearing. Hanifen Brokerage's margin account debit balances totaled approximately \$5.8 million. A condition to closing the Merger is that New Hanifen has entered into an exclusive five-year clearing agreement with Hanifen Clearing in a form satisfactory to Fiserv.

Clearing agreements with Hanifen Clearing's clients generally have a term of one to three years. Clients of Hanifen Clearing are generally discouraged from switching clearing firms due to the inconvenience of converting to a new clearing system and the potential erosion of their revenues that could result.

COMPETITION AND RISK

The Hanifen Companies operate in highly competitive markets. Some of the Hanifen Companies' competitors have greater capital and more resources available to them than does Hanifen Holdings.

Hanifen Clearing. Hanifen Clearing encounters intense competition in providing securities clearing and related services from several highly visible, major securities firms, including Bear Stearns Corp., Pershing Correspondent Service Corp. (Paine Webber) and Prudential Securities. In many instances, Hanifen Clearing competes with such firms for the same clients and market share. Hanifen Clearing believes that the main competitive factors are price, quality of service, product availability and the technology platforms upon which

Clearing's system and services are based. While some clearing brokers may charge lower fees for certain transactions, Hanifen Clearing believes that it competes favorably with such firms.

Like all firms involved in the provision of securities clearing, Hanifen Clearing is subject to the risk that a broker/dealer, bank or financial institution may seek the services of another clearing firm.

Hanifen Brokerage. The investment banking business is intensely competitive. Many of Hanifen Brokerage's competitors have greater capital, financial and other resources than Hanifen Brokerage. The Hanifen Brokerage competes for equity and debt underwritings with regional and national competitors. In addition to competition from firms currently in the investment banking business, domestic and international commercial banks have recently entered the business. In addition to outright acquisitions of existing investment banks, these large institutions have hired investment banking, research and sales and trading professionals from several of the smaller investment banks in the industry. Competition from the domestic and international banks should increase as a result of recent and anticipated legislative and regulatory initiatives in the United States to remove or relieve certain restrictions on commercial banks from competing in the investment banking side of the business.

69

Hanifen Brokerage also anticipates competition from underwriters who attempt to effect public offerings for emerging growth companies through new means of distribution, including transactions effected using electronic media. Finally, issuers are now attempting to sell their securities directly to purchasers, using the Internet. To the extent that issuers and purchasers of securities transact business without the assistance of financial intermediaries, as described above, Hanifen Brokerage's operating results could be adversely affected.

Hanifen Investments. Mezzanine capital is provided from many sources, including banks, insurance companies, private funds and other SBICs. Many of these sources have more outreach and greater resources with which to compete with Hanifen Investments. The main competitive factors are sources of deal flow, responsiveness, expertise and amount of capital. Hanifen Investments professionals have been doing this type of investing for many years and have developed many relationships in the investment community.

EMPLOYEES

At September 30, 1997, Hanifen Holdings had 23 full-time employees, Hanifen Clearing had 115 full-time employees, Hanifen Brokerage had 98 full-time employees and Hanifen Investments had four full-time employees; none of whom was represented by a union. Hanifen Holdings believes that its relations with its employees are good.

FACILITIES

The Hanifen Companies occupy office space of approximately 65,000 square feet at 1125 Seventeenth Street, Denver, Colorado 80202 under a lease with an initial term that expires in November 30, 2006, with the right to extend the term for one additional five-year period. Hanifen Brokerage's branch offices occupy office space aggregating approximately 3,060 square feet, all of which is leased under leases having various terms.

DESCRIPTION OF FISERV COMMON STOCK

The holders of Fiserv Common Stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders. Holders of Fiserv Common Stock are entitled to receive ratably such dividends as may be declared by the Board of Directors of Fiserv out of funds legally available therefor. In the event of a liquidation, dissolution or winding up of Fiserv, holders of Fiserv Common Stock are entitled to share ratably in all assets remaining after payment of liabilities. Holders of Fiserv Common Stock have no preemptive rights to subscribe for unissued shares of capital stock of Fiserv. There are no cumulative voting rights with respect to the Fiserv Common Stock, with the result that holders of a majority of the Fiserv Common Stock may elect all Fiserv's directors.

70

As of November 12, 1997, there were approximately 30,000 holders of record of Fiserv Common Stock.

Fiserv has appointed Firststar Trust Company, Milwaukee, Wisconsin, as transfer agent and registrar for the Fiserv Common Stock.

CERTAIN PROVISIONS OF WISCONSIN AND COLORADO LAW

Upon consummation of the Merger, the shareholders of Hanifen Holdings, which is a Colorado corporation, will become shareholders of Fiserv, which is a Wisconsin corporation. The rights of the Hanifen Holdings shareholders will be governed by the Wisconsin Business Corporation Law ("WBCL"), Fiserv's Restated Articles of Incorporation (the "Fiserv Articles") and Fiserv's Bylaws (the "Fiserv Bylaws"), which differ in certain material respects from the Colorado Business Corporation Act ("CBCA"), Hanifen Holdings's Articles of Incorporation (the "Hanifen Holdings Articles"), and Hanifen Holdings's Bylaws (the "Hanifen Holdings Bylaws").

Although it is not practical to compare all differences between (i) Wisconsin law and the Fiserv Articles and the Fiserv Bylaws and (ii) Colorado law and the Hanifen Holdings Articles and the Hanifen Holdings Bylaws, set forth below is a summary of certain differences which may significantly affect the rights of shareholders. This discussion is not intended to be complete and is qualified in its entirety by references to the Fiserv Articles and the Fiserv Bylaws and the Hanifen Holdings Articles and the Hanifen Holdings Bylaws. Copies of the Hanifen Holdings Articles and the Hanifen Holdings Bylaws and the Fiserv Articles and the Fiserv Bylaws are available for inspection at the principal executive offices of Hanifen Holdings and copies will be sent to shareholders of Hanifen Holdings upon request.

CLASSIFIED BOARD OF DIRECTORS

The WBCL provides for the staggering of terms of directors by dividing the directors into two or three groups. The Fiserv Articles and the Fiserv Bylaws divide the total number of directors into three groups, with each group serving three-year terms. Although the CBCA permits a corporation to provide in its articles for the division of the board of directors into two or three groups, the terms of which expire in different years, the Hanifen Holdings Articles provide for only one class of directors who serve a one-year term.

NUMBER OF DIRECTORS; CUMULATIVE VOTING

71

Under the WBCL, the authorized number of directors constituting the Board of Directors is specified in, or fixed in accordance with, the articles of incorporation or bylaws and may be increased or decreased by amendment to, or in a manner provided in, the articles of incorporation or the bylaws. Under the Fiserv Bylaws, the number of directors is determined by the Board of Directors, but must be not less than three or more than nine. Fiserv currently has eight directors each of whom serves for a three-year term and until his successor has been elected and is qualified. The terms of three Fiserv directors expire in each of 1998 and 1999 and the terms of two Fiserv directors expire in 2000.

Under the CBCA, the number of directors of a corporation may be fixed in the articles of incorporation or the bylaws of a corporation, or the bylaws may establish a range for the number of directors, with the Board of Directors and the shareholders each given authority to fix the exact number of directors within such range. Under the Hanifen Holdings Bylaws, the Board of Directors will consist of not less than three and not more than fifteen directors. The Hanifen Holdings' Board of Directors currently consists of four members, each of whom serves a one-year term and until his or her successor is elected and qualified.

Cumulative voting, which enhances the ability of minority shareholders to elect directors, is not available under either the WBCL or the CBCA unless provided for in a corporation's articles of incorporation. Neither the Fiserv Articles nor the Hanifen Holdings Articles provide for cumulative voting.

REMOVAL OF DIRECTORS; FILLING VACANCIES ON THE BOARD OF DIRECTORS

Under the WBCL, a director may generally be removed by the shareholders, with or without cause, if the number of votes cast to remove the director exceeds the number of votes cast not to remove him or her, unless the articles of incorporation, or bylaws adopted under authority granted in the articles of incorporation, provide for a greater voting requirement. The Fiserv Articles have no such provisions. Under the CBCA, a director may be removed by the shareholders with or without cause if the number of votes cast in favor of removal exceeds the number of votes cast against removal, unless the articles of incorporation provide that directors may be removed only for cause. The Hanifen Holdings Articles make no such provision.

Under the WBCL, the circuit court for the county where a corporation's principal office or registered office is located may remove a director of the corporation from office in a proceeding brought either by the corporation or by its shareholders holding at least 10% of the outstanding shares of any class, if the court finds that the director engaged in fraudulent or dishonest conduct or gross abuse of authority or discretion with respect to the corporation and that removal is in the best interest of the corporation. The CBCA contains a nearly identical provision, except that a director may be removed by the district court

of the county in Colorado where the corporation's principal office is located or, if the corporation has no principal office in Colorado,

72

by the district court of the county in which its registered office is located or, if the corporation has no registered office, by the district court for the City and County of Denver.

Under the WBCL, unless the articles of incorporation provide otherwise, which the Fiserv Articles do not, a vacancy occurring on the board of directors may be filled by the shareholders or by the directors remaining in office. Under the CBCA, unless otherwise provided in the articles of incorporation or bylaws, vacancies and newly created directorships resulting from an increase in the authorized number of directors elected by all of the shareholders having the right to vote as a single class may be filled by a majority of the directors then in office or by the shareholders. The Hanifen Holdings Articles make no specific provision with respect to the filling of vacancies.

