Part II  Organizational Action

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action. On November 21, 2013, Fiserv, Inc. announced a two-for-one stock split of the company's common shares.

Each stockholder of record on the close of business on the record date received one additional share of common stock for each share held. The record date for the stock split was December 2, 2013 with the shares distributed on December 16, 2013.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis. The action's effect on a stockholder's basis of one common share is to allocate 50% of the basis in each share held before the stock split to that share and allocate the remaining 50% to the additional share distributed in the stock split. See the example below in #16.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates. A shareholder will multiply the basis in each share held before the stock split by 50% to determine the basis in that share after the stock split and the additional share distributed in the stock split.

Example:

Before the stock split: A stockholder holds 100 shares of Fiserv, Inc. common stock with a basis of $50 per share and $5,000 in total.

After the stock split: A stockholder holds 200 shares of Fiserv, Inc. common stock with a basis of $25 per share and $5,000 in total.
17. List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based [internal Revenue Code sections 305(a) and 307(a)]

18. Can any resulting loss be recognized? [no loss can be recognized in connection with the stock split]

19. Provide any other information necessary to implement the adjustment, such as the reportable tax year [the reportable year is the calendar year ended December 31, 2013]