LIMITATION ON DIRECTORS' LIABILITY; INDEMNIFICATION

The WBCL provides that a director is not liable to the corporation, its shareholders, or any person asserting rights on behalf of the corporation or its shareholders for liabilities arising from a breach of, or failure to perform, any duty resulting solely from his or her status as director, unless the person asserting liability proves that the breach or failure to perform constitutes: (1) wilful failure to deal fairly with the corporation or its shareholders in connection with a matter in which the director has a material conflict of interest; (2) a violation of criminal law, unless the director had reasonable cause to believe that the conduct was lawful or no reasonable cause to believe that the conduct was unlawful; (3) a transaction from which the director derived an improper personal profit; or (4) wilful misconduct. The WBCL permits a corporation to limit the statutory immunity from director liability in its articles of incorporation. The Fiserv Articles contain no such limitation.

The WBCL provides that a corporation will indemnify a director or officer, to the extent that he or she has been successful on the merits or otherwise in the defense of a proceeding, for all reasonable expenses incurred in the proceeding if the director or officer was a party because of his or her status as a director or officer. Additionally, a corporation will indemnify a director or officer against liability incurred by a director or officer in a proceeding to which the director or officer was a party because he or she is a director or officer of the corporation, unless liability was incurred because the director or officer breached or failed to perform a duty that he or she owes to the corporation and the breach or failure to perform constitutes any of the conduct as enumerated above relating to liability of directors. Further, a court of law may order that the corporation provide indemnification to a director or officer if it finds that the director or officer is entitled to indemnification under the applicable statutory provision or is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not such indemnification is required under the applicable statutory provision.

The WBCL permits a corporation to provide additional rights to indemnification under its articles of incorporation or bylaws, by written agreement, by resolution of its board of

73

directors or by a vote of the holders of a majority of its outstanding shares, except that the corporation may not indemnify a director or officer unless it is determined by or on behalf of the corporation that the director or officer did not breach or fail to perform a duty owed to the corporation which constitutes conduct as enumerated above relating to liability of directors. The Fiserv Bylaws provide for indemnification and advancement of expenses to directors and officers to the fullest extent permitted by the WBCL. This provision is not exclusive of any other rights to indemnification or the advancement of expenses to which a director or officer may be entitled under any written agreement, resolution of directors, vote of shareholders, by law or otherwise.

The CBCA provides that a corporation's articles of incorporation may contain a provision which eliminates or limits the personal liability of a director to the corporation or its shareholders for monetary damages for a breach of fiduciary duty as a director, except for (1) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (2) any breach of the director's duty of loyalty to the corporation or its shareholders, (3) an unlawful distribution, or (4) any transaction from which the director derived an improper personal benefit. The Hanifen Holdings Articles include such a provision eliminating and limiting the personal liability of its directors to the full extent permitted by the CBCA.

Under the CBCA, a corporation may generally wholly indemnify its officers, directors, employees and agents against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement of any proceedings (other

than proceedings by or in the right of the corporation), if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in proceedings by or in the right of the corporation, except that indemnification may be made only for expenses (including attorneys' fees) and, in the event the person seeking indemnification has been adjudicated liable, only to the extent an appropriate court deems the indemnification for such expenses fair and reasonable. The CBCA provides that, except as provided in a corporation's articles, to the extent such persons have been successful in the defense of any proceeding to which they were a party because they were a director or officer of the corporation, they must be indemnified by the corporation against expenses actually and reasonably incurred in connection with such proceeding. The Hanifen Holdings Articles provide that the legal representatives, directors, and officers of Hanifen Holdings will be indemnified to the fullest extent permitted by the CBCA.

SPECIAL MEETINGS OF SHAREHOLDERS

Under the WBCL, a corporation must hold a special meeting of shareholders if (1) a special meeting is called by the board of directors or any person authorized by the articles of incorporation or bylaws to call a special meeting, or (2) the holders of at least 10% of all votes entitled to be cast on any issue proposed to be considered at the proposed special meeting deliver a written demand to the corporation describing one or more purposes for which such meeting is

74

to be held. The Fiserv Bylaws provide that a special meeting of shareholders may be called by the Chairman of the Board or the President, or by order of the Board of Directors, and that a special meeting must be called by the President or Secretary upon written request of shareholders holding at least 10% of the votes entitled to be cast on any issue proposed to be considered at such meeting.

The CBCA provisions regarding special meetings of shareholders are identical to those of the WBCL. The Hanifen Holdings Bylaws provide that special meetings of shareholders may be called by the Board of Directors, the President (or in his absence by a Vice President), or the holders of not less than one-third of all shares entitled to vote on the subject matter for which the meeting is called (by notice to the President).

QUORUM FOR SHAREHOLDER MEETINGS

The WBCL provides that a majority of the votes entitled to be cast on a matter by a voting group constitutes a quorum, unless the articles of incorporation, bylaws adopted under authority granted in the articles of incorporation, or the WBCL provide otherwise. Neither the Fiserv Articles nor the Fiserv Bylaws deviate from this quorum requirement.

Under the CBCA, a corporation's articles of incorporation or bylaws may specify the percentage of votes which constitutes a quorum at a meeting of shareholders, but in no event may a quorum consist of less than one-third of the shares entitled to vote. The Hanifen Holdings Articles provide that a quorum exists if a majority of the shares issued and outstanding and entitled to vote are present in person or by proxy at a meeting.

SHAREHOLDER VOTING REQUIREMENTS GENERALLY

Under the WBCL, with respect to matters other than the election of directors, unless a greater number of affirmative votes is required by the WBCL, the articles of incorporation, or bylaws adopted under authority granted in the articles of incorporation, if a quorum exists, action on any matter generally is approved by the shareholders if the votes cast favoring the action exceed the votes cast opposing the action. Unless otherwise provided in the articles of incorporation, directors are elected by a plurality of the votes cast by the shares entitled to vote. The Fiserv Articles and the Fiserv Bylaws contain no provisions imposing greater voting requirements.

The CBCA contains substantially identical provisions relating to shareholder voting requirements as those in the WBCL. The Hanifen Holdings Articles and the Hanifen Holdings Bylaws make no reference to the matters discussed in the section captioned "Supermajority Provisions" below. The Hanifen Holdings Articles provide that all elections will be decided by the vote of a majority of the shares issued, outstanding and entitled to vote on the relevant subject matter.

75

SHAREHOLDER ACTION BY WRITTEN CONSENT

The WBCL permits action otherwise required to be taken at a shareholders' meeting to be taken without a meeting (1) if written consents are signed by all shareholders entitled to vote on the action, or (2) if the

articles of incorporation provide that action may be taken if written consents signed by shareholders having not less than the minimum number of votes that would be necessary to authorize the proposed action at a meeting at which all shares entitled to vote were present and voted and such written consents are obtained. The Fiserv Articles provide that shareholders may take actions by written consent in lieu of a meeting as described in (2) in the preceding sentence.

Under the CBCA, unless otherwise provided in the articles of incorporation, any action required or which may be taken at any annual or special meeting of shareholders may be taken without a meeting if written consents are obtained from all of the shareholders entitled to vote on the action. The Hanifen Holdings Articles do not limit this statutory provision.

SUPERMAJORITY PROVISIONS

Except as discussed below in "Shareholder Voting in Certain Significant Transactions; Takeover Legislation," neither the WBCL nor the Fiserv Articles and the Fiserv Bylaws impose "supermajority" voting requirements (i.e., requirements that more than a simple majority of shares voting be obtained for action to be taken).

Under the CBCA, the articles of incorporation may provide for a greater voting requirement for shareholders or voting groups. The Hanifen Holding Articles do not impose supermajority voting requirements.

SHAREHOLDER VOTING IN CERTAIN SIGNIFICANT TRANSACTIONS; TAKEOVER LEGISLATION

Under the WBCL, a corporation may sell, lease, exchange or otherwise dispose of all, or substantially all, of its property, other than in the usual and regular course of business, if such disposition is approved by a majority of all the votes entitled to be cast on such disposition. A merger or share exchange plan must be approved by each voting group entitled to vote separately on the plan by a majority of all the votes entitled to be cast on the plan by that voting group.

The WBCL contains certain provisions that, unless a corporation elects not to be covered by such provisions (and Fiserv has not so elected), require approval of a supermajority of shareholders for certain "business combinations" involving persons who are "significant shareholders" before the transaction or become "significant shareholders" after the transaction. A "significant shareholder" is, among others, a person who is, or was within two years of the transaction, a beneficial owner of 10% or more of the voting power of the applicable corporation.

76

In such a case, unless the business combination satisfies certain "fair price" criteria, the business combination requires the approval of 80% of the votes entitled to be cast by the outstanding voting shares of the corporation voting as a single class and two-thirds of all such shares excluding the shares owned by a significant shareholder.

The WBCL additionally regulates a broad range of "business combinations" between a corporation and an "interested stockholder." "Business combination" is defined as including a merger or a share exchange, sale of assets, issuance of stock or rights to purchase stock and certain related party transactions. An "interested stockholder" is a person who beneficially owns, directly or indirectly, 10% of the outstanding voting stock of a corporation or who is an affiliate or associate of the corporation and beneficially owned 10% of the voting stock within the last three years. In certain cases, the WBCL prohibits a corporation from engaging in a business combination with an interested stockholder for a period of three years following the date on which the person became an interested stockholder unless (i) the board of directors approved the business combination or the acquisition of the stock prior to the acquisition date, (ii) the business combination is approved by a majority of the outstanding voting stock not owned by the interested stockholder, (iii) the consideration to be received by stockholders meets certain requirements of the statute with respect to form and amount, or (iv) the business combination is of a type specifically excluded from the coverage of the statute.

While a takeover offer is being made, or after a takeover offer has been publicly announced and before it is concluded, the WBCL requires the approval of the holders of a majority of shares entitled to vote before a public corporation may acquire more than 5% of its voting shares at a price above market value from a person who holds more than 3% of its voting shares and has held such shares for less than two years, unless at least an "equal" offer is made to acquire all voting shares and all securities which may be converted into voting shares. Similar approval is required before a public corporation may sell or option assets which amount to at least 10% of its market value unless the corporation has at least three directors who are not either officers or employees of the corporation and a majority of the directors who are not either officers or employees vote not to be governed by this provision.

The WBCL provides that in particular circumstances the voting of shares of an "issuing public corporation" (a Wisconsin corporation which has at least 100 Wisconsin resident shareholders, 500 or more shareholders of record and total assets exceeding \$1 million) held by any person in excess of 20% of the voting power is limited to 10% of the full voting power of such excess shares. Full voting power may be restored if a majority of the voting power of shares represented at a meeting, including those held by the party seeking restoration, are voted in favor of such restoration.

The CBCA requires that a merger or consolidation or a sale, lease or exchange of all or substantially all of the property and assets of a corporation, other than in the ordinary course

77

of business, be approved by the holders of a majority of the outstanding shares of the corporation, voting in the aggregate and by class, entitled to vote on any such action.

In contrast to the WBCL, Colorado law does not specifically address transactions between significant shareholders and a corporation. As a consequence, attempts by existing shareholders as unwelcome acquirers to gain control of a corporation are not hindered by statutory provisions similar to those in the WBCL.

STATUTORY SHAREHOLDER LIABILITY

The WBCL provides that the shareholders of a corporation are personally liable up to an amount equal to the par value of shares owned by them, and to the consideration for which shares without par value were issued, for debts owing to employees of the corporation for services performed for such corporation, but not exceeding six months' service in any case. The liability imposed by the predecessor to this statute was interpreted in a trial court decision to extend to the original issue price for shares, rather than the stated par value. Although affirmed by the Wisconsin Supreme Court, the case offers no precedential value due to the fact that the decision was affirmed by an equally divided court. The CBCA contains no comparable provision.

DERIVATIVE ACTIONS

Under both the WBCL and the CBCA, a shareholder may bring a derivative action if he or she was a shareholder at the time of the alleged wrongdoing, or acquired the shares by operation of law from a person who was a shareholder at such time. Under the WBCL, a shareholder may not commence a derivative action until he makes a written demand on the corporation to take suitable action and a period of ninety days expires, unless the shareholder is notified that the corporation has rejected the demand or irreparable injury to the corporation would result by waiting for the period to expire. Under Colorado law, a corporation or the defendant in a derivative suit may make a motion to the court for an order requiring the plaintiff shareholder to furnish a security for payment of costs and expenses (not including attorneys' fees) which may be incurred in its defense or in the defense of others in such action. The bond may not be required from any plaintiff holding less than 5% of any class of shares or whose shares, regardless of percentages, have a fair market value of less than \$25,000 on the day the action is instituted.

DISSENTERS' RIGHTS AND APPRAISAL RIGHTS

Under the WBCL, a shareholder of a corporation is generally entitled to receive payment of the fair value of such shareholder's stock if such shareholder dissents from a proposed merger or stock exchange or a sale or exchange of all or substantially all of the property and assets of the corporation. However, except with respect to business combinations involving significant shareholders (as such terms are described in the first paragraph under "Shareholder Voting in Certain Significant Transactions; Takeover Legislation" above), dissenters' rights are not available

78

to holders of shares that are registered on a national securities exchange or quoted on NASDAQ. Currently, Fiserv Common Stock is quoted on NASDAQ.

Under the CBCA, a shareholder of a corporation is entitled to dissent from corporate actions requiring a majority shareholder vote and to receive payment of the fair value of his shares of stock. Such rights are not available to a shareholder of a Colorado corporation if the shares are (1) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the NASD, or (2) held of record by more than 2,000 shareholders. Notwithstanding the foregoing, a shareholder does have such rights with respect to such shares if the shareholder is required by the terms of the agreement of merger or consolidation to accept anything for his shares other than (1) shares of stock of the corporation surviving or resulting from the merger or consolidation, (2) shares of stock of any other corporation, which shares or receipts are so listed or designated or held of record by more than 2,000 shareholders, (3) cash in lieu of fractional shares, or (4) any

combination of the foregoing. Neither the Hanifen Holdings Articles nor the Hanifen Holdings Bylaws authorize dissenters' rights beyond those provided for under the CBCA.

SHAREHOLDER INSPECTION OF BOOKS AND RECORDS

The WBCL allows a shareholder, upon giving the required notice, to inspect and copy the corporation's bylaws during regular business hours at a reasonable location specified by the corporation. A shareholder fulfilling specified requirements may inspect and copy, during regular business hours at a reasonable location specified by the corporation, excerpts of any minutes or records that the corporation is required to keep as permanent records, accounting records of the corporation, and the record of shareholders, except that the corporation may provide the shareholder with a list of shareholders compiled no earlier than the date of the shareholder's demand instead of allowing the shareholder to inspect and copy the record of shareholders.

The CBCA allows a shareholder, upon giving 5-days' prior notice, to inspect and copy, during regular business hours at a reasonable location specified by the corporation, a corporation's articles, bylaws, minutes of all shareholder's meetings and records of all action taken by shareholders without a meeting for the past three years, all communications to shareholders as a group within the past three years, a list of the names and business addresses of the current directors and officers, a copy of the most current corporate report filed with the Secretary of State, and financial statements prepared for periods ending during the last three years. A shareholder fulfilling specified requirements may inspect and copy, during regular business hours at a reasonable location specified by the corporation, excerpts of any minutes and records that the corporation is required to keep as permanent records, accounting records of the corporation, and the record of shareholders.

79

LOANS TO DIRECTORS

Under the WBCL, unless it is an advance or is made to defray expenses made in the ordinary course of the corporation's business or an advance of expenses with respect to indemnification, a corporation may not make loans to or guaranty the obligation of a director unless the particular loan or guaranty is approved by a majority of the votes represented by the voting shares of all classes, voting as a single group, excluding votes owned or controlled by the benefited director, or the board of directors determines that the loan or guaranty benefits the corporation and either approves the specific loan or guaranty or a general plan authorizing loans or guarantees.

Under the CBCA, a corporation may make a loan to, or guarantee the obligations of, directors or entities of which such director is a director or in which he has a financial interest if the transaction satisfies the general test relating to transactions between a corporation and an interested party director. That is, the transaction will not be deemed void or voidable and may not be enjoined solely by reason of the director's self-interest, if the transaction is approved in good faith by the Board of Directors or the shareholders after full disclosure, or if the transaction was fair to the corporation at the time it was authorized.

AMENDMENT OR REPEAL OF THE ARTICLES AND BYLAWS

In general, the WBCL provides that a corporation's articles of incorporation may be amended through a proposal submitted by the board of directors to the shareholders for their approval. Unless articles of incorporation or bylaws provide otherwise, or unless class voting is required, or unless the WBCL provides otherwise, the amendment may be approved by a majority vote of the shares entitled to vote on such amendment. Class votes are required in certain circumstances which, in general, affect a class of stock adversely or uniquely. In certain very limited circumstances, either specified in the corporation's articles of incorporation or which involve certain ministerial actions which are likely to be immaterial to the shareholders, the WBCL permits the articles of incorporation to be amended by action of the board of directors without shareholder approval.

In general, under Wisconsin law the bylaws of a corporation may be amended by the board of directors, except in those instances in which the corporation's articles of incorporation or bylaws provide otherwise. Action by shareholders to amend or repeal amendments to the bylaws can overrule action taken by the board of directors. The Fiserv Articles provide that they may be altered, amended or repealed by the Board of Directors, subject to the power of the shareholders to alter or repeal any bylaw made by the Board of Directors.

Generally, under the CBCA, upon the recommendation of the board of directors or upon the initiative of the holder(s) of at least ten percent of the outstanding shares, the articles may be amended in accordance with shareholder voting requirements, i.e., a plurality of a

80

quorum. The board may approve without shareholder approval certain ministerial changes to the articles. An amendment to the articles that adds, alters, or deletes a greater quorum or voting requirement must meet the same quorum requirement and be adopted by the same vote and voting groups required to take action under the quorum and voting requirements then in effect or as proposed, whichever is greater. Except for the amendment of voting and quorum requirements, and unless otherwise provided in the articles or the bylaws, the board may generally amend the bylaws of a corporation. The Hanifen Holdings Articles and the Hanifen Holdings Bylaws do not modify the provisions of the CBCA with respect to amending articles or bylaws.

DIVIDEND DECLARATIONS

Under the WBCL, no distribution may be made if, after giving it effect, either (1) the corporation would not be able to pay its debts as they become due in the usual course of business, or (2) the corporation's total assets would be less than the sum of its total liabilities plus, unless the articles of incorporation permit otherwise, the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution. The Fiserv Articles contain no provision with respect to distributions.

The CBCA mirrors the WBCL with respect to distributions, and the Hanifen Holdings Articles contain no provisions with respect to distributions.

LEGAL MATTERS

The legality of the issuance of the Fiserv Common Stock being offered hereby will be passed upon by Charles W. Sprague, General Counsel of Fiserv. Mr. Sprague beneficially owns 27,461 shares of Fiserv Common Stock which number includes vested but unexercised stock options.

AGREEMENT AND PLAN OF MERGER

AGREEMENT AND PLAN OF MERGER, dated as of September 30, 1997, among FISERV, INC., a Wisconsin corporation ("Fiserv"), FISERV CLEARING, INC., a Delaware corporation ("Fiserv Clearing") and a wholly-owned subsidiary of Fiserv, and HANIFEN, IMHOFF HOLDINGS, INC., a Colorado corporation (the "Company").

W I T N E S S E T H :

WHEREAS, the Company owns all of the capital stock of Hanifen Imhoff Clearing Corp., a Colorado corporation ("Clearing"), Hanifen, Imhoff Investments, Inc., a Colorado corporation ("Investments"), and Hanifen, Imhoff Inc., a Colorado corporation ("Hanifen, Imhoff"; collectively, Clearing, Investments and Hanifen, Imhoff and their respective direct and indirect subsidiaries being referred to as the "Subsidiaries"); and

WHEREAS, Fiserv and Fiserv Clearing desire that the Company merge with and into Fiserv Clearing (the "Merger"), and the Company also desires that the Company merge with and into Fiserv Clearing, upon the terms and conditions set forth in this Agreement and in accordance with the General Corporation Law of the State of Delaware and the Colorado Business Corporation Act, and that each outstanding share of Common Stock, \$.01 par value per share, of the Company ("Company Common Stock"), excluding any such shares held in the treasury of the Company, be converted upon such merger into the right to receive such number of shares of Common Stock, \$.01 par value, of Fiserv ("Fiserv Common Stock") and such amount of cash as is provided in this Agreement (Fiserv Clearing and the Company sometimes referred to in this Agreement as the "Constituent Corporations" and Fiserv Clearing sometimes referred to in this Agreement as the

"Surviving Corporation");

NOW, THEREFORE, in consideration of the mutual representations, warranties, covenants, agreements and conditions contained in this Agreement, and in order to set forth the terms of the Merger and the mode of carrying the Merger into effect, the parties to this Agreement agree as follows:

A-5

ARTICLE I
MERGER

SECTION 1.01 The Merger. At the Effective Date (as defined in

Section 1.04), the Company will be merged with and into Fiserv Clearing on the terms set forth in this Agreement as permitted by and in accordance with the General Corporation Law of the State of Delaware and the Colorado Business Corporation Act. Upon the Merger, the separate existence of the Company will cease; Fiserv Clearing, as the Surviving Corporation, will continue to exist under and be governed by the General Corporation Law of the State of Delaware and the Certificate of Incorporation and By-laws of Fiserv Clearing, until further amended in accordance with the provisions of the Certificate of Incorporation, By-laws and applicable law.

SECTION 1.02 Articles of Merger. As soon as practicable following

fulfillment or waiver of the conditions specified in Article VII of this Agreement, and provided that this Agreement has not been terminated and abandoned pursuant to Article IX of this Agreement, (a) the Company and Fiserv Clearing will cause the Certificate of Merger in substantially the form of Exhibit A attached to this Agreement (the "Delaware Certificate of Merger") to be executed and filed with the Secretary of State of Delaware and (b) the Company and Fiserv Clearing will cause the Articles of Merger in substantially the form of Exhibit B attached to this Agreement (the "Colorado Articles of Merger") to be executed and filed with Secretary of State of the State of Colorado as provided in the Colorado Business Corporation Act. The purpose of the Surviving Corporation will be to engage in any and all business activities in which a corporation is permitted to engage in accordance with the General Corporation Law of the State of Delaware.

SECTION 1.03 Stockholders' Meeting. The Company, acting through its

Board of Directors, shall in accordance with applicable law as soon as practicable following the date hereof:

(i) duly call, give notice of, convene and hold an annual or special meeting of its shareholders (the "Stockholders' Meeting") for the purpose of considering and taking action upon this Agreement;

(ii) include in the proxy materials that will be distributed to the Company's shareholders in connection with the Stockholders' Meeting, including any amendments or supplements thereto (the "Proxy Statement"). The Proxy Statement will form a part of the registration statement (the "Registration Statement") of Fiserv under the Securities Act of 1933 (the "Securities Act") with respect to the Fiserv Common Stock to be issued in the Merger; and

A-6

(iii) use its commercially reasonable efforts to obtain and furnish the information required to be included by it in the Proxy Statement and, after consultation with Fiserv and Fiserv Clearing, respond promptly to any comments made by the staff of the Securities and Exchange Commission (the "SEC") with respect to the Proxy Statement and cause the Proxy Statement to be mailed to its Stockholders at the earliest practicable time following the date hereof and, subject to its fiduciary duties under applicable law, to obtain the necessary approvals of its Stockholders of this Agreement and the transactions contemplated hereby.

SECTION 1.04 Effective Date of the Merger. The Merger will become

effective upon the close of business on the later of the date of filing of the Certificate of Merger with the Secretary of State of Delaware or the date of filing of the Articles of Merger with the Secretary of State of the State of Colorado, or on such other date as the parties may agree. The date and time of such effectiveness is referred to as the "Effective Date."

SECTION 1.05 Closing. Evidence of the fulfillment or waiver of the

conditions set forth in Article VII hereof (the "Closing") shall be provided by the parties hereto to each other (a) at the offices of the Company, 1125 Seventeenth Street, Suite 1700, Denver, CO 80202 at 10 a.m., local time, on the business day next after the date on which the last of the conditions set forth in Article VII hereof is fulfilled or waived or (b) at such other time and place

as the parties hereto may agree.

SECTION 1.06 Certain Intended Effects of the Merger. The parties

have endeavored to structure the Merger as a tax-deferred "reorganization" under Section 368(a)(1)(A) and (a)(2)(D) of the Internal Revenue Code of 1986, as amended (the "Code"). The parties represent, warrant and agree: (i) to report the transaction in such manner; and (ii) not to take or fail to take any action that would jeopardize such tax treatment.

ARTICLE II
DIRECTORS AND OFFICERS

SECTION 2.01 Directors. From and after the Effective Date, the

members of the Board of Directors of the Surviving Corporation will consist of the members of the Board of Directors of Fiserv Clearing (as constituted immediately prior to the Effective Date) until changed in accordance with its Certificate of Incorporation and By-laws and applicable law.

SECTION 2.02 Officers. From and after the Effective Date, the

officers of the Surviving Corporation will consist of the officers of Fiserv Clearing (as constituted immediately prior to the Effective Date) until changed in accordance with its Certificate of Incorporation and By-laws and applicable law.

A-7

ARTICLE III
CONVERSION OF SHARES

SECTION 3.01 Conversion. (a) Upon the Effective Date, each share of

Company Common Stock issued and outstanding immediately prior to the Effective Date will, without any further action on the part of Fiserv or Fiserv Clearing, on the one hand, or the Company, on the other hand, be converted into the right to receive (the "Merger Consideration") directly (i) such number of shares of Fiserv Common Stock as shall equal the quotient (the "Exchange Ratio") of (A) the quotient of (I) 51% of the Hanifen Value (as hereinafter defined), divided by (II) the number of shares of Company Common Stock outstanding on the Effective Date, divided by (B) a number which is equal to the average closing price per share for Fiserv Common Stock as reported on the National Market System by National Association of Securities Dealers, Inc. Automated Quotations (as reported in The Wall Street Journal) for the 20 business days ending two
--- ---
business days prior to the Effective Date (the "Fiserv Share Value") and (ii) such amount of cash as shall equal the quotient of (A) 49% of the Hanifen Value, divided by (B) the number of shares of Company Common Stock outstanding on the Effective Date. As of the Effective Date there will be no outstanding shares of Company Preferred Stock. All shares of Company Common Stock and Company Preferred Stock held in the Company's treasury and, subject to Section 7.01(p), all outstanding unexercised stock options will be canceled. The names, addresses and number of shares of Company Common Stock owned on the date of this Agreement by the stockholders of the Company (the "Stockholders") is set forth on Schedule I to this Agreement.

(b) Not less than three days prior to the Effective Date the Company shall deliver to Fiserv and Fiserv Clearing an estimated balance sheet of the Company as of the Effective Date, which shall have been prepared in accordance with GAAP (as hereinafter defined) (the "Estimated Balance Sheet"), setting forth, in reasonable detail the Company's estimate of the consolidated Stockholders' Equity for the Company and the Subsidiaries, but excluding any accruals for or payments of Taxes arising out of or related to the transactions contemplated hereby (other than (x) a sale of assets or capital stock of a Subsidiary, (y) a sale of assets of the Company and (z) Taxes accrued in the ordinary course of business of the Company or any Subsidiary) (the "Stockholders' Equity"). As the only exception to preparation in accordance with GAAP, with respect to the New York Stock Exchange ("NYSE") seat currently held by Hanifen, Imhoff, Stockholders' Equity shall be calculated using the last published sale price of the NYSE for NYSE seats with option trading rights, rather than in accordance with GAAP. The "Hanifen Value" shall mean the sum of (i) difference (positive or negative) between (A) the Final Stockholders' Equity (as hereinafter defined) and (B) \$30,000,000, plus (ii) \$97,200,000.

A-8

(c) As promptly as practicable following the Effective Date, but in no event later than 45 days subsequent to the Effective Date, Fiserv Clearing shall deliver to the persons who served on the Board of Directors of the Company immediately prior to the Effective Date (the "Representatives") a schedule (the "Final Schedule"), which shall include the consolidated balance sheet of the Company and the Subsidiaries as of the Effective Date prepared in accordance with GAAP, and Fiserv Clearing's calculation as of the Effective Date of the

amount of the Stockholders' Equity, prepared on the same basis as the Adjusted Balance Sheet (the "Final Stockholders' Equity"). If the Representatives dispute the correctness of the Final Schedule, they, acting together, shall notify Fiserv and Fiserv Clearing of the objections within five business days after delivery of the Final Schedule and shall set forth in reasonable detail in such notice the reason for the Representatives' objections. If the Representatives fail to deliver such notice within such time period, the Stockholders shall be deemed to have accepted Fiserv Clearing's calculation of the Final Stockholders' Equity. If the Representatives deliver such notice, Fiserv, Fiserv Clearing and the Representatives shall endeavor in good faith to resolve their dispute over the determination of the Final Stockholders' Equity within five business days after the receipt by Fiserv and Fiserv Clearing of such notice. If they are unable to do so within such five-business-day period, the dispute shall be submitted to an audit partner experienced in the clearing industry of an independent nationally-recognized accounting firm in the United States as shall be mutually acceptable to Fiserv and Fiserv Clearing, on the one hand, and the Representatives (an "Independent Accounting Firm") who shall act as an expert and not as an arbitrator, and who shall resolve the dispute within 10 days of the submission of such dispute. The decision of the Independent Accounting Firm as to the Final Stockholders' Equity shall be final and binding upon Fiserv, Fiserv Clearing and the Stockholders. The expense of the Independent Accounting Firm shall be borne in proportion to the difference between the final determined amount of the Independent Accounting Firm and such amounts proposed by Fiserv and Fiserv Clearing, on the one hand, and the Representatives acting for the Stockholders on the other hand. The Representatives and Fiserv and Fiserv Clearing shall cooperate with the other party in the determination of the Final Stockholders' Equity, including without limitation, allowing the Representatives access after the Effective Date to the books and records of the Company and to the accounting and other representatives and advisors of the Company and its books and records for the purposes of making such determination. Within three business days following final determination of the Final Stockholders' Equity, as appropriate, Fiserv shall issue shares of Fiserv Common Stock and pay the remaining amounts of cash payable to the Stockholders hereunder in accordance with previously received instructions of the Stockholders or the Stockholders shall pay such amounts to Fiserv and return such number of shares of Fiserv Common Stock (with accompanying stock powers).

SECTION 3.02 Surrender and Payments. On and after the Effective

Date, each Stockholder which is not a Dissenting Stockholder (as hereinafter defined) will be entitled, upon the surrender of such Stockholder's certificates representing shares of stock of the Company that

Collectively, the Pension Plans and Welfare Plans are hereinafter referred to as the "Employee Plans". Except as otherwise identified on the Disclosure Schedule (A) no Employee Plan is maintained, administered or contributed to by any entity other than the Company, and (B) no Employee Plan is maintained under any trust arrangement which covers any employee benefit arrangement which is not an Employee Plan.

(ii) The Company has delivered or has caused to be delivered to Fiserv true and complete copies of (A) the Employee Plans (including related trust agreements, custodial agreements, insurance contracts, investment contracts and other funding arrangements, if any, and adoption agreements, if any), (B) any amendments to Employee

Plans, if any, (C) written interpretations of the Employee Plans, (D) material employee written communications by the plan administrator of any Employee Plan (including, but not limited to, summary plan descriptions and summaries of material modifications, as defined under ERISA), (E) the three most recent annual reports (e.g., the complete Form 5500 series) prepared in connection with each Employee Plan (if any such report was required), including all attachments (including without limitation the audited financial statements, if any) and (F) the three most recent actuarial valuation reports prepared in connection with each Employee Plan (if any such report was required).

(iii) There has been no amendment to, written interpretation or announcement (whether or not written) by the Company relating to, or change in employee participation or coverage under any Employee Plan that would increase materially the expense of maintaining such Employee Plan above the level of expense incurred in respect of such Employee Plan for the most recent plan year with respect to Employee Plans. The execution of this Agreement and the consummation of the transactions contemplated hereby do not and will not constitute an event under any Employee Plan, which either alone or upon the occurrence of a subsequent event will or may result in any payment, acceleration, vesting or increase in benefits to any employee, former employee or director of the Company.

A-24

(iv) Each Employee Plan has been maintained in substantial compliance with its terms and the requirements prescribed by any and all statutes, orders, rules and regulations, including but not limited to, ERISA and the Code, which are applicable to such Employee Plan.

(v) To the Company's knowledge, each Pension Plan is "qualified" within the meaning of Section 401(a) of the Code, and has been qualified during the period from the date of its adoption to the date of this Agreement, and each trust created thereunder is tax-exempt under Section 501(a) of the Code. The Company has delivered or caused to be delivered to Fiserv the latest determination letters of the Internal Revenue Service relating to each Pension Plan. To the Company's knowledge, such determination letters have not been revoked. Furthermore, there are no pending proceedings or, to the knowledge of the Company, threatened proceedings in which the "qualified" status of any Pension Plan is at issue and in which revocation of the determination letter has been threatened. To the Company's knowledge each such Pension Plan has not been amended or operated, since the receipt of the most recent determination letter, in a manner that would adversely affect the "qualified" status of the Plan. To the Company's knowledge, no distributions have been made from any of the Pension Plans that would violate in any respect the restrictions under Treas. Reg. Section 1.401(a)(4)-5(b), and none will have been made by the Effective Date.

(vi) There are no pending or, to the knowledge of the Company, threatened (A) claims, suits or other proceedings by any employees, former employees or plan participants or the beneficiaries, spouses or representatives of any of them, other than ordinary and usual claims for benefits by participants or beneficiaries, or (B) suits, investigations or other proceedings by any federal, state, local or other governmental agency or authority, of or against any Employee Plan, the assets held thereunder, the trustee of any such assets or the Company relating to any of the Employee Plans. If any of the actions described in this subsection are initiated prior to the Effective Date, the Company shall notify Fiserv of such action prior to the Effective Date.

(vii) To the Company's knowledge, neither the Company nor any Subsidiary has engaged (A) in any transaction or acted or failed to act in a manner that violates the fiduciary requirements of Section 404 of ERISA, or (B) in any "prohibited transaction" within the meaning of Section 406(a) or 406(b) of ERISA, or of Section 4975(c) of the Code, with respect to any Employee Plans, and will not so engage, act or fail to act prior to the Effective Date. Furthermore, to the knowledge of the Company, no other "party in interest," as defined in Section

A-25

3(14) of ERISA, or "disqualified person," as defined in Section 4975(e)(2) of the Code, has engaged in any such "prohibited transaction".

(viii) To the Company's knowledge, no liability has been incurred by the Company or by a trade or business, whether or not incorporated, which is deemed to be under common control or affiliated with the Company within the meaning of Section 4001 of ERISA or Section 414(b), (c), (m) or (o) of the Code (an "ERISA Affiliate") for

any tax, penalty or other liability with respect to any Employee Plan and, to the knowledge of the Company, such Plans do not expect to incur any such liability prior to the Effective Date.

(ix) The Company has made all required contributions under each Pension Plan on a timely basis or, if not yet due, adequate accruals therefor have been provided for in the financial statements. No Pension Plan has incurred any "accumulated funding deficiency" within the meaning of Section 302 of ERISA or Section 412 of the Code and no Pension Plan has applied for or received a waiver of the minimum funding standards imposed by Section 412 of the Code.

(x) Except for required premium payments, no liability to the Pension Benefit Guaranty Corporation (the "PBGC") has been incurred by the Company with respect to any Pension Plan that has not been satisfied in full, and no event has occurred and, to the Company's knowledge, there exists no condition or set of circumstances that could result in the imposition of any such liability. The Company has complied, or will comply, with all requirements for premium payments, including any interest and penalty charges for late payment, due to PBGC on or before the Effective Date with respect to each Pension Plan for which any premiums are required. No proceedings to terminate, pursuant to Section 4042 of ERISA, have been instituted or, to the knowledge of the Company, are threatened by the PBGC with respect to any Pension Plan (or any Pension Plan maintained by an ERISA Affiliate). There has been no termination or partial termination, as defined in Section 411(d) of the Code and the regulations thereunder, of any Pension Plan. No reportable event, within the meaning of Section 4043 of ERISA, has occurred with respect to any Pension Plan.

(xi) As of the date of this Agreement, with respect to each Pension Plan which is covered by Title IV of ERISA and which is not a multiemployer plan, the current value of the accumulated benefit obligations (based on the actuarial assumptions that would be utilized upon termination of such Pension Plan) do not exceed the current fair value of the assets of such Pension Plan. Except as listed in the Disclosure Schedule, there has been (A) no material adverse change in the

A-26

financial condition of any such Pension Plan, (B) no change in actuarial assumptions with respect to any such Pension Plan and (C) no increase in benefits under any such Pension Plan as a result of plan amendment, written interpretations, announcements, change in applicable law or otherwise which, individually or in the aggregate, would result in the value of any such Pension Plan's accrued benefits exceeding the current value of such Pension Plan's assets.

(xii) Neither the Company nor any ERISA Affiliate has ever maintained, adopted or established, contributed or been required to contribute to, or otherwise participated or been required to participate in, nor will they become obligated to do so through the Effective Time, any "multiemployer plan" (as defined in Section 3(37) of ERISA). No amount is due from, or owed by, the Company or any ERISA Affiliate on account of a "multiemployer plan" (as defined in Section 3(37) of ERISA) or on account of any withdrawal therefrom.

(xiii) To the Company's knowledge, no Employee Plan provides benefits, including without limitation, any severance or other post-employment benefit, salary continuation, termination, death, disability, or health or medical benefits (whether or not insured), life insurance or similar benefit with respect to current or former employees (or their spouses or dependents) of the Company beyond their retirement or other termination of service other than (A) coverage mandated by applicable law, (B) death, disability or retirement benefits under any Pension Plan, (C) deferred compensation benefits accrued as liabilities on the financial statements of the Company or (D) benefits, the full cost of which is borne by the current or former employee (or his or her beneficiary).

(xiv) To the Company's knowledge, the Company has complied with, and satisfied, the requirements of Part 6 of Subtitle B of Title I of ERISA and Section 4980(B) of the Code, and all regulations thereunder ("COBRA") with respect to each Employee Plan that is subject to the requirements of COBRA. To the Company's knowledge, the Company and each Subsidiary has timely and properly withheld or collected, paid over and reported all Taxes required to be withheld or collected by the Company or any Subsidiary on or before the Effective Date. (b) From the date of this Agreement through the Effective Date, except as otherwise contemplated by this Agreement, the Company will, and will cause each of the Subsidiaries, not to (i) pay any dividends or make any other distribution on its stock or purchase or otherwise acquire capital stock of any Subsidiary, (ii) acquire or dispose of any substantial assets, or acquire any assets which would make completion of the Merger impossible or a violation of applicable laws, rules or regulations, or (iii) enter into any other material transaction or incur any material obligation that is not in the ordinary course of business or is not consistent with past practice.

SECTION 6.02 Access to Information by Fiserv and Fiserv Clearing.

Fiserv and Fiserv Clearing may prior to the Effective Date have access to the business and properties of the Company and Clearing and information concerning their respective financial and legal condition, as Fiserv and Fiserv Clearing deem necessary or advisable in connection with the consummation of the transactions contemplated by this Agreement, provided that such access will be during normal business hours and will not interfere with normal operations of the Company or any Subsidiary. If Fiserv has discovered or discovers, prior to the Closing, a fact, circumstance or condition and Fiserv has actual knowledge that such fact, circumstance or condition constitutes a breach of a representation and warranty by the Company, then Fiserv will promptly provide notice to the Company describing in general terms the fact, circumstance or condition and, if the Closing occurs, then the existence of such fact, circumstance or condition will not form the basis for any liability by reason of the breach of such representation and warranty.

A-35

SECTION 6.03 Consents and Authorizations. As soon as practicable,

each of the parties to this Agreement will commence to take all reasonable action to obtain all authorizations, consents, orders and approvals of all third parties and of all federal, state and local regulatory bodies and officials which may be or become necessary for its execution and delivery of, and the

performance of its obligations pursuant to, this Agreement and will cooperate fully with the other parties in promptly seeking to obtain all such authorizations, consents, orders and approvals. In addition, after the Effective Date, the Stockholders will cooperate with the Company, Clearing and Fiserv in the preparation of any audited financial statements of the Company or Clearing required for filing by Fiserv with the SEC under the Securities Exchange Act of 1934, as amended, or otherwise.

SECTION 6.04 Non-Assignable Licenses, Leases and Contracts. The

Company will use its commercially reasonable efforts to obtain and deliver to Fiserv or Fiserv Clearing at or prior to the Effective Date such consents or waivers as are required in order that any contract listed on the Disclosure Schedule which would be breached or violated, or would give any other party the right to cancel the same, as a result of the occurrence of the Merger under this Agreement, will not be so breached or violated or result in such right of cancellation. The Company will use its commercially reasonable efforts to obtain and deliver to Fiserv or Fiserv Clearing at or prior to the Effective Date such consents or waivers as will be reasonably requested by Fiserv or Fiserv Clearing for any contracts not required to be listed on the Disclosure Schedule which, as a result of the occurrence of the Merger under this Agreement, would be breached or violated or would give any other party the right to cancel the same, in order that such contracts will not be so breached or violated or result in such right of cancellation.

SECTION 6.05 Employee Matters. It is intended that the employees of

Clearing will remain employees of Clearing following the Merger, and such employment will be employment at will or in accordance with contracts in effect at the Effective Date. Thereafter, for so long as they are employed by Clearing, they will be paid, depending on their duties and responsibilities, in accordance with the compensation policies of Fiserv with respect to its employees generally. SECTION 6.06 Tax Returns. The Company will file and the Company will

cause each Subsidiary to file, on a timely basis, all Tax Returns required to be filed by the Company or any Subsidiary with respect to any period ending on or prior to the Effective Date and to timely pay all Taxes required to be paid. Such Tax Returns will be prepared on a basis consistent with prior Tax Returns filed by them and will not make, amend or terminate any election by the

A-36

Company or any Subsidiary without Fiserv's prior written consent. The Company will give Fiserv a copy of each such Tax Return for its review with sufficient time for comments prior to filing.

SECTION 6.07 Notifications of Exceptions. The Company will notify

Fiserv and Fiserv Clearing, within two business days after the Company or any Stockholder has become aware of such matters (and in any event prior to the Effective Date), concerning any exception to any of the representations and warranties set forth in Section 5.01, to the extent any such exception arises, or the Company otherwise becomes aware of such exception, from the date of this Agreement through the Effective Date. Such notice will include a description in reasonable detail of the facts and circumstances that cause there to be an exception to such representations and warranties.

SECTION 6.08 Change of Name. Promptly after the Effective Date,

Fiserv will cause the business and legal name of Clearing and any associated trademarks to be changed to maintain a distinction from the names of Investments and Hanifen, Imhoff.

SECTION 6.09 Continuing Indemnity. Fiserv and Fiserv Clearing each

agree that after the Effective Date it will not alter the rights of any person who has a right to indemnification (the "Indemnitees") from the Company or Clearing pursuant to the Articles of Incorporation and/or Bylaws of the Company or Clearing, as applicable, in effect on the date of this Agreement. In addition, Fiserv and Fiserv Clearing shall be bound by all determinations made by the Board of Directors of both the Company and Clearing prior to the Closing (including, but not limited to, determinations of whether officers and/or directors acted in good faith); subject, however, to the terms and provisions of the Articles of Incorporation and/or By-laws of the Company or Clearing regarding indemnification. Fiserv Clearing shall assume the obligations of the Company to provide indemnification to the Indemnitees of the Company as if such persons were directors of Fiserv Clearing. Fiserv and Fiserv Clearing each

covenant that they will not take or permit any action that would impair in any material respect the ability or obligation of Fiserv and Fiserv Clearing to comply with this Section 6.09. (d) Any combination of the foregoing described shares or cash in lieu of fractional shares.

(2) Deleted by Laws 1996, H.B.96-1285, s 30, eff. June 1, 1996.

(2.5) A shareholder, whether or not entitled to vote, is entitled to dissent and obtain payment of the fair value of the shareholder's shares in the event of a reverse split that reduces the number of shares owned by the shareholder to a fraction of a share or to scrip if the fractional share or scrip so created is to be acquired for cash or the scrip is to be voided under section 7-106-104.

(3) A shareholder is entitled to dissent and obtain payment of the fair value of the shareholder's shares in the event of any corporate action to the extent provided by the bylaws or a resolution of the board of directors.

(4) A shareholder entitled to dissent and obtain payment for the shareholder's shares under this article may not challenge the corporate action creating such entitlement unless the action is unlawful or fraudulent with respect to the shareholder or the corporation.

(S) 7-113-103. DISSENT BY NOMINEES AND BENEFICIAL OWNERS

(1) A record shareholder may assert dissenters' rights as to fewer than all the shares registered in the record shareholder's name only if the record shareholder dissents with respect to all shares beneficially owned by any one person and causes the corporation to receive written notice which states such dissent and the name, address, and federal taxpayer

B-3

identification number, if any, of each person on whose behalf the record shareholder asserts dissenters' rights. The rights of a record shareholder under this subsection (1) are determined as if the shares as to which the record shareholder dissents and the other shares of the record shareholder were registered in the names of different shareholders.

(2) A beneficial shareholder may assert dissenters' rights as to the shares held on the beneficial shareholder's behalf only if:

(a) The beneficial shareholder causes the corporation to receive the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights; and

(b) The beneficial shareholder dissents with respect to all shares beneficially owned by the beneficial shareholder.

(3) The corporation may require that, when a record shareholder dissents with respect to the shares held by any one or more beneficial shareholders, each such beneficial shareholder must certify to the corporation that the beneficial shareholder and the record shareholder or record shareholders of all shares owned beneficially by the beneficial shareholder have asserted, or will timely assert, dissenters' rights as to all such shares as to which there is no limitation on the ability to exercise dissenters' rights. Any such requirement shall be stated in the dissenters' notice given pursuant to section 7-113-203.

(S) 7-113-201. NOTICE OF DISSENTERS' RIGHTS

(1) If a proposed corporate action creating dissenters' rights under section 7-113-102 is submitted to a vote at a shareholders' meeting, the notice of the meeting shall be given to all shareholders, whether or not entitled to vote. The notice shall state that shareholders are or may be entitled to assert dissenters' rights under this article and shall be accompanied by a copy of this article and the materials, if any, that, under articles 101 to 117 of this title, are required to be given to shareholders entitled to vote on the proposed action at the meeting. Failure to give notice as provided by this subsection (1) shall not affect any action taken at the shareholders' meeting for which the notice was to have been given, but any shareholder who was entitled to dissent but who was not given such notice shall not be precluded from demanding payment for the shareholder's shares under this article by reason of the shareholder's failure to comply with the provisions of section 7-113-202(1).

(2) If a proposed corporate action creating dissenters' rights under section 7-113-102 is authorized without a meeting of shareholders pursuant to section 7-107-104, any written or oral solicitation of a shareholder to execute a writing consenting to such action contemplated in

B-4

section 7-107-104 shall be accompanied or preceded by a written notice stating that shareholders are or may be entitled to assert dissenters' rights under this article, by a copy of this article, and by the materials, if any, that, under articles 101 to 117 of this title, would have been required to be given to shareholders entitled to vote on the proposed action if the proposed action were submitted to a vote at a shareholders' meeting. Failure to give notice as provided by this subsection (2) shall not affect any action taken pursuant to section 7-107-104 for which the notice was to have been given, but any shareholder who was entitled to dissent but who was not given such notice shall not be precluded from demanding payment for the shareholder's shares under this article by reason of the shareholder's failure to comply with the provisions of section 7-113-202(2).

(S) 7-113-202. NOTICE OF INTENT TO DEMAND PAYMENT

(1) If a proposed corporate action creating dissenters' rights under section 7-113-102 is submitted to a vote at a shareholders' meeting and if notice of dissenters' rights has been given to such shareholder in connection with the action pursuant to section 7-113-201(1), a shareholder who wishes to assert dissenters' rights shall:

(a) Cause the corporation to receive, before the vote is taken, written notice of the shareholder's intention to demand payment for the shareholder's shares if the proposed corporate action is effectuated; and

(b) Not vote the shares in favor of the proposed corporate action.

(2) If a proposed corporate action creating dissenters' rights under section 7-113-102 is authorized without a meeting of shareholders pursuant to section 7-107-104 and if notice of dissenters' rights has been given to such shareholder in connection with the action pursuant to section 7-113-201(2) a shareholder who wishes to assert dissenters' rights shall not execute a writing consenting to the proposed corporate action.

(3) A shareholder who does not satisfy the requirements of subsection (1) or (2) of this section is not entitled to demand payment for the shareholder's shares under this article.

(S) 7-113-203. DISSENTERS' NOTICE

(1) If a proposed corporate action creating dissenters' rights under section 7-113-102 is authorized, the corporation shall give a written dissenters' notice to all shareholders who are entitled to demand payment for their shares under this article.

B-5

(2) The dissenters' notice required by subsection (1) of this section shall be given no later than ten days after the effective date of the corporate action creating dissenters' rights under section 7-113-102 and shall:

(a) State that the corporate action was authorized and state the effective date or proposed effective date of the corporate action;

(b) State an address at which the corporation will receive payment demands and the address of a place where certificates for certificated shares must be deposited;

(c) Inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received;

(d) Supply a form for demanding payment, which form shall request a dissenter to state an address to which payment is to be made;

(e) Set the date by which the corporation must receive the payment demand and certificates for certificated shares, which date shall not be less than thirty days after the date the notice required by subsection (1) of this section is given;

(f) State the requirement contemplated in section 7-113-103(3), if such requirement is imposed; and

(g) Be accompanied by a copy of this article.

(S) 7-113-204. PROCEDURE TO DEMAND PAYMENT

(1) A shareholder who is given a dissenters' notice pursuant to section 7-113-203 and who wishes to assert dissenters' rights shall, in accordance with the terms of the dissenters' notice:

(a) Cause the corporation to receive a payment demand, which may be the payment demand form contemplated in section 7-113-203(2) (d), duly completed, or may be stated in another writing; and

(b) Deposit the shareholder's certificates for certificated shares.

(2) A shareholder who demands payment in accordance with subsection (1) of this section retains all rights of a shareholder, except the right to transfer the shares, until the effective date of the proposed corporate action giving rise to the shareholder's exercise of

B-6

dissenters' rights and has only the right to receive payment for the shares after the effective date of such corporate action.

(3) Except as provided in section 7-113-207 or 7-113-209(1) (b), the demand for payment and deposit of certificates are irrevocable.

(4) A shareholder who does not demand payment and deposit the shareholder's share certificates as required by the date or dates set in the dissenters' notice is not entitled to payment for the shares under this article.

(S) 7-113-205. UNCERTIFICATED SHARES

(1) Upon receipt of a demand for payment under section 7-113-204 from a shareholder holding uncertificated shares, and in lieu of the deposit of certificates representing the shares, the corporation may restrict the transfer thereof.

(2) In all other respects, the provisions of section 7-113-204 shall be applicable to shareholders who own uncertificated shares.

(S) 7-113-206. PAYMENT

(1) Except as provided in section 7-113-208, upon the effective date of the corporate action creating dissenters' rights under section 7-113-102 or upon receipt of a payment demand pursuant to section 7-113-204, whichever is later, the corporation shall pay each dissenter who complied with section 7-113-204, at the address stated in the payment demand, or if no such address is stated in the payment demand, at the address shown on the corporation's current record of shareholders for the record shareholder holding the dissenter's shares, the

amount the corporation estimates to be the fair value of the dissenter's shares, plus accrued interest.

(2) The payment made pursuant to subsection (1) of this section shall be accompanied by:

(a) The corporation's balance sheet as of the end of its most recent fiscal year or, if that is not available, the corporation's balance sheet as of the end of a fiscal year ending not more than sixteen months before the date of payment, an income statement for that year, and, if the corporation customarily provides such statements to shareholders, a statement of changes in shareholders' equity for that year and a statement of cash flow for that year, which balance sheet and statements shall have been audited if the corporation customarily provides audited financial statements to shareholders, as well as the latest available financial statements, if any, for the interim or full-year period, which financial statements need not be audited;

B-7

(b) A statement of the corporation's estimate of the fair value of the shares;

(c) An explanation of how the interest was calculated;

(d) A statement of the dissenter's right to demand payment under section 7-113-209; and

(e) A copy of this article.

(S) 7-113-207. FAILURE TO TAKE ACTION

(1) If the effective date of the corporate action creating dissenters' rights under section 7-113-102 does not occur within sixty days after the date set by the corporation by which the corporation must receive the payment demand as provided in section 7-113-203, the corporation shall return the deposited certificates and release the transfer restrictions imposed on uncertificated shares.

(2) If the effective date of the corporate action creating dissenters' rights under section 7-113-102 occurs more than sixty days after the date set by the corporation by which the corporation must receive the payment demand as provided in section 7-113-203, then the corporation shall send a new dissenters' notice, as provided in section 7-113-203, and the provisions of sections 7-113-204 to 7-113-209 shall again be applicable.

(S) 7-113-208. SPECIAL PROVISIONS RELATING TO SHARES ACQUIRED AFTER ANNOUNCEMENT OF PROPOSED CORPORATE ACTION

(1) The corporation may, in or with the dissenters' notice given pursuant to section 7-113-203, state the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action creating dissenters' rights under section 7-113-102 and state that the dissenter shall certify in writing, in or with the dissenter's payment demand under section 7-113-204, whether or not the dissenter (or the person on whose behalf dissenters' rights are asserted) acquired beneficial ownership of the shares before that date. With respect to any dissenter who does not so certify in writing, in or with the payment demand, that the dissenter or the person on whose behalf the dissenter asserts dissenters' rights acquired beneficial ownership of the shares before such date, the corporation may, in lieu of making the payment provided in section 7-113-206, offer to make such payment if the dissenter agrees to accept it in full satisfaction of the demand.

(2) An offer to make payment under subsection (1) of this section shall include or be accompanied by the information required by section 7-113-206(2).

B-8

(S) 7-113-209. PROCEDURE IF DISSETER IS DISSATISFIED WITH PAYMENT OR OFFER

(1) A dissenter may give notice to the corporation in writing of the dissenter's estimate of the fair value of the dissenter's shares and of the amount of interest due and may demand payment of such estimate, less any payment made under section 7-113-206, or reject the corporation's offer under section 7-113-208 and demand payment of the fair value of the shares and interest due, if:

(a) The dissenter believes that the amount paid under section 7-113-206 or offered under section 7-113-208 is less than the fair value of the shares or that the interest due was incorrectly calculated;

(b) The corporation fails to make payment under section 7-113-206 within sixty days after the date set by the corporation by which the corporation must receive the payment demand; or

(c) The corporation does not return the deposited certificates or release the transfer restrictions imposed on uncertificated shares as required by

section 7-113-207(1).

(2) A dissenter waives the right to demand payment under this section unless the dissenter causes the corporation to receive the notice required by subsection (1) of this section within thirty days after the corporation made or offered payment for the dissenter's shares.

(S) 7-113-301. COURT ACTION

(1) If a demand for payment under section 7-113-209 remains unresolved, the corporation may, within sixty days after receiving the payment demand, commence a proceeding and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the sixty-day period, it shall pay to each dissenter whose demand remains unresolved the amount demanded.

(2) The corporation shall commence the proceeding described in subsection (1) of this section in the district court of the county in this state where the corporation's principal office is located or, if the corporation has no principal office in this state, in the district court of the county in which its registered office is located. If the corporation is a foreign corporation without a registered office, it shall commence the proceeding in the county where the registered office of the domestic corporation merged into, or whose shares were acquired by, the foreign corporation was located.

B-9

(3) The corporation shall make all dissenters, whether or not residents of this state, whose demands remain unresolved parties to the proceeding commenced under subsection (2) of this section as in an action against their shares, and all parties shall be served with a copy of the petition. Service on each dissenter shall be by registered or certified mail, to the address stated in such dissenter's payment demand, or if no such address is stated in the payment demand, at the address shown on the corporation's current record of shareholders for the record shareholder holding the dissenter's shares, or as provided by law.

(4) The jurisdiction of the court in which the proceeding is commenced under subsection (2) of this section is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers have the powers described in the order appointing them, or in any amendment to such order. The parties to the proceeding are entitled to the same discovery rights as parties in other civil proceedings.

(5) Each dissenter made a party to the proceeding commenced under subsection (2) of this section is entitled to judgment for the amount, if any, by which the court finds the fair value of the dissenter's shares, plus interest, exceeds the amount paid by the corporation, or for the fair value, plus interest, of the dissenter's shares for which the corporation elected to withhold payment under section 7-113-208.

(S) 7-113-302. COURT COSTS AND COUNSEL FEES

(1) The court in an appraisal proceeding commenced under section 7-113-301 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation; except that the court may assess costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment under section 7-113-209.

(2) The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

(a) Against the corporation and in favor of any dissenters if the court finds the corporation did not substantially comply with the requirements of part 2 of this article; or

(b) Against either the corporation or one or more dissenters, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this article.

B-10

(3) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to said counsel reasonable fees to be paid out of the amounts awarded to the dissenters who were benefitted.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

UNAUDITED WITH RESPECT TO INFORMATION AS OF JUNE 27, 1997 AND THE NINE MONTHS ENDED JUNE 28, 1996, AND JUNE 27, 1997

NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

Hanifen, Imhoff Holdings, Inc. ("Holdings") was formed on August 10, 1994, and was inactive until October 1, 1994. Through a reorganization as of that date, Holdings became the parent company and sole stockholder of Hanifen, Imhoff Inc. ("HII"), Hanifen, Imhoff Clearing Corp. ("Clearing") and Hanifen, Imhoff Investments, Inc. ("Investments"). Investments is the parent company of two wholly-owned subsidiaries, Hanifen, Imhoff Capital Partners, Inc. ("Capital Partners") and Hanifen, Imhoff Investment Management Co. ("Management"). Prior to the reorganization, HII was the parent company of Clearing and Investments.

Holdings, through its subsidiaries (collectively referred to as the "Company"), offers a full spectrum of investment and brokerage services to corporations, institutions, municipalities, individuals, and other broker-dealers. The operations of HII, a New York Stock Exchange, Inc. member, consist of corporate and municipal finance, trading, institutional sales, and investment advisor for the Colorado Local Government Liquid Asset Trust (the "Trust"). Clearing, a New York Stock Exchange, Inc. electronic access member, serves as a clearing broker for customers of correspondent broker-dealers, including HII. A subsidiary of Capital Partners is the general partner of Hanifen, Imhoff Mezzanine Fund, L.P. ("Mezzanine"). Mezzanine is a small business investment company funded through investments by corporations and individuals and through the Small Business Administration's SBIC program. Management serves as the management company for Mezzanine.

PRINCIPLES OF CONSOLIDATION

The consolidated statements of financial condition include the accounts of Holdings and its aforementioned wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

UNAUDITED WITH RESPECT TO INFORMATION AS OF JUNE 27, 1997 AND THE NINE MONTHS ENDED JUNE 28, 1996, AND JUNE 27, 1997

NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)

REVENUE RECOGNITION AND TRADE DATE BASIS SECURITIES TRANSACTIONS

- - - - -

Customers' securities transactions are recorded on a settlement-date basis with related commission revenue and expense recorded on a trade-date basis. Securities transactions of the Company are recorded on a trade-date basis. Receivables or payables for trade-date basis securities transactions represent net amounts due to or due from customers and other broker-dealers for transactions executed but not yet settled. Securities owned and securities sold, but not yet purchased are valued at market.

SECURITIES BORROWED

- - - - -

Securities borrowed are recorded at the amount of cash collateral advanced. The Company monitors the market value of securities borrowed with collateral refunded when necessary.

USE OF ESTIMATES

- - - - -

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

EXCHANGE MEMBERSHIPS

- - - - -

Exchange memberships are carried at cost. The market value of exchange memberships at September 29, 1995, September 27, 1996, and June 27, 1997 (unaudited), based on the average of bid and ask prices, was approximately \$947,250, \$1,342,800 and \$1,226,000, respectively.

PROPERTY AND EQUIPMENT

- - - - -

The Company provides for depreciation and amortization of furniture, equipment and leasehold improvements utilizing the straight-line and accelerated methods to apportion costs over the estimated useful lives of three to ten years.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

UNAUDITED WITH RESPECT TO INFORMATION AS OF JUNE 27, 1997 AND THE NINE MONTHS ENDED JUNE 28, 1996, AND JUNE 27, 1997

NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)

INCOME TAXES

- - - - -

Deferred tax liabilities and assets are recognized for the tax effect of differences between the financial statements and tax bases of assets and liabilities. A valuation allowance is established to reduce deferred tax assets if it is more likely than not that a deferred tax asset will not be realized.

CASH EQUIVALENTS
 - - - - -

For purposes of the statement of cash flows, the Company has defined cash equivalents as short-term, highly liquid investments (other than those held for sale in the ordinary course of business) with a maturity date of 90 days or less from date of acquisition. Cash and securities segregated under Federal and other regulations are not considered as a cash equivalent for purposes of the statement of cash flows because such assets would be segregated for the benefit of customers only. At September 29, 1995, September 27, 1996, and June 27, 1997, no amounts were required to be segregated pursuant to Federal and other regulations.

NET INCOME PER SHARE OF COMMON STOCK
 - - - - -

Net income per share of common stock is based on the weighted average shares outstanding in each period, adjusted for the stock split which occurred in 1995. Common stock equivalents relating to common shares subject to stock options have been excluded, as the effect would be insignificant. Accordingly, primary and fully-diluted net income per share is the same for each period presented.

NOTE 2: CUSTOMERS' RECEIVABLES AND PAYABLES

The amounts receivable from and payable to customers represent balances resulting from normal cash and margin account transactions. Securities owned by customers and held by the Company as collateral for these customer accounts are not reflected in the consolidated financial statements.

NOTE 5: TRANSACTIONS WITH AFFILIATES

As of September 27, 1996, and June 27, 1997, HII has two unused revolving cash subordination agreements in the amount of \$1,000,000 each, one with Holdings and one with Clearing. Borrowings by HII and Clearing, if any, are covered by an agreement approved by the NYSE and thus would be available in computing net capital of HII and Clearing. To the extent that any borrowings are required for HII and Clearing's continued compliance with net capital requirements the borrowings could not be repaid.

NOTE 6: INCOME TAXES

June 28, 1996 (unaudited)	\$ 435,000
June 27, 1997 (unaudited)	\$ 300,000

MINIMUM NET CAPITAL REQUIREMENT

Holdings' subsidiaries, HII and Clearing, are subject to the NYSE and Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital as defined by the Rule. The net capital rule also provides that equity capital may not be withdrawn or dividends paid if the resulting net capital would be less than the minimum net capital required. NOTE 9: COMMITMENTS (continued)

Escalating rent payments are accounted for under a straight-line method in accordance with generally accepted accounting principles.

The Company has letters of credit issued by a financial institution to clearing organizations. At September 27, 1996 and September 29, 1995, the letters of credit, in the amount of \$4,750,000 and \$3,700,000, respectively, were collateralized by marketable securities held as collateral for customer margin accounts (\$6,000,000 as of June 27, 1997 (unaudited)). No amounts have been drawn against the letters of credit.

NOTE 10: CONTINGENCIES

There are a number of lawsuits and claims pending against the Company some of which involve claims for unspecified and potentially substantial amounts. Although the ultimate outcome of these matters cannot be ascertained at this time and additional liabilities may or may not result from these actions, it is the opinion of management that the resolution of these lawsuits and claims will not have a material adverse effect on the financial condition of the Company.

NOTE 11: FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK

In the normal course of business, the Company's customer and correspondent clearing activities involve the execution, settlement, and financing of customers' securities transactions. These activities may result in off-balance-sheet-credit risk in the event the customer is unable to fulfill its contracted obligations. Customer securities transactions are transacted on either a cash or margin basis and, in the case of the latter, credit is extended to customers subject to various regulatory and internal rules concerning the maintenance of adequate collateral by the customer. In connection with these activities, the Company executes and clears customer transactions involving the sale of securities not yet purchased. These transactions may expose the Company to off-balance-sheet risk in the event margin requirements are not sufficient to fully cover losses which customers may incur. Should the customer be unable to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the customers' obligations. Customers' securities transactions are recorded on a settlement date basis (generally the third business day after the date a transaction is executed) in accordance with industry practice. The risk of loss associated with transactions executed but not yet settled is similar to settled transactions in that it relates to customers' and brokers' inability to meet the terms of their contracts.

The Company seeks to control this risk by monitoring collateral value on a daily basis and requiring additional collateral or the reduction of securities positions when necessary, and establishing credit limits. Additionally, the risk of loss is mitigated through agreements with correspondent brokers wherein any such losses related to their customers are absorbed by the correspondent broker.

Borrowings occur periodically wherein customer securities held as collateral for their margin account balances are pledged as collateral for such borrowings. Should the bank be unable to return the customers' securities when required, the Company may be required to purchase such securities in the open market.

Included in payables to brokers and dealers, and clearing organizations are amounts due upon the receipt of securities. Should the broker or clearing organization fail to deliver the securities to the Company, the Company may be required to purchase identical securities on the open market at prices different from contract value. The Company monitors the credit standing of each broker and clearing organization with which it conducts business and requires deposits and additional collateral when necessary.

NOTE 11: FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK (continued)

A substantial majority of the state and municipal securities owned consist of obligations of the State of Colorado and political subdivisions thereof. Approximately 50% of corporate stocks owned are securities for which trading volume is limited.

Securities sold but not purchased are a part of the Company's normal activities as a broker and dealer in securities and are subject to off-balance-sheet market risk of loss should the Company be unable to acquire the securities for delivery to the purchaser at prices equal to or less than the current recorded amounts.

Securities borrowed are recorded at the amount of cash collateral advanced to the lender. The Company monitors the market value of securities borrowed and requests refunds of collateral when appropriate.

NOTE 12: INDUSTRY AND SEGMENT INFORMATION

Holding's major operations are in three areas as defined by the formation and operation of its subsidiaries, Clearing, HII, and Investments. In addition to operations of these three subsidiaries, Holdings operates as the holding company, provides administration services for its subsidiaries, and manages the capital assets of the group. Clearing's principal sources of revenues are derived from securities clearing services to broker-dealer firms located throughout the United States and interest charged on such broker-dealer's customers' margin account balances. HII's principal sources of revenues are derived from trading profits, corporate and municipal finance fees, commissions, and underwriting profits. Investment's principal source of revenues, through its subsidiary Management, are derived from fees earned on the management and investing of funds raised through Mezzanine.

Hanifen, Imhoff Holdings Corp. was formed on October 3, 1994, and therefore the amounts for September 30, 1994, do not include an allocation of corporate and general items. Intercompany revenues eliminated relate to the administrative fees earned by Holdings and charged to the subsidiaries in addition to the clearing revenue earned by Clearing on the services performed for HII. Effective October 3, 1994, depreciation on fixed assets were initially charged to Holdings and subsequently passed through to the subsidiary segments based on the utilization of such assets. The depreciation and capital expenditure for these fixed assets are reflected in the appropriate segment that benefits from their use, and additionally, while the asset is recorded on the books of Holdings, they are reflected in the appropriate segment in the schedule of identifiable assets. The intercompany eliminations regarding identifiable assets represent eliminations for intercompany receivables and payables and intercompany accounts between Clearing and HII relating to their relationship as Clearing agent and broker dealer. To provide a more accurate disclosure, the identifiable assets of holdings do not include its investment in the subsidiaries and therefore, the elimination for this investment is not necessary.
